This annual report and audited financial statements (the "Report and Financial Statements") may be translated into other languages. Any such translation shall only contain the same information and have the same meaning as the English language Report and Financial Statements. To the extent that there is any inconsistency between the English language Report and Financial Statements and the Report and Financial Statements in another language, the English language Report and Financial Statements will prevail, except to the extent (and only to the extent) that it is required by law of any jurisdiction where the shares are sold, that in an action based upon disclosure in a Report and Financial Statements in a language other than English, the language of the Report and Financial Statements on which such action is based shall prevail. Any disputes as to the terms of the Report and Financial Statements, regardless of the language of the Report and Financial Statements, shall be governed by and construed in accordance with the laws of Ireland.

Therefore, shares of this fund may not be distributed in the Federal Republic of Germany.

The Entity is duly registered with the Comisión Nacional del Mercado de Valores in Spain under number 1042.

iSHARES IV PLC

CHAIR'S STATEMENT

The Board of Directors of iShares IV public limited company (the "Board") considers corporate governance matters and adherence to codes of best practice to be of the utmost importance. As Chair of the Board, I believe that it has operated effectively throughout the year and that its role and its composition are well defined, appropriate and support the long-term sustainable development of the iShares IV public limited company (the "Entity").

Overview of the Entity
The Entity is organised as an open-ended umbrella investment company with variable capital. The Entity was incorporated in Ireland on 3 July 2009 with limited liability and segregated liability between its funds and is organised under the laws of Ireland as a Public Limited Company ("plc") pursuant to the Companies Act 2014 (as amended) (the "Companies Act") and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulation 2011 (as amended) (the "UCITS Regulations") and is regulated by the Central Bank of Ireland (the "CBI").

The Entity is structured as an umbrella fund and is comprised of separate funds ("Funds") of the Entity.

"BlackRock Group" is used to represent the wider BlackRock economic group in its totality of which the ultimate holding company is BlackRock, Inc, a company incorporated in Delaware, USA. The term "BlackRock" is used to represent BlackRock Advisors (UK) Limited (the "Investment Manager"). The investment objectives and policies of each Fund are set out in the prospectus and the relevant supplemental prospectus.

The Funds of the Entity pursue strategies of either tracking or replicating the performance of a benchmark index in order to deliver the objectives of each Fund.

Management and Administration
The Directors of the Entity have delegated the investment management, distribution and administration of the Entity and its Funds to BlackRock Asset Management Ireland Limited (the "Manager").

The Manager has delegated the management of the investment portfolio and distribution of the Entity's shares to the Investment Manager. The Investment Manager operates under guidelines determined by the Manager and as detailed in the Entity's prospectus and the various supplementary prospectuses relating to the Entity's Funds. The Investment Manager has direct responsibility for the decisions relating to the day-to-day running of the Entity's Funds and is accountable to the Board of the Manager and the Entity for the investment performance of the Funds.

The Manager has additionally appointed BlackRock Advisors (UK) Limited as Distributor and it is the Investment Manager which is tasked with actively managing the relationship between the Entity and its shareholders with oversight of the Manager and Board.

The Manager has delegated the administration of the Entity and its Funds to State Street Fund Services (Ireland) Limited (the "Administrator") including the calculation of the daily net asset value, and the preparation of the financial statements of the Entity subject to the overall supervision of the Directors and the Manager. The Administrator has also been appointed as the registrar of the Entity. The Entity has appointed State Street Custodial Services (Ireland) Limited (the "Depositary") as Depositary of the assets with responsibility for the safe keeping of such assets, pursuant to the UCITS Regulations. As part of its fiduciary responsibility to the Entity, the Depositary provides a certain level of ongoing oversight of the Entity as well as reporting on the conduct of the Entity in each annual accounting period as set out in the Statement of the Depositary's Responsibilities.

CHAIR'S STATEMENT (continued)

Management and Administration (continued)
In accordance with Guidance Note 4/07 on the Organisation of Management Companies issued by the CBI, the board of the Manager has identified the personnel who monitor and control the management functions as outlined therein. These Manager personnel report to the board of the Manager and to the Board on a regular basis. The management functions delegated by the Manager are subject to appropriate reporting and ratification procedures, which are designed to ensure that the appropriate reports are received in a timely fashion such that the Manager and the Board can discharge their duties as part of the governance framework put in place by the Manager and the Entity. The Board reviews risk reporting on a regular basis together with an annual review of internal controls and risk management from the Manager.

The Board
The Board currently comprises five Directors, four of whom are independent. All Directors are non-executive. The members of the Board were chosen for their range of skills and experience. Ros O'Shea also has considerable experience in governance and accountancy, Deirdre Somers has extensive experience in markets regulation, listings and financial services, as well as a background in tax. Padraig Kenny has significant experience of the asset management and securities services industries, including the servicing of UCITS investment funds and investment fund corporate governance frameworks. Manuela Sperandeo has considerable experience in asset management, particularly in the index business. I have expertise on the subjects of corporate governance, corporate law investments and EU law.

As Chair, I lead the Board and take responsibility for its effectiveness in leading the Entity. Each Director continues to contribute to the running of the Board and management of the Entity and further details on each Director and the annual Board performance evaluation process is included later in this report.

The appointment of each Director is approved by the CBI, as Regulator, in advance of appointment by the Board. As part of the application the CBI receives information in respect of the Director's character, knowledge and experience as well as details of their other time commitments to ensure that the Director has sufficient time to devote to their duties. The CBI considers time commitments on an hourly basis as part of its assessment of director capacity, rather than in respect of the number of directorships held due to the nature of the Irish funds and open-ended funds industries. This assessment gives consideration to any appointments, employment or commitments and provides a more holistic review of a director's ability to undertake their duties.

The CBI requires Directors to be available to meet the regulator if required and the expectation is that the majority of the Board be resident in Ireland. Accordingly, the majority of Directors, and all independent Directors, are resident in Ireland.

Matters relating to the Entity during the financial year
There were 84 Funds in operation as at 31 May 2026.

It is the opinion of the Board that all Funds have performed in line with their objectives and that any tracking differences have been explained in the Investment Manager's report. Additional information on the Funds' performance can be found in the Investment Manager's report.

William McKechnie
Chair
26 August 2026

iSHARES IV PLC

BACKGROUND

The Entity is an open-ended investment company with variable capital. The Entity was incorporated in Ireland on 3 July 2009 with limited liability and segregated liability between its funds and is organised under the laws of Ireland and is regulated by the CBI as a public limited company pursuant to the Companies Act and the UCITS Regulations.

The Entity is structured as an umbrella fund and comprises separate funds ("Fund") of the Entity. The shares of each Fund may be grouped into different classes of shares (each a "share class"). Each Fund will represent a separate portfolio of assets and may consist of one or more share classes. Each share class may apply different subscription and redemption provisions, charges, fees or brokerage arrangements. The creation of an additional class of shares will be notified to the CBI in advance. The portfolio of assets maintained for each Fund will be invested in accordance with the investment objectives and policies applicable to each Fund as set out in the prospectus.

While assets and liabilities that are specific to a share class within a Fund would be attributable to (and should be borne by) only that share class, there is no segregation of liabilities between share classes as a matter of Irish law. Due to the lack of segregation of liabilities as a matter of law, there is a risk that the creditors of a share class may bring a claim against the assets of the Fund notionally allocated to other share classes.

The term "Fund" or "Financial Product" shall be deemed to mean either a Fund or Funds of the Entity, or if the context so requires, the Manager or its delegate acting for the accounts of the relevant Fund. The term "BlackRock" and "Investment Manager" are used to represent BlackRock Advisors (UK) Limited as appropriate. All references to "redeemable shares" shall be deemed to mean redeemable participating shares when Fund shares are classified as financial liabilities. The term "Directors" means the directors of the Entity.

