FUND OVERVIEW

The Fund aims to achieve a total return on your investment, through a combination of capital growth and income on the Fund's assets, which reflects the return of the MSCI ACWI Select Telecommunication Services Screened 35/20 Capped Index (the "Index").

KEY BENEFITS

1. Exposure to the GICS telecommunication services industry group which includes companies whose primary business involves the provision of fixed-line, cellular and/or wireless telecommunication services; providers of communications and/or high-density data transmission; producers of interactive gaming products and companies engaging in content and information creation or distribution.
2. "The Index" (MSCI ACWI Select Telecommunication Services Screened 35/20 Capped Index) excludes companies that are classified as violating the United Nations Global Compact principles and those identified by the index provider as being involved in controversies that have a negative ESG impact on their operations and/or products and services based on an MSCI ESG controversy score.
3. Exposure to large and mid capitalisation stocks across developed and emerging market countries.

CAPITAL AT RISK: The value of investments and the income from them can fall as well as rise and are not guaranteed. Investors may not get back the amount originally invested.

KEY RISKS:

- Investment risk is concentrated in specific sectors, countries, currencies or companies. This means the Fund is more sensitive to any localised economic, market, political, sustainability-related or regulatory events.
- The value of equities and equity-related securities can be affected by daily stock market movements. Other influential factors include political, economic news, company earnings and significant corporate events.
- Counterparty Risk: The insolvency of any institutions providing services such as safekeeping of assets or acting as counterparty to derivatives or other instruments, may expose the Share Class to financial loss.

Further information about the Fund and the Share Class, such as details of the key underlying investments of the Share Class and share prices, is available on the iShares website at www.ishares.com or by calling +44 (0)845 357 7000 or from your broker or financial adviser. The indicative intra-day net asset value of the Share Class is available at <http://deutsche-boerse.com> and/or <http://www.reuters.com>. A UCITS ETF's units / shares that have been acquired on the secondary market cannot usually be sold directly back to the UCITS ETF itself. Investors who are not Authorised Participants must buy and sell shares on a secondary market with the assistance of an intermediary (e.g. a stockbroker) and may incur fees and additional taxes in doing so. In addition, as the market price at which the Shares are traded on the secondary market may differ from the Net Asset Value per Share, investors may pay more than the then current Net Asset Value per Share when buying shares and may receive less than the current Net Asset Value per Share when selling them.
