Investment Objective and Strategies

The investment objective of the Fund is to maximize current income to the extent consistent with the preservation of capital and liquidity.

The investment strategy of the Fund is to invest in high-quality, short-term (generally less than 90 days), investment grade debt securities, including treasury bills and promissory notes issued or guaranteed by Canadian governments or their agencies, bankers' acceptances and commercial paper (excluding asset-backed commercial paper) issued by Canadian chartered banks, loan companies, trust companies and corporations.

Risk

The risks of investing in the Fund are described in the prospectus. There have been no changes to the Fund over the financial period that materially affected the risk level of the Fund.

Results of Operations

The Fund's net asset value increased from \$315.0 million at December 31, 2022 to \$540.2 million at June 30, 2023. This change in net asset value represents an increase of \$225.0 million due to net subscriptions to the Fund and an increase of \$0.2 million due to investment operations less distributions paid.

For the six-month period ended June 30, 2023, the Fund returned 2.22%.

The Fund has a distribution policy that requires it to distribute sufficient net income and net realized capital gains so that it will not be liable to pay income tax under Part I of the *Income Tax Act* (Canada). Amounts included in the calculation of net income and net realized capital gains of the Fund for a taxation year, that must be distributed in accordance with the distribution policy, sometimes include amounts that have not actually been received by the Fund.

The Fund may borrow cash in accordance with the restrictions in National Instrument 81-102 – *Investment Funds*, and, in accordance with the terms of exemptive relief, as a temporary measure to fund the portion of any distributions payable to unitholders that represents amounts that have not yet been received by the Fund. Pursuant to such relief, the borrowing may not be for a period longer than 45 days, and the Fund is limited to borrowing up to the amount of the distribution that is payable to, but has not yet been received, by the Fund and, in any event, not more than 5% of the net assets of the Fund. For the six-month period ended June 30, 2023, the Fund did not borrow any cash.

Recent Developments

Master Declaration of Trust

The Fund's Master Declaration of Trust was amended and restated as follows:

- On June 29, 2023 to provide for (1) transfers of cash and other property from capital to income to facilitate distributions out of the trust declared therein, and (2) the systematic fair valuation of securities listed or dealt with on a stock exchange or traded on an over-the-counter market by an independent third party vendor in particular circumstances, in order to bring the Master Declaration of Trust in line with current practice within the securities industry.

Management Fee Change

Effective January 12, 2023, the management fee of the Fund was reduced from 0.25% to 0.12%.

Related Party Transactions

Trustee, Manager and Portfolio Advisor

BlackRock Canada, an indirect, wholly-owned subsidiary of BlackRock, Inc. ("BlackRock"), is the trustee, manager, and portfolio advisor of the Fund and is responsible for the operations of the Fund, including the management of the Fund's investment portfolio and the valuation of the Fund's assets. BlackRock Canada is entitled to an annual management fee for acting as trustee, manager and portfolio advisor of the Fund.

For the period ended June 30, 2023

The Fund is permitted to purchase, sell and hold securities of certain issuers that are directly or indirectly related to BlackRock Canada (currently including, but not limited to, BlackRock). With respect to investment in related issuers, BlackRock Canada has relied on the approval that it has received from the Independent Review Committee (“IRC”). The approval requires BlackRock Canada to comply with its current policy and procedures regarding investments in related issuers and to report periodically to the IRC.

The Fund may execute inter-fund trades. Inter-fund trading is the buying and selling of portfolio securities between funds for which BlackRock Canada serves as trustee and manager and managed accounts to which BlackRock Canada serves as manager. With respect to inter-fund trades, BlackRock Canada has relied on the approval that it has received from the IRC. The approval requires BlackRock Canada to comply with its current policy and procedures regarding inter-fund trading and to report periodically to the IRC.