Further details, including the investment objectives and minimum subscription requirements, are set out in the Entity's prospectus.

Fund details
The Entity had 84 Funds in operation as at 31 May 2026.

The following Funds terminated operations in a prior year and are pending revocation by the CBI. Financial statements continue to be prepared for iShares TA-35 Israel UCITS ETF as the Fund still holds financial assets balances at the balance sheet date. No audited financial statements have been prepared for the other terminated Funds as no financial assets are held by such Funds and final termination audited financial statements have been prepared in a prior year.

- iShares Edge MSCI EMU Multifactor UCITS ETF
- iShares TA-35 Israel UCITS ETF
- iShares US Equity Buyback Achievers UCITS ETF
- iShares US Fallen Angels High Yield Corp Bond UCITS ETF

These Funds are Exchange Traded Funds ("ETFs"), which provide the flexibility of a share with the diversification of a Fund. They can be bought and sold like any other share listed on a stock exchange, but provide instant exposure to many companies or various financial instruments relevant to the Fund and its benchmark index.

Changes to the Entity during the financial year
On 18 June 2025, the benchmark index name for iShares MSCI USA Leaders UCITS ETF Fund has changed from MSCI USA Leaders Select Index to MSCI USA Advanced Selection Index.

On 18 June 2025, an updated prospectus was issued by the Entity to include iShares Nuclear Energy and Uranium Mining UCITS ETF.

On 10 July 2025, an updated prospectus was issued by the Entity to update the duration risk policy and policies related to investing in the Kingdom of Saudi Arabia.

BACKGROUND (continued)

Changes to the Entity during the financial year (continued)
On 21 July 2025, the Manager's address was changed from 1st Floor, 2 Ballsbridge Park, Ballsbridge, Dublin 4, D04 YW83, Ireland to 3rd Floor, Glencar House, 20 Merrion Road, Dublin 4, D04 T9F3, Ireland.

On 14 August 2025, iShares MSCI Japan SRI EUR Hedged UCITS ETF (Acc) and iShares MSCI USA Momentum Factor Advanced UCITS ETF ceased operations.

On 27 August 2025, an updated prospectus was issued by the Entity to include iShares MSCI ACWI Screened UCITS ETF.

On 26 September 2025, an updated prospectus was issued by the Entity to update the investment policy and investment strategy for certain Funds.

On 1 October 2025, an updated prospectus was issued by the Entity to update the investment policy for iShares € Govt Bond 20yr Target Duration UCITS ETF.

On 25 November 2025, an updated prospectus was issued by the Entity to reflect the Fund name and benchmark index name changes.

On 28 November 2025, an updated prospectus was issued by the Entity to update the investment techniques.

On 1 December 2025, the USD (Acc) share class on iShares Metaverse UCITS ETF was delisted from the Euronext Milan and listed on Euronext Amsterdam.

Effective 31 December 2025, the Secretary of the Manager, Apex Group Corporate Administration Services Ireland Limited, merged into Apex IFS Limited as part of an intra-group restructuring and was subsequently renamed Apex IFS Limited.

On 5 January 2026, an updated prospectus was issued by the Entity to update the primary market initial dealing timetable and to update the dividend policy for certain Funds.

On 9 January 2026, the legal advisors as to Irish Law changed from William Fry LLP to Maples and Calder (Ireland) LLP.

On 2 March 2026, updated prospectus was issued by the Entity to reflect the closure of iShares MSCI USA Momentum Factor Advanced UCITS ETF to new investments on 13 August 2025 and its ongoing termination process.

On 17 April 2026, an updated prospectus was issued by the Entity to update the investment policy for certain Funds and to update the primary market initial dealing timetable.

iSHARES IV PLC

INVESTMENT MANAGER'S REPORT

Investment objective

The investment objective of the Funds is to provide investors with a total return, taking into account both the capital and income returns, which reflect the total returns of the respective benchmark listed in the below table.

Investment management approach and environmental, social and governance ("ESG") policy

The following table outlines the investment management approach adopted for each Fund. It also identifies which Funds promote environmental or social characteristics ("Article 8 Funds") or have sustainable investments as an objective ("Article 9 Funds"), under the EU Sustainable Finance Disclosure Regulation ("SFDR"). Further detail around how Article 8 Funds have achieved these characteristics and objectives is included in the SFDR disclosures supplementary section to the Annual Report.

For any other Funds that do not meet the SFDR criteria for Article 8 or 9 Funds, the investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities. The Investment Manager has access to a range of data sources, including principal adverse indicator ("PAI") data, when making decisions on the selection of investments. However, whilst BlackRock considers ESG risks for all portfolios and these risks may coincide with environmental or social themes associated with the PAIs, unless stated otherwise in the prospectus, the Funds do not commit to considering PAIs in driving the selection of their investments.

[1] The Fund launched on 15 October 2025.
[2] The Fund ceased operations on 14 August 2025.
[3] The Fund launched on 26 June 2025.
[4] The Fund launched on 3 December 2025.

Further information on the index investment strategies used is detailed below:

- For physically replicating funds, the investment management approach is to buy a portfolio of securities that as far as practicable consist of the securities that make up the benchmark index, in similar proportion to the weights represented in the benchmark index over a defined period of time.
- For non-replicating funds, the investment management approach aims to match the main risk characteristics of the benchmark index by investing in a portfolio that is primarily made up of securities that represent the benchmark index. The objective is to generate a return which is as close as practicable to the total return of the benchmark index net of transaction costs and gross of fees and other costs.

INVESTMENT MANAGER'S REPORT (continued)

Performance summary, tracking difference and tracking error

The following table compares the realised Fund performance against the relevant benchmark index for the 12 month period ended 31 May 2026. It also discloses the anticipated tracking error of the Funds (disclosed in the prospectus on an ex-ante basis) against the actual realised tracking error of the Funds as at 31 May 2026.

Further information on these performance measures and calculation methodologies used is detailed below:

- The Fund returns disclosed are the performance returns for the primary share class for each Fund, net of fees and expenses charged directly within the relevant share class, which has been selected as a representative share class. The primary share class represents the class of share invested in by the majority of investors in the Fund and also takes into account other relevant factors such as the Fund's base currency. The returns disclosed for the comparative are in the same currency as the primary share class, unless otherwise stated. The return of the primary share class disclosed may differ to the aggregate Fund performance for all share classes as reported in the financial statements primarily due to the impact of foreign currency translation and share class specific expenses. Performance returns for any other share class can be made available on request.
- For Funds that commenced trading and/or fully redeemed during the financial year, returns are shown from the date the Fund commenced trading and/or to the date the Fund fully redeemed, and the TER is the effective TER from the date the Fund commenced trading and/or to the date the Fund fully redeemed.
- The Fund returns are based on the NAV calculated in accordance with the prospectus for the financial year under review with any dividends reinvested. Returns less than 0.005% are rounded down to zero. Where, due to a public holiday or market closure, a date relevant to determination of the fund returns would not be a dealing day (such that a NAV would not otherwise be calculated on that day), a NAV may nevertheless be determined and calculated in accordance with the prospectus for the purposes of these disclosures. Additionally, due to Financial Reporting Standard 102 ("FRS 102") requirements which apply to the financial statements, there may be differences between the NAV per share as recorded in the financial statements and the NAV per share calculated in accordance with the prospectus.
- Tracking difference is defined as the difference in returns between a Fund and its benchmark index.
- Each Fund's TER is accrued on a daily basis throughout the financial year, which can impact the measurement of a tracking difference in a positive or negative manner depending on the performance in the market and the TER rate applied. The impact on performance measurement depends on the timing of market performance relative to the Fund's performance period. It can exceed the headline TER in a positive market and be lower than the TER in a negative market. The TER expresses the sum of all fees, operating costs and expenses, with the exception of direct trading costs, charged to each Fund's assets as a percentage of the average Fund assets based on a twelve-month period ended 31 May 2026.
- Anticipated tracking error is based on the expected volatility of differences between the returns of a fund and the returns of its benchmark index.
- Realised tracking error is the annualised standard deviation of the difference in monthly returns between a fund and its benchmark index. Tracking error shows the consistency of the returns relative to the benchmark index over a defined period of time. The realised tracking error is annualised and calculated using data from the preceding 36 month observation period. Where a Fund has not been trading for 36 months, the annualised tracking error since inception has been presented.

