Management Discussion of Fund Performance

BlackRock Asset Management Canada Limited (“BlackRock Canada”) is pleased to provide you with the Management Report of Fund Performance (“MRFP”) for the iShares 1-5 Year Laddered Government Bond Index ETF (the “Fund”) for the year ended December 31, 2018. You and your financial advisor can use this information along with the annual and interim financial statements of the Fund to assess the Fund’s performance and how your investment in the Fund aligns with your overall financial plan.

The Fund is an exchange-traded fund which trades on the Toronto Stock Exchange (the “Exchange”). Investors typically buy and sell units of the Fund through a brokerage account. The Fund’s Exchange ticker symbol is CLF for the common units (“Common Units”).

Effective April 6, 2018, (“The Reclassification Date”) BlackRock Canada completed a reclassification of all advisor class units of the Fund. Prior to its reclassification, the Fund also offered advisor class units (“Advisor Class Units”) with the ticker symbol CLF.A (see *Reclassification of Advisor Class Units*).

References to “net assets” or “net assets per unit” in this MRFP are references to net assets attributable to holders of redeemable units determined in accordance with the International Financial Reporting Standards (“IFRS”) as presented in the Fund’s financial statements. All references to “net asset value” or “net asset value per unit” in this MRFP are references to net asset value determined in accordance with National Instrument 81-106 – *Investment Fund Continuous Disclosure* which is used for all purposes except for the financial statements, including for Fund pricing purposes in connection with subscriptions, exchanges and redemptions.

Management Report of Fund Performance

For the year ended December 31, 2018

Investment Objective and Strategies

The investment objective of the Fund is to replicate, to the extent possible, the performance of the FTSE Canada 1-5 Year Laddered Government Bond Index (the "Index"), net of expenses. Under normal market conditions, the Fund will primarily invest in securities of one or more exchange-traded funds managed by BlackRock Canada or an affiliate and/or Canadian fixed income securities. The Index is an equally weighted benchmark index that measures potential returns of a portfolio of Canadian treasury and provincial debt securities based upon five distinct annual groupings of maturity. The Index seeks to maintain a continuous maturity laddered portfolio, meaning that securities holdings are scheduled to mature in a proportional, annual sequential pattern.

The investment strategy of the Fund is to invest in and hold the constituent securities of the Index in substantially the same proportion as they are reflected in the Index or to invest in a manner that causes the Fund to replicate the performance of the Index.

Risk

The risks of investing in the Fund are described in the prospectus. There have been no changes to the Fund over the financial period that materially affected the risk level of the Fund.

Results of Operations

The Fund's net asset value decreased from \$821.3 million at December 31, 2017 to \$699.0 million at December 31, 2018. This change in net asset value represents a decrease of \$114.9 million due to net redemptions from the Fund and a decrease of \$7.4 million due to investment operations less distributions paid.

For the year ended December 31, 2018, the Fund's Common Units returned 1.74%. For the same period, the Index returned 1.93%. The main reasons for the difference in performance of -0.19% between the Fund's Common Units and the Index were management fees (-0.15%) and other miscellaneous factors (-0.04%).

For the period from January 1, 2018 to April 6, 2018, the Fund's Advisor Class Units returned -0.08%. For the same period, the Index returned 0.11%. The main reasons for the difference in performance of -0.19% between the Fund's Advisor Class Units and the Index were management fees (-0.04%), service fees (-0.12%) and other miscellaneous factors (-0.03%).

The Fund has a distribution policy that requires it to distribute sufficient net income and net realized capital gains so that it will not be liable to pay income tax under Part I of the *Income Tax Act* (Canada). Amounts included in the calculation of net income and net realized capital gains of the Fund for a taxation year, that must be distributed in accordance with the distribution policy, sometimes include amounts that have not actually been received by the Fund.

The Fund may borrow cash in accordance with the restrictions in National Instrument 81-102 – *Investment Funds*, and, in accordance with the terms of exemptive relief, as a temporary measure to fund the portion of any distributions payable to unitholders that represents amounts that have not yet been received by the Fund. Pursuant to such relief, the borrowing may not be for a period longer than 45 days, and the Fund is limited to borrowing up to the amount of the distribution that is payable to, but has not yet been received, by the Fund and, in any event, not

more than 5% of the net assets of the Fund. For the year ended December 31, 2018, the Fund did not borrow any cash.

Recent Developments

Master Declaration of Trust

The Fund's master declaration of trust was amended and restated as follows:

- On April 6, 2018 to reduce the annual management fee payable on the Advisor Class Units by an amount equal to the applicable service fee component in respect of such units and facilitate the reclassification of the Advisor Class Units to Common Units, and
- On December 11, 2018, to reflect the investment objective change, fee reduction and name change for the iShares Core Growth ETF Portfolio (formerly iShares Balanced Growth CorePortfolio™ Index ETF) and the iShares Core Balanced ETF Portfolio (formerly iShares Balanced Income CorePortfolio™ Index ETF).