BlackRock Canada has agreed to be responsible for the fees and expenses of the Fund except the annual management fees, any fees and expenses related to the operation of the IRC under National Instrument 81-107 - *Independent Review Committee for Investment Funds*, brokerage expenses and commissions and other portfolio transaction costs, income tax, harmonized sales tax (“HST”), and withholding and other taxes. The Fund is also responsible for other fees and expenses in accordance with the terms of its trust document, such as extraordinary expenses or expenses incurred in connection with the recovery of amounts due to the Fund, as applicable.

Securities Lending Agents

The Fund has engaged BlackRock Institutional Trust Company, N.A. (“BTC”) and BlackRock Advisors (UK) Limited (“BRAL”), affiliates of BlackRock Canada, as securities lending agents. To mitigate risks from securities lending, the Fund benefits from a borrower default indemnity provided by BlackRock, an affiliate of BlackRock Canada. BlackRock’s indemnity allows for full replacement of securities lent in the event that the borrower defaults on its obligation to return the loaned securities and collateral received is insufficient to reconstitute the portfolio of loaned securities. BTC and/or BRAL bear all operational costs directly related to securities lending as well as the cost of borrower default indemnification. The Fund did not engage in securities lending activities during the six-month period ended June 30, 2023.

BlackRock Canada relies on a positive recommendation and standing instruction that it has received from the IRC with respect to the securities lending activities of the Fund, including the appointment of and payment to its affiliates as securities lending agents. The standing instruction requires BlackRock Canada to comply with its current policy and procedures regarding securities lending and to report periodically to the IRC.

^(e) The tax characteristics of distributions are reported annually by the Fund to CDS Clearing and Depository Services Inc. ("CDS"). CDS makes this information available to brokers who provide it to unitholders through standard tax reporting.

^(f) This information is provided as at June 30, 2023 and December 31 of the years shown.

^(g) Management expense ratio ("MER") is based on total fees and expenses (excluding commissions and other portfolio transaction costs) for the stated period, including the Fund's proportionate share of the MER, if any, of any underlying fund in which the Fund has invested, and is expressed as an annualized percentage of average daily net asset value during the period.

^(h) Effective January 12, 2023, the Fund's management fee was reduced and its fee structure was changed.

⁽ⁱ⁾ The trading expense ratio ("TER") represents total commissions and other portfolio transaction costs expressed as an annualized percentage of average daily net asset value during the stated period. Where the Fund invests in any underlying fund, the TER includes the Fund's proportionate share of the commissions of any underlying fund in which the Fund has invested.

^(j) Closing market price on the last trading day of the period or year, as applicable, as reported on the Exchange.

Management Fees

Effective January 12, 2023, management fees are calculated based on a maximum of 0.12% per annum of the average daily net asset value of the Fund. The fees are accrued daily and are paid monthly in arrears. For the six-month period ended June 30, 2023, the Fund accrued \$271,768 (excluding GST and HST in the amount of \$26,014) in management fees. These management fees were received by BlackRock Canada for managing the portfolio, maintaining portfolio systems used to manage the Fund, maintaining the www.blackrock.com/ca website, and providing all other services including marketing and promotion.

BlackRock Canada may, voluntarily and in its sole discretion, waive a portion of the annual management fee of this Fund, which, if implemented, may result in a reduction in CMR's management expense ratio. BlackRock Canada may choose not to waive or may cease to waive fees at any time without notice.

Past Performance

The following charts show past performance for the Fund. The indicated rates of return (i) are the historical total returns including changes in net asset value per unit, and (ii) assume reinvestment of all distributions during the period in additional units at the net asset value per unit at the time of the distribution. The reinvestment of distributions increases returns. These returns do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. Prior to January 12, 2023, the Fund's management fee was 0.25%. Consequently, the performance prior to January 12, 2023 may have been different than it would have been under the current management fee. These returns do not indicate how the Fund will perform in the future.

Year-by-Year Returns

The bar chart below shows the Fund's annual performance for each of the periods shown and illustrate how its performance has changed from year to year with the exception of 2023, which shows the actual six-month return for the period ended June 30, 2023. The chart shows, in percentage terms, how much an investment made in the Fund on the first day of each period would have grown or decreased by the last day of the period.