NM0926U-5974509-17/1539

Performance summary, tracking difference and tracking error (continued)

The table and the relevant footnotes also indicate the primary drivers impacting tracking difference gross of the TER, and where the realised tracking error is greater than the anticipated tracking error. Primary drivers impacting tracking difference include securities lending and investment techniques. Investment techniques include cash management, trading costs from rebalancing, futures held and sampling techniques. Net income difference and tax may also impact tracking difference and tracking error due to withholding tax suffered by the Fund on any income received from its investments. The level and quantum of tracking difference arising due to withholding taxes depends on various factors such as any reclaims filed on behalf of the Fund with various tax authorities, any benefits obtained by the Fund under a tax treaty or any securities lending activities carried out by the Fund. Importantly, these impacts can be either positive or negative depending on the underlying circumstances.

[1] Comprising of withholding tax rate differential, tax reclaims and income timing differences between the Fund and the benchmark index.
[2] Comprising of cash management, trading costs, futures held and sampling techniques.
[3] The Fund commenced trading during the financial year. Returns are shown from launch date to the end of the financial year.
[4] The Fund ceased trading during the financial year. Returns are shown from the first date of the financial year to the termination date.
[a] The tracking difference was also driven by the difference in the income accrual methodology between the Fund and the benchmark index.
[b] The tracking difference was also driven by the removal of securities from the benchmark index. The removal of security at zero value from the benchmark index caused the Fund to outperform versus the benchmark index.
[c] The tracking difference was also driven by the compounding impact of the daily accrued TER on the Fund's assets under management.
[d] The tracking difference was also driven by valuation differences between the Fund and the benchmark index.
[e] The tracking difference was also driven by capital gains tax incurred by the Fund.
[f] The tracking difference was also driven by foreign exchange rate differences between the Fund's Chinese equity holdings and the benchmark index.
[g] The tracking difference was also driven by differences in the tax rates applied to dividends received in the Fund versus those assumed in the total return calculation of the benchmark index.
[h] The tracking difference was also driven by the security litigation income received by the Fund.
[i] The realised tracking error was driven by valuation differences between the Fund and the benchmark index.
[j] The realised tracking error was driven by differing treatments of a corporate action between the Fund and the benchmark index.
[k] The realised tracking error was driven by valuation differences between the Fund and the benchmark index, caused by differing holiday treatment.
[l] The realised tracking error was driven by differences in the capital gains tax treatment applied by the Fund and the benchmark index.
[m] The realised tracking error was driven by differences in the tax rates applied to dividends received in the Fund versus those assumed in the total return calculation of the benchmark index.

Performance summary, tracking difference and tracking error (continued)

Past performance is not a guide to future performance and should not be the sole factor of consideration when selecting a product. All financial investments involve an element of risk. Therefore, the value of your investment and the income from it will vary and your initial investment amount cannot be guaranteed. The performance figures do not consider charges and fees that may be levied at the time of subscription or redemption of shares. Levels and bases of taxation may change from time to time. Subscriptions may be made only on the basis of the current prospectus, of which the most recent annual report and audited financial statements and interim report and unaudited financial statements as well as PRIIP KIDs form an integral part. Copies of which are available from Investor Services, the Transfer Agent, the Management Company or any of the Representatives or the Distributor.

INVESTMENT MANAGER'S REPORT (continued)

Global economic overview

Global equities, as represented by the MSCI All Country World Index, returned 30.27% (in USD terms) during the twelve months ended 31 May 2026. Equities gained amid lower inflation (the rate of increase in the prices of goods and services), easing monetary policy from the world's largest central banks and strong corporate performance, especially in the technology sector. However, rising geopolitical tensions, including the intensifying conflict in the Middle East as well as the introduction of protectionist trade policies in the US, raised the prospect of significant disruption to the global economy.

Economic growth in the US recovered from a subdued start to 2025, however growth for the fourth quarter of 2025 undershot expectations, in part as a result of the extended government shutdown that began in October 2025. US gross domestic product ("GDP") expanded rapidly in early 2026 but remained weaker than forecast. In Japan, GDP underperformed expectations in the second half of 2025 but rose faster than predicted at the start of 2026. Similarly, UK economic output slowed as 2025 progressed but exceeded expectations in the first quarter of 2026. Eurozone GDP growth held steady at 0.3% in both the third and fourth quarters of 2025 but decelerated in the first quarter of 2026.

Major emerging markets continued to expand, with the resilience of the US economy providing support despite concerns related to President Donald Trump's tariff policies and energy market disruption caused by the war in Iran. In China, stimulus measures continued to support economic growth, and Chinese GDP remained resilient over the course of 2025 and in early 2026, partly due to a rise in exports. The Indian economy expanded at a robust pace, recording strong growth in the first nine months of 2025 before slowing slightly in the final quarter of 2025. Growth in Brazil accelerated in early 2025 as a result of rising household demand and farm output but decelerated somewhat in the months that followed.

Most of the world's largest central banks continued to loosen monetary policy as inflation remained under control. However, policymakers warned that rates may need to be raised later in 2026 in order to address the expected spike in inflation caused by the conflict in Iran and consequent disruption to the global supply of fuel and fertiliser. The US Federal Reserve ("the Fed") reduced interest rates three times in the final four months of 2025. The Bank of England ("BoE") and the European Central Bank ("ECB") continued their respective programmes of rate cuts over the twelve months, while the Bank of Japan ("BoJ") responded to elevated domestic inflation by increasing interest rates at the end of 2025.

Global equity performance was positive during the twelve-month period as the ongoing strength of the world economy averted concerns about a possible slowdown in growth. In the US, there were concerns at the start of 2025 that the new Trump administration's introduction of tariffs on major trading partners could lead to higher inflation and more subdued global growth. However, America's willingness to strike a series of trade agreements helped to calm investors' fears. Major technology stocks continued to advance on hopes that artificial intelligence ("AI") would deliver significant productivity gains, but there were concerns about the extensive infrastructure investment required to support AI platforms, high valuations among companies with significant AI exposures and the potential for the technology to significantly disrupt existing business models in the software sector. In March 2026, conflict between the US and Iran led to sharp declines in equity prices around the world after the Strait of Hormuz, a vital shipping lane for global energy markets, was effectively closed. However, the announcement of a ceasefire and the start of peace negotiations drove a recovery in share prices in April and May 2026.

Globally, investments that factor in companies' environmental, social and governance ("ESG") characteristics faced regulatory concerns and shifting investor sentiment. ESG funds experienced significant outflows in the second half of 2025, but flows turned positive in early 2026.

