ABOUT THIS REPORT

The assessment report is designed to provide feedback to signatories and support ongoing learning and development. The high-level assessment methodology can be found [here](#) and question-level assessment criteria can be found after each indicator in the Investor Reporting Framework, [here](#). Note that the 2021 scoring methodology has changed to reflect the new Reporting Framework, and is incomparable with scores from previous PRI years.

Assessment Reports are confidential and only accessible to the reporting signatory on the Data Portal.

A dataset of medians based on all signatories' scores can be referenced [here](#).

PUBLICATION GUIDELINES

In the 2021 Reporting Framework, the PRI introduced accountability measures around the accurate representation of PRI Assessment Reports externally. This came as a result of an increasing level of disclosure of PRI Assessment Results externally. Alongside the higher level of disclosure, came an increasing amount of misrepresentation. As such, the publication guidelines were developed to ensure consistent and accurate representation of PRI reporting outputs. The guidelines state that signatories should not:

- disclose select modules scores in isolation (e.g., disclosing higher-scoring modules without disclosing lower-scoring modules),
- disclose scores that from selected parts of modules only (e.g., disclosing above-average performance in parts of a module without disclosing the median score for the module), and
- present any scores/grades/classification generated internally or by a third party, for a module of the overall Assessment Report, as being from the PRI (e.g., recalculating, or recompiling PRI scores).

Publication of any part of an Assessment Report must be accompanied by access to both the signatory's full:

- Assessment Report
- Transparency Report

Assessment Reports are the intellectual property of PRI. Under no circumstances, can this report or any of its contents be sold to third parties. Consent from the reporting signatory must be provided when sharing with third parties.
