FUND OVERVIEW

- The aim of the Fund is to provide a return on your investment (generated through an increase in the value of the assets held by the Fund and/or income received from those assets) by investing at least 70% of its total assets in other investment funds (including funds managed by the BlackRock Group).
- The Fund intends to gain indirect exposure to equity securities (i.e. shares) by investing more than 50% of its total assets in other funds which track the performance of indices of equities (i.e. shares) with an emphasis on indices of equity markets outside the UK.
- The Fund may from time to time hold positions in government securities and other fixed interest investments whether in the UK or overseas and cash and assets that can be turned into cash quickly

GLOSSARY

Price to Book Ratio: represents the ratio of the current closing price of the share to the latest quarter's book value per share.

Price to Earnings: A valuation ratio of a company's current share price compared to its per-share earnings in the current forecast year, calculated as current share price divided by current earnings per share.

IMPORTANT INFORMATION:

** The Morningstar Medalist RatingTM is the summary expression of Morningstar's forward-looking analysis of investment strategies using a rating scale of Gold, Silver, Bronze, Neutral, and Negative. The ratings indicate which investments Morningstar believes are likely to outperform a relevant index or peer group average on a risk-adjusted basis over time. Analysts assign three pillar ratings (People, Parent and Process) based on their qualitative assessment, subject to the oversight of the Analyst Rating Committee, and monitor and reevaluate them at least every 14 months. For more detailed information about these ratings and methodology, please go to global.morningstar.com/managerdisclosures. The ratings are not statements of fact, nor credit or risk ratings. The rating (i) should not be used as the sole basis in evaluating an investment product, (ii) involves unknown risks which may cause expectations not to occur or to differ from what was expected, (iii) are not guaranteed to be based on complete or accurate assumptions, (iv) involve the risk that the return target will not be met due to unforeseen changes in management, technology, economic development, interest rate development, operating and/or material costs, competitive pressure, supervisory law, exchange and tax rates, and/or changes in political and social conditions, and (v) should not be considered an offer or solicitation to buy or sell the investment product.
