

Purpose

This document provides you with key information about this investment product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this product and to help you compare it with other products.

Product

CCF Developed World ex-USA Index Fund (the “Fund”), **Class X13 Accu EUR** (the “Unit Class”), ISIN: **IE000HD51UI3**, is authorised in Ireland and manufactured by BlackRock Asset Management Ireland Limited (the “Manager”) which is part of the BlackRock, Inc group.

The Manager is authorised in Ireland and regulated by the Central Bank of Ireland (the “CBI”) and the CBI is responsible for supervising the Manager in relation to this Key Information Document.

More information is available at www.blackrock.com or by calling **+353 1 434 5122**. This document is dated 09 April 2026.

What is this product?

Type: The Fund is a sub-fund of BlackRock Common Contractual Fund, an umbrella unit trust, authorised by the Central Bank of Ireland as a Undertaking for Collective Investment in Transferable Securities (“UCITS”).

Term: The Fund does not have a fixed term of existence or maturity period but in certain circumstances, as described in the Fund prospectus, the Fund may be unilaterally terminated following written notice to unitholders subject to compliance with the Fund prospectus and applicable regulation.

Objectives

- The Fund aims to achieve a return on your investment, through a combination of capital growth and income on the Fund’s assets, which reflects the total return of the MSCI World ex-USA Index, the Fund’s benchmark index (Index).
- The Fund is passively managed and intends to replicate the constituents of the Index by holding all the securities comprising the Index in a similar proportion to their weightings in the Index. The Fund tracks the Index and is managed with a focus on minimizing its performance tracking error versus the Index.
- The Index measures the performance of large and mid-capitalisation stocks across developed market countries excluding the United States.
- The Index is market capitalisation weighted and rebalances on a quarterly basis.
- The Investment Manager may use financial derivative instruments (FDIs) (i.e. investments the prices of which are based on one or more underlying assets) to help achieve the Fund’s investment objective. FDIs may be used for direct investment purposes. The Fund may engage in short term secured lending of its investments to third parties, as a means of generating additional income.
- The Fund may indirectly invest in equities by investing in American Depositary Receipts (ADRs) or Global Depositary Receipts (“GDRs”), which are listed or traded on Regulated Markets. ADRs and GDRs are investments issued by financial institutions which give exposure to underlying equity securities.
- The price of equity securities fluctuates daily and may be influenced by factors affecting the performance of the individual companies issuing the equities, as well as by daily stock market movements, and broader economic and political developments which in turn may affect the value of your investment.
- The return on your investment in the Fund is directly related to the value of the underlying assets of the Fund, less costs (see “What are the costs?” below).
- The relationship between the return on your investment, how it is impacted and the period for which you hold your investment is considered below (see “How long should I hold it and can I take my money out early?”).
- The depositary of the Fund is Northern Trust Fiduciary Services (Ireland) Limited.
- Further information about the Fund can be obtained from the latest annual report and half-yearly reports of the BlackRock Common Contractual Fund. These documents are available free of charge in English and certain other languages. These can be found, along with other (practical) information, including prices of units, on the BlackRock website at: www.blackrock.com or by calling the International Investor Servicing team on +353 1 434 5122.
- Your units will be accumulating units (i.e. dividend income will be included in their value).
- The Fund’s base currency is US Dollar. Units for this class are bought and sold in Euro. The performance of your units may be affected by this currency difference.
- You can buy and sell your units daily. The minimum initial investment for this unit class is €25,000,000.

Intended retail investor: The Fund is intended for retail investors with the ability to bear losses up to the amount invested in the Fund (see “How long should I hold it and can I take my money out early?”).

Insurance benefits: The Fund does not offer any insurance benefits.

What are the risks and what could I get in return?

Risk Indicator

Lower risk Higher risk						
1	2	3	4	5	6	7
 The risk indicator assumes you keep the product for 5 years. The actual risk can vary significantly if you cash in at an early stage and you may get back less.						

- The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.
- We have classified this product as 5 out of 7, which is a medium high risk class. This classification rates the potential losses from future performance at a medium high level, and poor market conditions could affect the value of your investment. This classification is not guaranteed and may change over time and may not be a reliable indication of the future risk profile of the Fund. The lowest category does not mean risk free.
- Be aware of currency risk.** If you receive payments in a currency that is different to the product's base currency, the final return you will get depends on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.
- Please refer to the product's Prospectus for details of other materially relevant risks that may apply to this product.
- This product does not include any protection from future market performance so you could lose some or all of your investment.
- If the product is not able to pay you what is owed, you could lose your entire investment.

