BlackRock Charities UK Equity Fund

A sub-fund of BlackRock Charities Funds

Class A Accumulation

ISIN: GB00BFBFWN53

Manager: BlackRock Fund Managers Limited

Objectives and Investment Policy

- The Fund aims to provide a return on your investment (net of fees) over a period of 5 or more consecutive years beginning at the point of investment, generated through an increase in the value of the assets held by the Fund and/or income received from those assets.
- The Fund invests at least 70% of its assets directly in equity securities (e.g. shares) and equity-related securities (i.e other investments whose value is related to equities) of companies listed (i.e. having its shares admitted to trading on a regulated market such as the London Stock Exchange) and domiciled, or incorporated, in the United Kingdom. The Fund may also invest in other asset classes, including other funds (including exchange traded funds), money market instruments (e.g. debt instruments with short-term maturities), cash and near cash.
- The investment manager (IM) may use derivatives (i.e. investments the prices of which are based on one or more underlying assets) for investment purposes in order to seek to achieve the Fund's investment objective and for efficient portfolio management purposes in order to reduce risk within the Fund, reduce investment costs, or to generate additional income for the Fund. Further investments may be used (including derivatives) to protect the value of the Fund, in whole or in part, from changes in currency exchange rates against its base currency.
- The Fund is actively managed and the IM has discretion to select the Fund's investments and in doing so may take into consideration the FTSE All-Share TR Index. The IM has discretion to select the Fund's investments in accordance with the Fund's investment policy.
- Recommendation: This Fund may not be appropriate for short-term investment.
- Your units will be accumulating units (i.e. dividend income will be included in their value).
- Your units will be denominated in Sterling, the Fund's base currency.
- You can buy and sell your units daily. The minimum initial investment for this unit class is £1,000.

Charges

The charges are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

The entry and exit charges shown are maximum figures. In some cases you might pay less. Please refer to your financial advisor or the distributor for the actual entry and exit charges.

*Subject to a charge of up to 2% paid into the Fund where the Manager suspects excessive trading by an investor.

The ongoing charges figure is based on expenses for the twelve month period ending 31 December 2025. This figure may vary from year to year. It excludes portfolio trade-related costs, except costs paid to the custodian and any entry/exit charge paid to an underlying collective investment scheme (if any).

** To the extent the Fund undertakes securities lending to reduce costs, the Fund will receive 62.5% of the associated revenue generated and the remaining 37.5% will be received by BlackRock as the securities lending agent. As securities lending revenue sharing does not increase the costs of running the Fund, this has been excluded from the ongoing charges.