Director & Officer Appointments

Effective July 1, 2018, Jeffrey Berman was appointed as a director and officer of BlackRock Canada.

Effective October 30, 2018, Michelle Daly was appointed as Chief Financial Officer of BlackRock Canada.

Director & Officer Resignations

Effective March 16, 2018, Lee Wanie resigned as a director and officer of BlackRock Canada.

Effective June 30, 2018, Warren Collier resigned as a director and officer of BlackRock Canada.

Effective October 30, 2018, Saurabh Pathak resigned as Chief Financial Officer of BlackRock Canada.

Reclassification of Advisor Class Units

On the Reclassification Date, BlackRock Canada completed the reclassification of all Advisor Class Units of the Funds into the corresponding Common Units of the Fund.

Unitholders of Advisor Class Units as of the Reclassification Date received a number of whole Common Units of the Fund equal to the net asset value ("NAV") per Advisor Class Unit as of the Reclassification Date divided by the corresponding NAV per Common Unit as of the Reclassification Date (the "Reclassification Ratio"). The Reclassification Ratio of Advisor Class Units to Common Units of the Fund was 0.9927530036.

The reclassification of Advisor Class Units into whole Common Units of the Fund did not give rise to a disposition by unitholders of Advisor Class Units for tax purposes on any whole units reclassified. Any remaining fractional Advisor Class Units were redeemed for cash and such a redemption would be considered a disposition for tax purposes.

iShares 1-5 Year Laddered Government Bond Index ETF Management Report of Fund Performance

For the year ended December 31, 2018

As a result of the reclassification, holders of Advisor Class Units on the Reclassification Date are now holders of Common Units of the same Fund and the annual management fees and ticker symbols of the Advisor Class units of the Fund have changed to the annual management fees and ticker symbols of the corresponding Common Units.

Immediately following the completion of the reclassification, the Advisor Class Units were delisted from the Exchange.

Strategic Alliance with RBC Global Asset Management

On January 8, 2019, BlackRock Canada and RBC Global Asset Management Inc. (“RBC GAM”) announced that they have entered into a strategic alliance with regard to their ETF businesses in Canada whereby the ETF families offered by BlackRock Canada and RBC GAM are brought together under one brand – RBC iShares (the “Strategic Alliance”). The Strategic Alliance is a long-term contractual strategic alliance without the establishment of a joint venture entity. Under the Strategic Alliance, each of BlackRock Canada and RBC GAM provide the other party with support and certain services in relation to administration, distribution support, marketing and management of the ETFs managed by each of BlackRock Canada and RBC GAM (collectively, the “Strategic Alliance ETFs”). In connection with the provision of these mutual services, BlackRock Canada and RBC GAM provide each other with certain limited information, review and consent rights in relation to the Strategic Alliance ETFs. In addition, as consideration for these mutual services provided as part of the Strategic Alliance, BlackRock Canada and RBC GAM agree to share management fee revenue earned from the Strategic Alliance ETFs. Although BlackRock Canada and RBC GAM provide services to each other, the two firms continue to maintain separate fund management and portfolio advisory responsibilities for the Strategic Alliance ETFs for which they serve as investment fund manager or portfolio adviser. The Strategic Alliance Agreement contemplates that BlackRock Canada and RBC GAM will work together on new product development and ongoing review and rationalization of the product lineup.

Related Party Transactions

Trustee, Manager and Portfolio Advisor

BlackRock Canada, an indirect, wholly-owned subsidiary of BlackRock, Inc. (“BlackRock”), is the trustee, manager, and portfolio advisor of the Fund and is responsible for the operations of the Fund, including the management of the Fund’s investment portfolio and the valuation of the Fund’s assets. BlackRock Canada is entitled to an annual management fee for acting as trustee, manager and portfolio advisor of the Fund. In addition, BlackRock Canada is entitled to charge Advisor Class Units a service fee paid to registered dealers whose clients hold Advisor Class Units of the Fund.

The Fund is permitted to purchase, sell and hold securities of certain issuers that are directly or indirectly related to BlackRock Canada (currently including, but not limited to, BlackRock and PNC Financial Services Group, Inc.). With respect to investment in related issuers, BlackRock Canada has relied on the approval that it has received from the IRC. The approval requires BlackRock Canada to comply with its current policy and procedures regarding investments in related issuers and to report periodically to the IRC.

The Fund may execute inter-fund trades. Inter-fund trading is the buying and selling of portfolio securities between funds for which BlackRock Canada serves as trustee and manager and managed accounts to which BlackRock Canada serves as manager. With respect to inter-fund

trades, BlackRock Canada has relied on the approval that it has received from the IRC. The approval requires BlackRock Canada to comply with its current policy and procedures regarding inter-fund trading and to report periodically to the IRC.