Yields (which move inversely to bond prices) on the 10-year US Treasury, a benchmark lending rate for the global bond market, finished the twelve-month period higher. Yields elevated in early 2025 due to concerns that President Trump's economic policies could lead to higher inflation and increased government borrowing, but declined as the Fed reduced interest rates. However, conflict in the Middle East in March 2026 led to rises in yields as investors priced in higher inflation and potential increases in interest rates. In the UK and Europe, yields also rose on concerns around the impact of an energy supply shock. Yields in Japan increased to record highs at the start of 2026 as investors reacted to the prospect of higher government spending and potential increases in rates.

INVESTMENT MANAGER'S REPORT (continued)

Global economic overview (continued)

Global corporate bonds posted solid gains overall as markets reassessed credit in light of declining inflation and interest rates, while continued resilience in the global economy alleviated credit concerns relating to issuers of high yield bonds.

Emerging market equities also gained, benefiting from the relatively stable global economic environment and the easing of monetary policy. However, concerns about the cost and availability of energy later in the twelve months had a negative impact. Emerging market bonds posted a positive return as investors reacted to less restrictive monetary policy in developed economies.

Commodities markets were disrupted by geopolitical tensions and concerns about the impacts of US tariffs and military action in Iran. Brent crude oil prices initially declined as global oil production increased and hopes of a resolution to the conflict between Ukraine and Russia rose. However, oil prices surged in March and April 2026 due to supply disruption in the Middle East. Natural gas prices rose in late 2025 as cold weather returned and exports of liquefied natural gas increased. Gold prices rose to record highs in early 2026 as a result of geopolitical concerns and the possibility that American trade and foreign policy could lead to ongoing volatility in equity and bond markets.

In foreign exchange markets, the US dollar's performance against other major global currencies varied. It fell against the euro and the Chinese yuan, while it was flat against sterling but, it rose against the Japanese yen.

BlackRock Advisors (UK) Limited
June 2026

iSHARES IV PLC

BOARD OF DIRECTORS

William McKechnie (Irish) - Chair of the Board, independent non-executive Director and Chair of the Nominations Committee (appointed 30 December 2021): Mr. McKechnie was an Irish judge who served as a member of the Irish High Court and a senior member of the Irish Supreme Court until April 2021. He is also a former chairperson of the Valuation Tribunal of Ireland, the general Bar of Ireland, the Judicial Studies Institute Journal and was a member of the Court Services Board for a number of years. In addition, he served as President/Chairperson of the Association of European Competition Law Judges.

Currently Mr. McKechnie is also a visiting Professor at the College of Europe (Bruges), and has lectured on a diverse range of topics at different universities, courts and institutions, such as the European University Institute of Florence, the Florence School of Regulation (Energy, Climate, Communications and Media), the European Commission and in the constituent universities of the NUI. He is a member of Advisory Committee at the European Law Institute in respect of Artificial Intelligence and Public Administration and is a member of the project team regarding Block Chain Technology and Smart Contracts.

Mr. McKechnie holds a Bachelor of Civil Law Degree, a Barrister of Law Degree, Senior Counsel and a Master's Degree in European Law and is a CEDR Accredited Mediator.

Ros O'Shea, (Irish) - Independent non-executive Director, member of the Audit Committee and member of the Nominations Committee (appointed 3 May 2019): Ms. O'Shea is an Independent Non-Executive Director with a portfolio of board positions and has served on the boards of Bank of Montreal (Europe) plc, Pieta House, the Food Safety Authority of Ireland and the Royal Victoria Eye & Ear Hospital. Ros is also lead partner with consulting firm Board Excellence Ltd, which provides a range of services designed to empower boards to excel in governance effectiveness and performance and she lectures on corporate governance with UCD Smurfit Graduate School of Business. Previously, Ros enjoyed a highly successful executive career with two of Ireland's largest companies, both FTSE100 companies: CRH plc, where she was Head of Group Compliance & Ethics and Smurfit Kappa Group plc. Ros has first class honours bachelor and masters degrees in business from UCD, a Professional Diploma in Corporate Governance from UCD Smurfit Graduate School of Business and is an associate of the Institute of Tax and a fellow of the Institute of Chartered Accountants, having trained with PwC. She is also a graduate of the Value Creation through Effective Boards and the Building Organisational Cultures programmes at Harvard Business School and is a Certified Bank Director. Furthermore, Ros is the author of the book, "Leading with Integrity – a Practical Guide to Business Ethics" and is a regular contributor to news and print media on related topics.

Deirdre Somers, (Irish) - Independent non-executive Director, Chair of the Audit Committee and member of the Nominations Committee (appointed 3 May 2019): Ms. Somers is an Independent Non-Executive Director with a portfolio of board positions. She currently serves as independent non-executive director and Audit Committee and Nominations Committee chair for Kenmare Resources, and is Chair of Cancer Trials Ireland. Previously, she served on the boards of Enfusion Inc and Aquis plc, the latter as Chair, stepping down when both companies were acquired. She also served on the board of Episode Inc- a macro hedge fund. Prior to 2018, she was the CEO and Executive Director of the Irish Stock Exchange (ISE) from 2007 until its sale to Euronext NV in early 2018. She stepped down as CEO Euronext Dublin and Group Head of Debt, Funds & ETFs in late 2018. Joining the ISE in 1995, Ms. Somers held various management positions, including Director of Listing (2000-2007) and Head of Policy (1995-2000), building global positions in funds and fixed income listings. She served as member of the National Council of IBEC from 2013-2018, Governor of University College Cork from 2008-2012, and a Member of the Taoiseach's Clearing House Group from 2007-2015. A Fellow of the Institute of Chartered Accountants in Ireland, she graduated with a Bachelor of Commerce degree in 1987.

Padraig Kenny, (Irish) - Independent non-executive Director, member of the Audit Committee and Senior Independent Director (appointed 27 July 2022): Mr. Kenny has 35 years of experience in the financial services industry, with 30 of those years at the level of Managing Director and Chief Executive. Beginning his career in aviation finance, Mr. Kenny concentrated on the Asset Management and Securities Services industries for several leading international banks, including Irish, North American, and European institutions. His major responsibilities included institutional portfolio management, facilitating Bank of Ireland Asset Management's entry into international markets, and the establishment or transformation of Global Securities Services businesses in Ireland for Bankers Trust (US) and Royal Bank of Canada, both of which focused on servicing the UCITS market for regulated investment funds. Additionally, he was instrumental in the establishment and expansion, both organic and non-organic, of the Asset Management business of Unicredit Group in Europe and the US. Throughout his career, Mr. Kenny held positions that were subject to rigorous local and international regulatory oversight and a wide range of corporate and investment fund frameworks. Mr. Kenny is currently focused on Business Transformation Leadership.

BOARD OF DIRECTORS (continued)

Mr. Kenny graduated in Law from University College Dublin, qualified professionally in Ireland as a Solicitor, received a Professional Diploma in Corporate Governance from the UCD Smurfit Business School, earned an MSc from UCD Smurfit Business School, and is a former Chairman of the Irish Funds industry association.

Manuela Sperandeo (Italian) - Non-executive Director (appointed 22 November 2024): Manuela Sperandeo, Managing Director, is Co-Head of European iShares, responsible for leading the European iShares franchise, driving the growth of indexing and UCITS ETF adoption. She co-chairs the iShares EMEA Executive Committee and is member of the BlackRock European Operating Committee and the BlackRock European Client Committee. Manuela also serves on the board of the iShares PLCs.

