Change to the dividend purification model

Currently, investors in the Fund are responsible for ensuring the purification of dividends where such dividends have accrued prohibited income (e.g. interest earnings) based on MSCI's calculation.

It is proposed to change the purification model in order to integrate dividend purification directly within the Fund, whereby any impure dividend monies will be donated by the Fund to one or more charities, which are selected by the Investment Manager and approved by the panel of Islamic scholars appointed by the Investment Manager.

Pure and impure dividend amounts will continue to be based on MSCI's calculation to ensure consistency with the MSCI Emerging Market Islamic Index, the Fund's Benchmark Index.

As a result of this change, investors will no longer be responsible for ensuring purification of dividends as the amount received in dividends will be purified.

Rationale for the change to the dividend purification model

The change is being made in order to simplify investment in the Fund for investors while maintaining the Fund's adherence to Shari'ah principles.

Changes to the Fund's offering documents

The changes to the dividend purification model will apply to dividends issued from 1 January 2026.

It is anticipated that the Company's prospectus (the "**Prospectus**"), the Key Investor Information Document (the "**KIID**") and the Key Information

Document (the “**KID**”), as applicable, will be updated to reflect the changes described in this letter on or around 31 October 2025 (the “**Effective Date**”), or as soon as possible thereafter, subject to the approval of the Central Bank of Ireland.

The updated Prospectus and KIID/KID (as applicable) will be available on www.ishares.com. In addition, and as a result of the change outlined in this notice, purification data will no longer be published for the Fund on www.ishares.com.

Costs

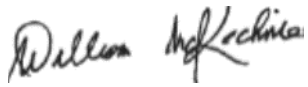

BlackRock Asset Management Ireland Limited, as manager of the Company, will pay the costs of the shareholder notification, and any additional operational costs and legal costs related to the proposed change. There will not be any transaction costs associated with this update as the Fund's investments will not need to change as a result.
