

INVESTING MADE EASY

iShares High Growth ESG ETF

Fund description

iShares High Growth ESG ETF (ASX:IGRO) provides exposure to a portfolio of ETFs that is diversified across multiple asset classes and regions.

This product is likely to be appropriate for a consumer seeking capital growth with a medium to high risk/return profile. This product is unlikely to be appropriate for a consumer with a short investment timeframe.

A globally diversified, all-in-one portfolio at your fingertips

Positioned for growth

Provides investors with a sustainably integrated growth portfolio with a 90/10 split between growth and defensive ETFs – all in a single trade.

Global diversification Diversification across global equity and fixed income markets, providing exposure to sectors which are underweight in the Aussie market.¹

Expertise

In it's first year, IGRO has outperformed the Morningstar Aggressive Target Allocation Benchmark by 3.17%.²

¹ The S&P/ASX 200 underweights Information Technology, with I.T. being the second-smallest sector. Diversification and asset allocation may not fully protect you from market risk.

² iShares High Growth ESG ETF has outperformed the Morningstar Target Aggressive Allocation Benchmark by 3.17% as of 31 August 2023, net of fees. Material differences may exist between IGRO and the Morningstar Aggressive Target Allocation Benchmark being compared, such as, investment objectives, fees and expenses, types of investments made, countries or markets covered. Past Performance does not guarantee future results.

Cost-effective: An annual management fee of just 0.22%

Diversify globally with a single fund

Building a well-diversified portfolio by investing in different asset classes is essential in today's ever changing markets. However, the fragmented nature of global capital markets can make it challenging.

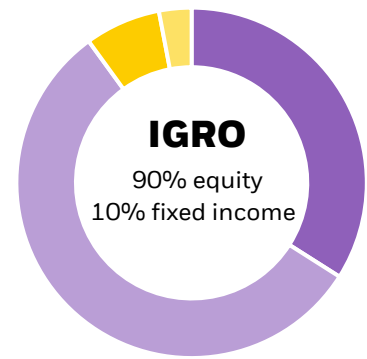

The iShares High Growth ESG ETF can do this for you in one simple fund.

A sustainable approach⁴

There is increasing awareness that material environmental, social and governance (ESG) factors can be one aspect driving a company's long-term performance. We believe the consideration of sustainability-related insights can help to identify companies that are positioned to succeed in the long term.

For the iShares High Growth ESG ETF, BlackRock considers sustainability credentials. Global Equity and International Fixed Income ETF building blocks⁵ track an index that excludes companies/corporate bond issuers involved in serious ESG controversies, or which are engaged in select activities based on revenue thresholds.