Manuela has held a number of roles at BlackRock before, including Head of Europe & Middle East iShares Product, responsible for driving the product innovation agenda for the index business, Global Head of Sustainable Indexing, and Head of Factor, Sustainable and Thematic ETFs for the EMEA region. Manuela joined BlackRock in April 2014 from Barclays, where she spent 6 years working across several roles in the Investment Bank and the Wealth and Investment Management divisions. Most recently she was a Director at Barclays Capital Fund Solutions, an asset management business specializing in absolute return and alternative indexation strategies. Prior to Barclays she worked as an investment analyst at Alpstar, a credit hedge fund and as a Structured Derivatives Sales at Credit Suisse. Manuela has been a founding board member of the European chapter of Women in ETFs and has been recognised among the "Top 50 Most Influential Women in Sustainable Investing" and Investment Week "Investment Woman of the Year (Large Firms). Manuela earned an Economics Degree, with distinction, from Bocconi University in Milan and an MBA from Harvard Business School.

iSHARES IV PLC

CORPORATE GOVERNANCE STATEMENT

Introduction

The Board is committed to maintaining the highest standards of corporate governance and is accountable to shareholders for the governance of the Entity's affairs. The Entity is subject to the United Kingdom Financial Conduct Authority Listing Rules (the "FCA Listing Rules") as they apply to overseas open-ended investment funds under Chapter 16 of the FCA Listing Rules, and applicable chapters of the FCA Disclosure and Transparency Rules; available at http://www.fca.org.uk (the "DTR Rules"). The Entity is subject to the governance standards set out in the UK Corporate Governance Code 2018 (the "Code") issued by the Financial Reporting Council ("FRC"), which is applicable to accounting periods beginning on or after January 2019.

The Code is published by the FRC and is available to download from - http://www.frc.org.uk. The Entity has also voluntarily adopted the Irish Funds Corporate Governance Code for Collective Investment Schemes and Management Companies (Dec 2011) (the "Irish Funds Code") and, in addition, refers to this Code for the financial year under review. The Irish Funds Code can be obtained from the Irish Funds website at www.irishfunds.ie.

The Entity is also subject to corporate governance practices imposed by the UCITS Regulations which can be obtained from the CBI's website at https://www.centralbank.ie/regulation/industry-market-sectors/funds/ucits and are available for inspection at the registered office of the Entity.

The Board has considered the principles and recommendations of the Code and has put in place a framework for corporate governance which it believes both adheres to best practice and is appropriate for the Entity, given the nature of its structure as an investment company.

The sole objective of the Entity is the collective investment in transferable securities and/or other liquid financial assets referred to in Regulation 68 of the UCITS Regulations of capital raised from the public and which operates on the principle of risk spreading. The Constitution of the Entity provides that the Entity may offer separate classes of shares, each representing interests in a Fund comprising a distinct portfolio of investments. The specific investment objectives and policies of each Fund are formulated by the Board at the time of the creation of the Fund and any change to a Fund's investment objective and/or material change to the investment policy of a Fund is subject to the prior consent of shareholders evidenced by either a majority vote at a meeting of shareholders of a Fund or by written consent of all the shareholders.

This statement summarises the corporate governance structure and processes in place for the Entity for the financial year under review.

Complying with the Code and Irish Funds Code

The Board has made the appropriate disclosures in this report to ensure the Entity meets its obligations pursuant to the Code. The Entity has no employees and the Directors are all non-executive. The Board recognises that the shareholders of the Entity invest into a regulated investment company and considers that the governance structure and operational processes in place for the Entity are suitable for an investment company.

The Board considers that the Entity has complied with the relevant provisions contained within the Code throughout this financial year except, as explained below, where departure from the Code is considered appropriate given the Entity's position as an investment company. This Corporate Governance Statement, together with the Statement of Directors' Responsibilities, describes how the main principles of the Code are applied to the Entity.

The Entity confirms that it applied the principles and complied with all the provisions of the Code throughout the year except in relation to the following:

(i) the appointment and role of the Chief Executive (provision 14 of the Code);

(ii) executive Directors' remuneration (part 5 of the Code on remuneration);

(iii) the gender balance of those in the senior management and their direct reports (provision 23 of the Code), as there are no employees and an external corporate entity has been appointed as company secretary;

(iv) the need for an internal audit function (provision 25 and 26 of the Code);

CORPORATE GOVERNANCE STATEMENT (continued)

Complying with the Code and Irish Funds Code (continued)

(v) the need to establish a Remuneration Committee (provision 32 of the Code). Please see the "Report on Remuneration" on page 876 for details of remuneration governance for the BlackRock Group;

(vi) the need to assess and monitor culture and the approach to investing in and rewarding the workforce (provision 2 of the Code); and

(vii) a method for "workforce" engagement (principle E of the Code).

Due to the nature of its structure as an investment company, which has no workforce, the Board does not consider the above provisions relating to employees appropriate to the Entity. In relation to provisions of the Code on executive Directors' remuneration, there are no executive Directors on the Board and BlackRock employees who are also Directors do not receive remuneration for their role as Directors. Therefore, the Entity was not compliant with these provisions during and post the financial year under review.

The Board considers it appropriate for the Entity not to have its own internal audit function as all of the management and administration of the Entity is delegated to the Manager, Investment Manager, Administrator and Depositary.

The Code also includes provisions for the re-election of Directors by shareholders with which the Entity was in compliance during the financial year under review. Additionally, the Constitution provides that retiring Directors are eligible for re-appointment by the other Directors every three years.

The Board considers that the Entity has been in full compliance with the Irish Funds Code during the financial year under review.

Board composition

The Board currently consists of five non-executive Directors, four of whom are independent. The Board is committed to maintaining an appropriate balance of skills, experience, independence and knowledge amongst its members.

In accordance with the Code, the Board has carried out an assessment based on the independence requirements set out therein and has determined that, in its judgement Mr. William McKechnie, Ms. Deirdre Somers, Ms. Ros O'Shea and Mr. Padraig Kenny are independent within the meaning of those requirements. Ms. Manuela Sperandeo is an employee of BlackRock Group.

All independent Directors are independent of the Manager, the Investment Manager and other third-party service providers such as the Administrator and Depositary. The Board has also considered and is satisfied that the presence of four non-executive independent Directors (including the Chair) is appropriate for the Board. The Board has appointed Mr Padraig Kenny as the Senior Independent Director.

Each Director is compliant with the Standards of Fitness and Probity (the "Standards") issued by the Central Bank of Ireland pursuant to Section 50 of the Central Bank Reform Act 2010. Confirmation of compliance with the Standards is received from each Director prior to appointment and then at each Board meeting of the Entity. The Entity provides an annual confirmation to the Central Bank of the Board's compliance with the Standards.

The Board has adopted a conflicts of interest policy to identify and manage any actual, potential or perceived conflicts of interest. This includes the management of any influence of third parties such as the Manager, Investment Manager, Administrator and Depositary. No Directors have shareholdings in the Entity.

The Directors' biographies above collectively demonstrate a breadth of investment knowledge, business and financial skills which enables them to provide effective strategic leadership, oversight and proper governance of the Entity. Accordingly, the Board recommends the re-election of each Director.

Delegation of responsibilities

The Directors of the Entity have delegated the following areas of responsibility.

CORPORATE GOVERNANCE STATEMENT (continued)

Delegation of responsibilities (continued)

Management and administration

The Directors of the Entity have delegated the investment management, distribution and administration of the Entity and its Funds to the BlackRock Asset Management Ireland Limited (the"Manager").

The Manager has delegated the management of the investment portfolio and distribution of the Entity's shares to the Investment Manager. The Investment Manager operates under guidelines determined by the Manager and as detailed in the Entity's prospectus and the various supplementary prospectuses relating to the Entity's Funds. The Investment Manager has direct responsibility for the decisions relating to the day-to-day running of the Entity's Funds and is accountable to the Board of the Manager and the Entity for the investment performance of the Funds.

