

BlackRock® BlackRock Wealth Liquid Environmentally Aware Fund

The new environment for cash investing.

WeLEAF. A 2a-7¹ money market fund that invests according to environmental criteria.

WeLEAF's Environmental highlights:

Environmental screens applied to activities such as fossil fuel mining, thermal coal extraction, and palm oil.

5% of the net revenue from BlackRock's management fee will be used for **carbon credits**.

Partnership with **World Wildlife Fund**.

At BlackRock, we believe sustainability is fundamentally reshaping finance and we are seeing increasing demand from investors for the ability to invest in a product consistent with their values.

To that end, we are pleased to offer an investment option for environmentally-focused cash investors the **BlackRock Wealth Liquid Environmentally Aware Fund** ("WeLEAF" or the "Fund"), a series of BlackRock FundsSM.

Why WeLEAF?

WeLEAF is a money market fund

WeLEAF will seek to achieve the **stability, liquidity and yield** potential offered by a traditional 2a-7 money market fund.

WeLEAF seeks a stable \$1.00 NAV

WeLEAF is a prime money market fund available to individual investors. This designation allows it to offer the ease of a **constant \$1.00 net asset value ("NAV") per share**.

WeLEAF invests according to environmental criteria

WeLEAF will invest in securities which meet specific environmental criteria to separate environmental leaders from laggards.

Specifically, WeLEAF will not invest in securities issued or guaranteed by entities that derive more than 5% of their revenues from:

- Fossil fuels mining, exploration or refinement, or
- Thermal coal or nuclear energy-based power generation.

In addition to WeLEAF's environmentally-focused investment strategy, **at least 5% of the net revenue from BlackRock's management fee from the Fund will be used to purchase and retire carbon credits.**

Other considerations

Share Class	Investment Minimum (See prospectus for details & exceptions)	Total Annual Fund Operating Expenses After Waivers & Reimbursements ¹	Distribution/Service Fee ²
Institutional PNIXX	\$2 million for individuals	0.20%	-
Investor A PINXX	\$1,000 for most accounts	0.55%	0.25%

On May 11, 2020, BlackRock Money Market Portfolio was renamed WeLEAF and its principal strategies and risks changed. Expenses are as of the most current prospectus. BlackRock may contractually agree to waive or reimburse certain fees and expenses until a specified date. Contractual waivers are terminable upon 90 days' notice by a majority of the fund's non-interested trustees or by a vote of the majority of the outstanding voting securities of the fund. The investment advisor and/or other service providers may also voluntarily agree to waive certain fees and expenses which can be discontinued at any time without notice. When waivers or reimbursements are in place, the operating expenses are reduced and total returns to the shareholder in the fund increase. Please see the [prospectus](#) for additional information.

¹This figure represents the expenses that you pay each year as a percentage of the value of your investment. More information about these expenses is available from your financial professional or your selected securities dealer, broker, investment adviser, service provider or industry professional.

²The distribution/service fee is paid by the Fund and compensates broker dealers for providing shareholder servicing and/or distribution related services to shareholders. The distribution/service fee may be fully or partially waived by BlackRock to enable WeLEAF to maintain minimum level of daily net investment income. This waiver is voluntary and may be discontinued at any time without notice. Investor A shares are subject to an annual 0.25% service fee.

Supporting World Wildlife Fund's ("WWF") conservation efforts

BlackRock is pleased to make an annual contribution of \$185,000 to World Wildlife Fund, a leading environmental non-profit organization with recognized expertise and experience in environmental protection. Through its global climate programs, WWF is working to shape a climate-resilient and zero carbon world, powered by renewable energy.
