

## POLITICAL ACTION COMMITTEE DISBURSEMENTS

January – December 2022

BlackRock's ability to engage policy makers and participate in the public policy arena is subject to extensive laws and regulations at the international, federal, state, and local levels. Under United States federal law, BlackRock may not contribute corporate funds or make in-kind contributions to candidates for federal office or to national party committees. In addition to federal limits on corporate political action, our political contributions at the state and local level in the United States are governed by Municipal Securities Rulemaking Board Rule G-37, SEC Rule 206(4)-5, and CFTC Rule 23.451, as well as applicable state and local law. Accordingly, BlackRock does not contribute corporate funds to candidates, political party committees, political action committees, or any political organization exempt from federal income taxes under Section 527 of the Internal Revenue Code. Although permitted under federal law, BlackRock has voluntarily elected not to spend corporate funds directly on independent expenditures, including electioneering communications. Information about BlackRock's lobbying activities, including contributions required to be disclosed under the Lobbying Disclosure Act, is publicly available on the Senate website.

BlackRock maintains a federal political action committee ("PAC") that is funded in accordance with applicable federal law on a voluntary basis by employees of the Company who are U.S. citizens or green card holders. The PAC makes contributions at the federal level on a bipartisan basis consistent with the Company's contribution policies and public policy goals and without regard to the private political preferences of management. As required by law, all political contributions by the PAC are reported to the Federal Election Commission and are publicly disclosed on the [FEC website](#). The PAC's contributions for 2022 are presented below.

<i>State</i>	<i>Candidate</i>	<i>Office</i>	<i>Disbursements</i>
<b>Alabama</b>