The Entity has appointed State Street Custodial Services (Ireland) Limited (the "Depositary") as Depositary of the assets with responsibility for the safe keeping of such assets, pursuant to the UCITS Regulations. As part of its fiduciary responsibility to the Entity, the Depositary provides a certain level of ongoing oversight of the Entity as well as reporting on the conduct of the Entity in each annual accounting period as set out in the Statement of the Depositary's Responsibilities.

The Board has established a Nominations Committee and an Audit Committee. The Directors have delegated certain functions to these committees. Please see the "Committees of the Board" section in this Corporate Governance Statement for further details.

Insurance

The Entity has maintained appropriate Directors' and Officers' liability insurance cover throughout the financial year.

Culture

The Board has an open culture where there is regular communication and discussion is encouraged. As the Entity is an investment company, with no employees and operating under a delegated model, the approach to culture is different to that of a company with employees, being more of an oversight model than one of direct engagement. In a delegated model, the oversight and monitoring role is a key element of cultural governance and the Board receive presentations from key service providers, such as the Manager, on how they manage and monitor culture within their organisations, to ensure their approach is aligned with the Board's. The Board has a specific responsibility to ensure that the Funds are managed in the best interests of investors and the decisions of the Board are focused on this responsibility. It is also the Board's responsibility to set the tone from the top and lead by example in boardroom discussion and interactions, in line with the Board's core values. These qualities and commitments are reflected in the Director recruitment process, together with the principles of diversity and inclusion. A presentation on culture is provided to the Board on an annual basis, and it was also a topic of discussion at the Board Evaluation.

Board's responsibilities

The Board meets monthly and also on an ad hoc basis as required. All Directors are expected to attend each meeting and the attendance at Board and Committee meetings during the year is set out on the following page. Directors are provided with relevant papers in advance of each Board meeting. In addition, electronic copies of meeting papers and other relevant information are available to Directors. If a Director is unable to attend a meeting, they will still receive the papers. It may be required for ad hoc Board meetings to be arranged at short notice, as such it may not always be possible for all Directors to attend such Board meetings.

The Board reserves to itself decisions relating to the determination of investment policy and objectives of the Funds and any change in investment strategies of the Funds, the appointment and removal of the Entity Secretary and entering into any material contracts. The Board also approves the prospectus, circulars to shareholders, listing particulars and other relevant legal and fund documentation. A formal schedule of matters specifically reserved for decision by the Board is maintained.

CORPORATE GOVERNANCE STATEMENT (continued)

Board's responsibilities (continued)

Any Director who resigns their position is obliged to confirm to the Board and the CBI that the resignation is not connected with any issues with or claims against the Entity. Furthermore, any Director who has concerns about the running of the Entity or a proposed course of action may provide a written statement to the Chair or Senior Independent Director outlining their concerns for circulation to the Board or alternatively may have their concerns formally recorded in the minutes of a Board meeting.

The Board has responsibility for ensuring that the Entity keeps adequate accounting records which disclose with reasonable accuracy at any time the financial position of the Entity and which enable it to ensure that the financial statements comply with the Companies Act and relevant accounting standards. It is the Board's responsibility for preparing the annual report and accounts, and to present a balanced and understandable assessment of the Entity's financial position, which extends to interim financial statements and other reports, which provides the information necessary for shareholders to assess the Entity's position, performance, business model and strategy. The Board is also responsible for safeguarding the assets of the Entity and for taking reasonable steps in the prevention and detection of fraud and other irregularities.

The Directors have access to the advice and services of the Entity Secretary, external counsel and the resources of the Manager and Investment Manager should they be needed. Where necessary, in the furtherance of their duties, the Board and individual Directors may seek independent professional advice.

Directors' induction and training

Prior to their appointment, each new Director receives a full and formal tailored induction incorporating relevant information regarding the Entity and their duties and responsibilities as a Director. In addition, a new Director is required to spend some time with representatives of the Manager and Investment Manager so that the new Director will become familiar with the various processes which the Manager and Investment Manager considers necessary for the performance of their duties and responsibilities to the Entity.

The Entity's policy is to encourage Directors to keep up to date with developments relevant to the Entity. The Directors have attended and will continue to attend updates and briefings run by the Manager and Investment Manager which are relevant to the Entity. The Directors also receive regular briefings from, amongst others, external auditors, investment strategists, depositaries and legal advisors regarding any proposed product developments or changes in laws or regulations that could affect the Entity. The Board is supplied with information in a timely manner and in a form and of a quality appropriate to enable it to discharge its duties. The training needs of the Directors are evaluated as part of the annual performance evaluation of the Board. Further information in respect of performance evaluation is provided below.

Performance evaluation

The Board formally reviews its performance on an annual basis and an appraisal system has been implemented for the Board, its supporting Committees and the individual Directors, including the Chair. This evaluation process assists in identifying individual Directors' training and development needs. The Board is satisfied with the robustness of the appraisal system and considers the current review and evaluation process adequate. The Board evaluation for 2025 was completed in 2026 with no material issues identified.

This performance evaluation also gives consideration to the accuracy, timeliness and clarity of information received by the Board in order to fulfil its duties and obligations.

The Board also reviewed the other time commitments of each Director to consider that they continued to have sufficient time to devote to their role with the Entity. Each Director advises of any changes to their time commitments at each Board meeting and the Entity provides an annual confirmation to the CBI that each Director continues to have sufficient time to devote their duties and responsibilities. The Board has no concerns in respect of the ability of each Director to devote sufficient time to their role. Details of Director attendance at Board and Committee meetings is detailed in this Corporate Governance Statement.

CORPORATE GOVERNANCE STATEMENT (continued)

Diversity report

The Nominations Committee, together with the Board, acknowledges the importance of diversity to enhance its operation. During the selection process the Board and Nominations Committee are committed to selecting those with diversity of business skills, experience and gender and candidates for appointment are considered based on these attributes. The Board's principle is that each member of the Board must have the skills, experience, knowledge and overall suitability that will enable each Director to contribute individually, and as part of the Board team, to the effectiveness of the Board. Subject to that overriding principle, the Board believes that diversity of experience and approach, including educational and professional background, gender, age and geographical provenance, amongst Board members is of great value when considering overall Board balance in making new appointments to the Board. The Board's priority is to ensure that it continues to have strong leadership and the relevant skills to deliver the business strategy. The implementation of the Board's diversity policy is monitored by the Nominations Committee which reviews the balance of skills, knowledge, experience and diversity on the Board and leads succession planning for appointments to the Board. The Nominations Committee will ensure that all selection decisions are based on merit and that recruitment is fair and non-discriminatory. The Board's policy is to have women make up at least 30% of the Board's membership and currently 60% of the Board are women. The current Board composition reflects diverse age, gender, educational and professional backgrounds.

The Board notes the introduction of specific board diversity targets in the FCA Listing Rules applicable for financial years starting on or after 1 April 2022. As an open-ended investment company these targets and associated updates to the FCA Listing Rules are not applicable.

The Board is aware of the benefits of diversity and continues to give consideration to all aspects of diversity as part of the annual Board evaluation.

Committees of the Board

Nominations Committee

The Board has established a Nominations Committee comprising of independent Directors. The Nominations Committee comprises of Mr William McKechnie (Chair), Ms Deirdre Somers and Ms Ros O'Shea. The key objective of the Nominations Committee is to ensure the Board comprises individuals with the appropriate balance of skills, experience, independence and knowledge appropriate to the Entity to ensure that it is effective in discharging its responsibilities and oversight of all matters relating to corporate governance.

