

Purpose

This document provides you with key information about this investment product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this product and to help you compare it with other products.

Product

Euro Income Fixed Maturity Bond Fund 2031 (the "Fund"), **Class D2 EUR** (the "Share Class"), ISIN: **LU3317466814**, is authorised in Luxembourg and manufactured by BlackRock (Luxembourg) S.A. (the "Manager") which is part of the BlackRock, Inc group.

The Manager is authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier (the "CSSF") and the CSSF is responsible for supervising the Manager in relation to this Key Information Document.

More information is available at www.blackrock.com or by calling **+352 46268 5111**. This document is dated 20 April 2026.

What is this product?

Type: The Fund is a sub-fund of BlackRock Global Funds, an umbrella company incorporated in Luxembourg, authorised by the Commission de Surveillance du Secteur Financier as a Undertaking for Collective Investment in Transferable Securities ("UCITS").

Term: the Fund is intended to have a fixed term of up to 5 years and 2 months comprising an initial subscription period of up to 2 months, the Pre-Investment Period (Pre-IP); followed by a 4 year Investment Period (IP) including a Ramp-Up Period (RUP) of 20 Business days; followed by an up to 12 months Post-Investment Period (PIP) ending on the Fund's Maturity Date (MD). The Manager may shorten or extend any of these periods. The Fund may be terminated at the end of the IP if its Net Asset Value (NAV) has not reached a viable level of EUR50 million. All Shares would be automatically redeemed at the initial offer price per Share.

Objectives

- The Fund seeks to provide income, whilst also aiming to preserve capital where Shares are held until the MD (a date determined at the Investment Adviser's (IA) discretion) on which the Fund will be automatically closed. At the MD, all Shares will be redeemed at the prevailing NAV per Share. The Fund is designed for investors to hold their Shares until the MD.
- The Fund pursues a low turnover strategy. Fixed Income Securities (FIS) will be held until their MD (subject, among other factors, to ongoing monitoring of credit risk), when their capital will become repayable to the Fund. The Fund will gradually look to build up its portfolio so that following the RUP, at least 60% of its NAV is invested in FIS issued by a Member State of the EU, by its local authorities, by a third country or a public international body of which one or more Member States of the EU are members. Such FIS shall, at the time of purchase, be rated investment grade. Up to 40% of the Fund's NAV may be invested in high yield (low-quality) FIS and, therefore, the Fund will have a high credit risk. If, during the final year of the IP, the minimum requirement of 60% invested in FIS rated investment grade, cannot be met without compromising the credit rating or the income target of the Fund, this minimum exposure requirements may not apply.
- The Fund will take into account environmental, social and governance (ESG) criteria in its investment selections as disclosed in the prospectus. For further details please refer to the ESG Policy of the Fund and the BlackRock website at www.blackrock.com/baselinescreens.
- During the IP, the Fund may invest up to 50% of its NAV in securities which have average maturities up to 5 years. The remainder securities are intended to have average maturities of up to 4 years, as measured from the start of the IP. All income and capital gains generated during the IP will be reinvested at the discretion of the IA in line with the investment policy. During the PIP, (i) the Fund will invest progressively in securities, which have shorter average maturities than those invested in by the Fund during the IP and may be fully invested in cash, and near-cash instruments in order to redeem Shareholders on the MD and (ii) the investment limits shall no longer apply.
- The Fund is actively managed. The IA has discretion to select the Fund's investments and is not constrained by any benchmark in this process.
- Investment in FIS may also include instruments relating to the FIS (credit default swaps, currency swaps, futures and forwards). The Fund may use financial derivatives instruments for investment purposes.
- The price of FIS may be affected by changing interest rates which in turn may affect the value of your investment. FIS prices move inversely to interest rates. So, the market value of FIS may decrease as interest rates increase. The credit rating of an issuing entity will generally affect the yield that can be earned on FIS, the better the credit rating the smaller the yield. The Fund's yield may be lower than inflation during the holding period until the MD, in which case the Fund's real yield would be negative.
- The return on your investment in the Fund is directly related to the value of the underlying assets of the Fund, less costs (see "What are the costs?" below).
- The relationship between the return on your investment, how it is impacted and the period for which you hold your investment is considered below (see "How long should I hold it and can I take my money out early?").
- The depository of the Fund is The Bank of New York Mellon SA/NV, Luxembourg Branch.
- Further information about the Fund can be obtained from the latest annual report and half-yearly reports of the BlackRock Global Funds. These documents are available free of charge in English and certain other languages. These can be found, along with other (practical) information, including prices of units, on the BlackRock website at: www.blackrock.com or by calling the International Investor Servicing team on +352 46268 5111.
- Your shares will be non-distributing (i.e. dividend income will be included in their value).
- Your shares will be denominated in Euro, the Fund's base currency.
- You can buy and sell your shares daily. The minimum initial investment for this share class is US\$100,000 or other currency equivalent.

Intended retail investor: The Fund is intended for retail investors with the ability to bear losses up to the amount invested in the Fund (see "How long should I hold it and can I take my money out early?").