BlackRock Canada has agreed to be responsible for the fees and expenses of the Fund except the annual management fee (which, with respect to the Advisor Class Units, includes an additional amount equal to the service fee), any expenses related to the implementation and on-going operation of an IRC under NI 81-107, brokerage expenses and commissions, income taxes, withholding taxes, any applicable harmonized sales tax ("HST"), goods and services tax ("GST"), or other sales taxes, transaction costs incurred by the custodian, extraordinary expenses, and the licensing fees relating to the Index.

Securities Lending Agents

The Fund has engaged BlackRock Institutional Trust Company, N.A. ("BTC") and BlackRock Advisors (UK) Limited ("BRAL"), affiliates of BlackRock Canada, as securities lending agents. To mitigate risks from securities lending, the Fund benefits from a borrower default indemnity provided by BlackRock, an affiliate of BlackRock Canada. BlackRock's indemnity allows for full replacement of securities lent in the event that the borrower defaults on its obligation to return the loaned securities and collateral received is insufficient to reconstitute the portfolio of loaned securities. BTC and/or BRAL bear all operational costs directly related to securities lending as well as the cost of borrower default indemnification. For the year ended December 31, 2018, the Fund earned \$92,791 from counterparties in securities lending income. BTC and BRAL are entitled to receive a portion of the total securities lending income earned from counterparties for their role as lending agents.

BlackRock Canada relies on a positive recommendation and standing instruction that it has received from the IRC with respect to the securities lending activities of the Fund, including the appointment of and payment to its affiliates as securities lending agents. The standing instruction requires BlackRock Canada to comply with its current policy and procedures regarding securities lending and to report periodically to the IRC.

Sub-Advisor

BlackRock Canada has appointed its affiliate, BTC, as the sub-advisor of the Fund. As compensation for its services as sub-advisor, BlackRock Canada pays BTC a portion of the management fees paid by the Fund to BlackRock Canada.

With respect to the appointment of and payment to its affiliate as sub-advisor for the Fund, BlackRock Canada has relied on the positive recommendation that it has received from the IRC. The recommendation requires BlackRock Canada to comply with its current policy and procedures regarding the selection of an affiliated sub-advisor and to report periodically to the IRC.

¹ This information is derived from the Fund's audited annual financial statements and is not a reconciliation of the beginning and ending net assets per unit. The net assets per unit presented in the financial statements is the same as the net asset value per unit calculated for Fund pricing purposes.

² Net assets and distributions are based on the actual number of units outstanding at the relevant time. The increase (decrease) from operations is based on the weighted average number of units outstanding over the year.

³ Rounded to less than \$0.01.

⁴ Distributions were paid in cash or automatically reinvested in additional units of the Fund, or both.

⁵ The tax characteristics of distributions are reported annually by the Fund to CDS Clearing and Depository Services Inc. ("CDS"). CDS makes this information available to brokers who provide it to unitholders through standard tax reporting.

⁶ This information is provided as at December 31 of the years shown.

⁷ Management expense ratio ("MER") is based on total fees and expenses (excluding commissions and other portfolio transaction costs) for the stated year, including the Fund's proportionate share of the MER, if any, of any underlying fund in which the Fund has invested, and is expressed as an annualized percentage of average daily net asset value during the year.

⁸ The trading expense ratio ("TER") represents total commissions and other portfolio transaction costs expressed as an annualized percentage of average daily net asset value during the stated year. Where the Fund invests in any underlying fund, the TER includes the Fund's proportionate share of the commissions of any underlying fund in which the Fund has invested.

⁹ The Fund's portfolio turnover rate indicates how actively the Fund's portfolio manager trades its portfolio investments. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The higher a fund's portfolio turnover rate in a year, the greater the trading costs payable by the fund in the year, and the greater the chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of a fund.

Management Fees

The management fees are calculated based on 0.15% per annum of the average daily net asset value of the Fund. The fees are accrued daily and are paid monthly in arrears. For the year ended December 31, 2018, the Fund accrued \$1,102,307 (excluding GST and HST in the amount of \$127,263) in management fees. These management fees were received by BlackRock Canada for managing the portfolio, maintaining portfolio systems used to manage the Fund, maintaining the www.blackrock.com/ca website, and providing all other services including marketing and promotion.

Prior to the Reclassification Date, in accordance with the Declarations of Trust of certain Funds, BlackRock Canada, in its capacity as the Fund's trustee and manager, was entitled to collect from Advisor Class Units a service fee paid to registered dealers whose clients held Advisor Class Units of the Fund. The service fee was calculated based on 0.50% per annum of the average daily net asset value of the Advisor Class Units of the Fund. The fees were accrued daily and were paid at the end of each calendar quarter. For the year ended December 31, 2018, the Fund accrued \$24,374 (excluding GST and HST in the amount of \$3,169) in service fees.

Past Performance

The following charts show past performance for each class of the Fund. The indicated rates of return (a) are the historical total returns including changes in net asset value per unit, and (b) assume reinvestment of all distributions during the period in additional units at the net asset value per unit at the time of the distribution. The reinvestment of distributions increases returns. These returns do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. These returns do not indicate how each class of the Fund will perform in the future.