The Nominations Committee is responsible for evaluating and nominating for the approval of the Board candidates to fill Board vacancies as and when they arise. Before a proposal is made to the Board, the Committee members will ensure that the capabilities required for a particular appointment have been considered. They will also ensure that on appointment to the Board, non-executive Directors receive a formal letter of appointment setting out clearly what is expected of them in terms of time commitment, committee service and involvement outside Board meetings.

There is continued focus on succession planning, building on work undertaken in previous years. The Committee continues to keep under review, on an ongoing basis, the structure, size and composition of the Board and its Committees, making recommendations to the Board as appropriate. Consideration is given to the tenure of the Board and anticipated retirements over the next few years, together with the need to ensure the appropriate mix of knowledge, skills and experience, and diversity. The Committee also considered the Entity's Diversity Policy and the Director Selection, Re-appointment and Removal Policy both of which were recommended to, and subsequently approved by, the Board.

CORPORATE GOVERNANCE STATEMENT (continued)

Committees of the Board (continued)

Nominations Committee (continued)

The process of identifying potential candidates gives due regard to the Entity's Diversity Policy, the Entity's Director Selection, Reappointment and Removal Policy and the need to ensure that the Board and its Committees have the appropriate mix of knowledge, skills and experience. Following, due consideration and formal Committee meetings, the Nominations Committee provides recommendations to the Board in respect of any proposed new Directors. The Board is ultimately responsible for the approval and appointment of any new Directors and the membership of the Nominations Committee and Audit Committee. Any appointment approved by the Board is subject to the approval of the proposed individual by the CBI.

When considering succession planning the Nominations Committee gives due consideration to the applicable regulations and legislations applicable to the Entity, including the requirements of the Code. This includes monitoring the length of tenure of Directors and consideration of the ongoing independence of Directors where applicable.

Based on its assessment for the year, the Committee is satisfied that, throughout the financial year, all independent non-executive directors remained independent, as to both character and judgement. The Committee, and the Board gave specific consideration to any director who had served over 6 years. In recommending Directors for re-election, the Committee reviews the performance of each non-executive Director and their ability to continue meeting the time commitments required, taking into consideration individual capabilities, skills and experiences and any relationships that have been disclosed. All Directors were considered to have appropriate roles.

The Board carried out an annual evaluation of its effectiveness during the year. This was an internal evaluation with no material issues identified. The Board feels that the current evaluation process is effective and sufficiently robust and therefore at the present time the Board does not feel that an externally facilitated Board evaluation is required.

The Nominations Committee meets at least annually in order to review the Committee's terms of reference and its own performance and to review the structure, size and composition of the Board. The Nominations Committee met on 20 June 2025 for this purpose.

The terms of reference of the Nominations Committee are available upon request.

Audit Committee

The Entity has established an Audit Committee which reports directly to the Board and meets on a monthly basis in order to discharge its duties. Further information on how the Audit Committee carried out its duties during the financial year under review is contained in the Audit Committee report.

The Board considered that all of the members of the Audit Committee were suitably qualified and had sufficient experience to discharge their responsibilities effectively. Furthermore, Ros O'Shea and Deirdre Somers are qualified accountants with relevant experience in financial matters as they pertain to investment companies.

CORPORATE GOVERNANCE STATEMENT (continued)

Committees of the Board (continued)

Audit Committee (continued)

The number of Board and Committee meetings and their attendance by members are set out on the table below.

Attendance record

	Board[1] 1 June 2025 to 31 May 2026		Audit Committee[2] of the Entity 1 June 2025 to 31 May 2026		Nominations Committee of the Entity 1 June 2025 to 31 May 2026	
	A*	B*	A*	B*	A*	B*

* Column A indicates the number of meetings held during the financial year the Director was a member of the Board or Committee and was eligible to attend. Column B indicates the number of meetings attended.

[1] There were twelve scheduled and two ad-hoc Board meetings held during the financial year.

[2] There were ten scheduled and no ad-hoc Audit Committee meetings held during the financial year.

Internal control and risk management

The Board is responsible for the risk management and internal controls of the Entity and for reviewing their effectiveness, for ensuring that financial information published or used within the business is reliable, and for regularly monitoring compliance with regulations governing the operation of the Entity. Particular responsibilities have been delegated to the Audit Committee as outlined in the Audit Committee report. The system is designed to manage and mitigate rather than eliminate the risk of failure to achieve the Entity's business objectives and can only provide reasonable and not absolute assurance against material misstatement or loss and relies on the operating controls established by the service providers. The Board is also responsible for overseeing the management of the most significant risks through the regular review of risk exposures and related key controls.

The Board reviews the Entity's principal and emerging risks and the control processes over the risks identified. The control processes cover financial, operational, compliance and risk management, and are embedded in the operational procedures of the Manager, the Investment Manager and other third-party service providers including the Administrator and the Depositary. There is a monitoring and reporting process to review these controls, which has been in place throughout the year under review and up to the date of this report. The Board can confirm that they have carried out a robust assessment of the principal and emerging risks facing the Entity, including those that would threaten its business model, future performance, solvency and liquidity, the principal risks are identified and explored in greater detail within the section 'Financial Instruments and Risks' which forms part of the financial statements. This section also explains how these risks are being managed and mitigated. The emerging risks are detailed later in this section.

The Manager considers emerging risks in numerous forums and the Risk and Quantitative Analysis team produces an annual risk survey. Any material risks of relevance to the Entity through the annual risk survey will be communicated to the Board. The Board will continue to assess these risks on an ongoing basis. In relation to the Code, the Board is confident that the procedures that the Entity has put in place are sufficient to ensure that the necessary monitoring of risks and controls has been carried out throughout the financial year.

The Board is responsible for establishing and maintaining adequate internal control and risk management systems of the Entity in relation to the financial reporting process. The Entity has procedures in place to ensure all relevant accounting records are properly maintained and are readily available, including production of annual and half-yearly financial statements. These procedures include appointing the Manager to maintain the accounting records of the Entity independently of the Investment Manager and the Depositary. The Manager has appointed the

CORPORATE GOVERNANCE STATEMENT (continued)

Internal control and risk management (continued)
Administrator to maintain the accounting records of the Entity. The annual and half-yearly financial statements of the Entity are required to be approved by the Board of Directors of the Entity and filed with the CBI and the London Stock Exchange. The financial statements are prepared in accordance with accounting standards generally accepted in Ireland, the Companies Act and the UCITS Regulations. The financial statements are required to be audited. The External Auditors' report, including any qualifications, is reproduced in full in the annual report of the Entity.

Monitoring and review activities
There are procedures designed for monitoring the system of internal control and risk management and to capture and evaluate any failings or weaknesses. Should a case be categorised by the Board as significant, procedures exist to ensure that necessary action is taken to remedy the failings.

During the financial year under review the Depositary reported to the Board on a quarterly basis.

The Depositary and the Administrator provides annual Service Organisational Control Reports outlining an overview of the controls environment adopted and applied by the Depositary and the Administrator to the Manager. The Manager reports annually on it to the Audit Committee of the Entity. The Manager receives a report from the Administrator on the internal controls of the administrative operations of the Entity and the Administrator reports to the Board on an annual basis.

Review of effectiveness
The Board has reviewed the effectiveness of the internal control and risk management systems (including financial, operational and compliance controls) in accordance with the Code for the year under review and up to the date of approval of the financial statements. The Board is not aware of any significant failings or weaknesses in internal control arising during this review. Had there been any such failings or weaknesses, the Board confirms that necessary action would have been taken to remedy them.