Performance Scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product, which may include input from benchmark(s) / proxy, over the last ten years. Markets could develop very differently in the future.

Recommended holding period : 5 years		Example Investment : EUR 10,000	
Scenarios		If you exit after 1 year	If you exit after 5 years
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress*	What you might get back after costs	7,850 EUR	4,950 EUR
	Average return each year	-21.5%	-13.1%
Unfavourable**	What you might get back after costs	8,710 EUR	11,400 EUR
	Average return each year	-12.9%	2.6%
Moderate**	What you might get back after costs	10,880 EUR	14,590 EUR
	Average return each year	8.8%	7.9%
Favourable**	What you might get back after costs	13,650 EUR	18,150 EUR
	Average return each year	36.5%	12.7%

* The stress scenario shows what you might get back in extreme market circumstances.

** This type of scenario occurred for an investment in the product and/or benchmark(s) or proxy between :

Scenarios	1 year	5 years
Unfavourable	March 2019 - March 2020	January 2025 - January 2026
Moderate	August 2024 - August 2025	September 2019 - September 2024
Favourable	October 2020 - October 2021	October 2020 - October 2025

What happens if BlackRock Asset Management Ireland Limited is unable to pay out?

The assets of the Fund are held in safekeeping by its depositary, Northern Trust Fiduciary Services (Ireland) Limited (the "Depositary"). In the event of the insolvency of the Manager, the Fund's assets in the safekeeping of the Depositary will not be affected. However, in the event of the Depositary's insolvency, or someone acting on its behalf, the Fund may suffer a financial loss. However, this risk is mitigated to a certain extent by the fact the Depositary is required by law and regulation to segregate its own assets from the assets of the Fund. The Depositary will also be liable to the Fund and the investors for any loss arising from, among other things, its negligence, fraud or intentional failure properly to fulfil its obligations (subject to certain limitations). As a shareholder of the Fund you would not be able to make a claim to the UK Financial Services Compensation Scheme or any other scheme about the Fund in the event that the Fund is unable to pay out.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time: The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return).
- For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 5 years
Total costs	9 EUR	64 EUR
Annual cost Impact (*)	0.1%	0.1%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 7.9% before costs and 7.9% after costs.

We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

Composition of Costs

		If you exit after 1 year
One-off costs upon entry or exit		year

Entry costs	We do not charge an entry fee.	-
Exit costs	We do not charge an exit fee.	-

Ongoing costs taken each year

Management fees and other administrative or operating costs	0.03% of the value of your investment per year. This is based on estimated costs. Any 3 EUR underlying product costs are included here with the exception of transaction costs which would be included below under 'Transaction costs'.	
Transaction costs	0.06% of the value of your investment per year. This is an estimate of the costs incurred 6 EUR when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	

Incidental costs taken under specific conditions

Performance fees	There is no performance fee for this product.	-
------------------	---	---

How long should I hold it and can I take money out early? Recommended Holding Period: 5 years

The recommended holding period (RHP) has been calculated in line with the investment strategy of the Fund and the time frame in which it is expected that it will be possible to achieve the investment objective of the Fund. Any investment should be considered against your specific investment needs and appetite for risk. BlackRock has not considered the suitability or appropriateness of this investment for your personal circumstances. If you are in any doubt about the suitability of the Fund to your needs you should seek appropriate professional advice. Details of dealing frequency can be found under "What is this product?". You may receive less than expected if you cash in earlier than the RHP. The RHP is an estimate and must not be taken as a guarantee or an indication of future performance, return or risk levels. Please see the "What are the costs?" section for details of any exit fees.

How can I complain?

If you are not entirely satisfied with any aspect of the service you have received and you wish to complain, details of our complaints handling process are available at www.blackrock.com/uk/individual/about-blackrock/contact-us. Additionally, you can also write to the Investor Services Team, at BlackRock's UK Registered Office, 12 Throgmorton Avenue, London, EC2N 2DL or e-mail them at Blackrock_TA_Queries@ntrs.com.