Insurance benefits: The Fund does not offer any insurance benefits.

What are the risks and what could I get in return?

Risk Indicator

Lower risk

Higher risk

1	2	3	4	5	6	7
 <p>The risk indicator assumes you keep the product for 4 years. The actual risk can vary significantly if you cash in at an early stage and you may get back less.</p>						

- The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.
- We have classified this product as 2 out of 7, which is a low risk class. This classification rates the potential losses from future performance at a low level, and poor market conditions could affect the value of your investment. This classification is not guaranteed and may change over time and may not be a reliable indication of the future risk profile of the Fund. The lowest category does not mean risk free.
- **Be aware of currency risk.** If you receive payments in a currency that is different to the product's base currency, the final return you will get depends on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.
- Please refer to the product's Prospectus for details of other materially relevant risks that may apply to this product.
- This product does not include any protection from future market performance so you could lose some or all of your investment.
- If the product is not able to pay you what is owed, you could lose your entire investment.

Performance Scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product, which may include input from benchmark(s) / proxy, over the last ten years. Markets could develop very differently in the future.

Recommended holding period : 4 years Scenarios	Example Investment : EUR 10,000	
	If you exit after 1 year	If you exit after 4 years
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.	
Stress*	What you might get back after costs	
	8,450 EUR	8,020 EUR
	Average return each year	-15.5%
	-5.4%	
Unfavourable**	What you might get back after costs	
	8,450 EUR	8,620 EUR
	Average return each year	-15.5%
	-3.7%	
Moderate**	What you might get back after costs	
	9,650 EUR	9,510 EUR
	Average return each year	-3.5%
	-1.2%	
Favourable**	What you might get back after costs	
	10,470 EUR	10,260 EUR
	Average return each year	4.7%
	0.6%	

* The stress scenario shows what you might get back in extreme market circumstances.

** This type of scenario occurred for an investment in the product and/or benchmark(s) or proxy between :

Scenarios	1 year	4 years
Unfavourable	September 2021 - September 2022	September 2019 - September 2023
Moderate	August 2020 - August 2021	May 2021 - May 2025
Favourable	August 2018 - August 2019	November 2016 - November 2020

What happens if BlackRock (Luxembourg) S.A. is unable to pay out?

The assets of the Fund are held in safekeeping by its depositary, The Bank of New York Mellon SA / NV, Luxembourg Branch (the "Depositary"). In the event of the insolvency of the Manager, the Fund's assets in the safekeeping of the Depositary will not be affected. However, in the event of the Depositary's insolvency, or someone acting on its behalf, the Fund may suffer a financial loss. However, this risk is mitigated to a certain extent by the fact the Depositary is required by law and regulation to segregate its own assets from the assets of the Fund. The Depositary will also be liable to the Fund and the investors for any loss arising from, among other things, its negligence, fraud or intentional failure properly to fulfil its obligations (subject to certain limitations). As a shareholder of the Fund you would not be able to make a claim to the UK Financial Services Compensation Scheme or any other scheme about the Fund in the event that the Fund is unable to pay out.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time: The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return).
- For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 4 years
Total costs	567 EUR	771 EUR
Annual cost Impact (*)	5.7%	1.9%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 0.7% before costs and -1.2% after costs.

We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

These figures include the maximum distribution fee that the person selling you the product may charge (5.0 % of amount invested/ 500 EUR). This person will inform you of the actual distribution fee.

Composition of Costs

		If you exit after 1 year
One-off costs upon entry or exit		
Entry costs	5.00% of the amount you pay.	500 EUR
Exit costs	We do not charge an exit fee.	-
Ongoing costs taken each year		
Management fees and other administrative or operating costs	0.42% of the value of your investment per year. This is based on estimated costs. Any underlying product costs are included here with the exception of transaction costs which would be included below under 'Transaction costs'.	42 EUR
Transaction costs	0.25% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	25 EUR
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this product.	-

How long should I hold it and can I take money out early? Recommended Holding Period: 4 years

The Fund is designed to be held until its maturity date. The recommended holding period (RHP) has been calculated in line with the investment strategy of the Fund and the time frame in which it is expected that it will be possible to achieve the investment objective of the Fund. Any investment should be considered against your specific investment needs and appetite for risk. BlackRock has not considered the suitability or appropriateness of this investment for your personal circumstances. If you are in any doubt about the suitability of the Fund to your needs you should seek appropriate professional advice. Details of dealing frequency can be found under "What is this product?". You may receive less than expected if you cash in earlier than the RHP. The RHP is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels. Please see the "What are the costs?" section for details of any exit fees.

How can I complain?

If you are not entirely satisfied with any aspect of the service you have received and you wish to complain, details of our complaints handling process are available at www.blackrock.com/uk/individual/about-blackrock/contact-us. Additionally, you can also write to the Investor Services Team, at BlackRock's UK Registered Office, 12 Throgmorton Avenue, London, EC2N 2DL or e-mail them at blackrock.dealing.lux@jpmorgan.com.