Going concern and viability statement
The going concern and viability statements are set out in the Directors' Report.

Remuneration
The Entity is an investment company and has no employees or executive Directors. The Board believes that the principles of Section 5 of the Code relating to remuneration do not apply to the Entity, except as outlined below, as the Entity has no executive Directors. No Director past or present has any entitlement to pensions, and the Entity has not awarded any share options or long-term performance incentives to any of them. No element of Directors' remuneration is performance-related or includes share options.

Those Directors who are also employees of the BlackRock Group are not entitled to receive a Director's fee. All other Directors have fees paid to them which are set out in service contracts with the Entity. The Board believes that the level of remuneration for those Directors who take a fee properly reflects the time commitment and responsibilities of their roles. The maximum amount of remuneration payable to the Directors is determined by the Board and is set out in the prospectus of the Entity.

The level of remuneration for the Chair and all independent non-executive Directors reflects the time commitment and responsibilities of the role. The terms of the aforementioned service contracts are for one year and include an assessment of the time commitment expected of each Director. The Directors also have a continuing obligation to ensure they have sufficient time to discharge their duties. The detail of each Director's, including the Chair's, other appointments and commitments are made available to the Board for inspection and all new appointments or significant commitments require the prior approval of the Investment Manager. The Directors, who are employees of the BlackRock group, have executed letters of appointment which include an assessment of the time commitment expected. Extracts of the service contracts as they relate to the Entity and letters of appointment are available for inspection on request and at each annual general meeting ("AGM").

No remuneration consultant has been appointed by the Entity.

CORPORATE GOVERNANCE STATEMENT (continued)

Communication with shareholders

The Entity is an Investment Company and the shareholders invest in its range of Funds in order to, inter alia, gain exposure to the expertise of the Investment Manager and its investment strategies. Given the nature of the Entity, it is not necessary or desirable for the Chair or any of the other Directors to discuss investment strategy with shareholders. Furthermore, the Manager has appointed the Investment Manager as distributor and it is this entity which is tasked with actively managing the relationship between the Entity and its shareholders.

The Board reviews monthly reports on shareholder communications and in addition, the Board reviews reports from the Manager's compliance function which include updates on shareholder complaints.

How the Board understands the views and interests of the Entity's key stakeholders and how the views and interests of the key stakeholders have been considered in board discussions and decision-making is described the section "Engagement with Stakeholders". The Entity keeps engagement mechanisms with stakeholders under review so that they remain effective.

The Board is responsible for convening the AGM and all other general meetings of the Entity. All shareholders have the opportunity to attend and vote at general meetings. Notice of general meetings is issued in accordance with the Companies Act and the Constitution of the Entity and notice of the annual general meeting is sent out at least 20 working days in advance of the meeting and any item not of an entirely routine nature is explained in a covering circular. For all other general meetings the notice is sent at least 14 working days in advance. All substantive matters put before a general meeting are dealt with by way of separate resolution, in accordance with the Constitution of the Entity. Proxy voting figures are noted by the Chair of the general meeting and the results of each general meeting, will be announced and made available on the iShares website shortly after the meeting. When it is the opinion of the Board that a significant proportion of votes have been cast against a resolution at any general meeting, the Board will explain when announcing the results what actions it intends to take to investigate and understand the reasoning behind the result.

General meetings are managed and run by the Entity Secretary with assistance from representatives of the Manager. Strategic issues and all operational matters of a material nature are determined by the Board. If the shareholders wish to engage on matters relating to the management of the Entity, then invariably they will wish to discuss these matters or meet with the Investment Manager.

The Board will accept requests to make individual Directors available to shareholders. One of the independent Directors is always available to attend general meetings. The Chair of the Audit and Nominations Committees will be available to attend general meetings and to answer questions if required, while the senior independent Director will be also available to liaise with shareholders where required.

Every holder of participating shares present in person or by proxy who votes on a show of hands is entitled to one vote. On a poll, every holder of participating shares present in person or by proxy is entitled to one vote in respect of each share held by him. The poll shall be taken in accordance with the Constitution.

Engaging with Stakeholders – Section 172 Statement

Building positive relationships with stakeholders is important to the Entity and working together towards shared goals assists the Board in delivering sustainable success. Throughout the financial year the Board considered the wider impact of strategic and operational decisions on the Entity's stakeholders. Engaging, consulting and acting on the needs of different stakeholders is critical for the development of a culture and strategy that achieves long-term sustainable success. The needs of different stakeholders are always considered as well as the consequences of any decision in the long-term and the importance of the Entity's and BlackRock Group's reputation for high standards of business conduct. It may not always be possible to provide a positive outcome for all stakeholders and the Board frequently has to make difficult decisions based on competing priorities. However, comprehensive engagement enables informed decision making taking into account the consequences for different stakeholders. To enable and ensure stakeholder considerations are at the heart of all corporate decision making, a wide range of papers relating to different stakeholder groups are presented and discussed regularly by the Board. The Entity engages in many different ways and this section outlines the key stakeholder groups, how the Entity interacts with them and how they inform strategic decision making. It also provides examples of key strategic decisions made during the year and the Board engagement involved. This section acts as the Section 172(1) statement in accordance with the UK Companies Act 2006, which applies to non-UK companies that report on their compliance with the Code.

CORPORATE GOVERNANCE STATEMENT (continued)

Engaging with Stakeholders – Section 172 Statement (continued)

- Our people: The Entity has no workforce, but an open and honest dialogue is actively encouraged within the Board of Directors. The Board of Directors carry out an annual Board Evaluation, where feedback is sought from the whole Board on any improvements and enhancements that are necessary, and an action plan is put in place.
- Our shareholders: The support and engagement of our shareholders is imperative to the future success of the business. The shareholder is at the core of what the Entity does, and the interests of shareholders is foremost in all decision making. The Board have ensured that it acted fairly with regard to shareholders at all times. The Investment Manager has productive ongoing dialogue with our shareholders and any material complaint received from a shareholder is reported to the Board. The Board have also received a presentation from the Client Experience Management team, to gain a better understanding of the shareholders needs and experience when investing in the Entity. The Board aims to understand the views of its shareholders and always to act in their best interests. In order to provide better access to all investors, we provide easy access for our shareholders to the Entity's AGM information, results and investor information, via our website. All Entity announcements are available on the London Stock Exchange.
- Our service providers: We build strong relationships with our service providers to develop mutually beneficial and lasting partnerships. The day-to-day management of the Entity is delegated to the Manager and engagement with other service providers is facilitated through the Manager. The service providers also regularly report to the Board. The Board recognises that relationships with service providers are important to the Entity's long-term success.
- Regulators: We have ongoing communication with the Irish regulator, the CBI, which is facilitated through the Manager and the Investment Manager. All regulatory engagements are reported to the Board. The Board is updated on legal and regulatory developments and takes these into account when considering future actions.
- Community, the environment and human rights issues: As an Entity with no employees, the Entity has no direct social or community responsibilities or impact on the environment. The Funds of the Entity track or replicate the constituents of a Benchmark Index.

AUDIT COMMITTEE REPORT

The Board has established an Audit Committee whose roles and responsibilities are detailed below.

Roles and responsibilities

The main responsibilities of the Audit Committee include considering and recommending to the Board for approval the contents of the interim and annual financial statements and providing an opinion as to whether the annual financial statements, taken as a whole, are fair, balanced and understandable and provide the information necessary for shareholders to assess the Entity's position, performance, business model and strategy. The Audit Committee also reviews related information presented within the financial statements, including statements concerning internal controls and risk management. In addition, the Audit Committee is responsible for approving the audit fees of the External Auditor, conducting a review of the Independent Auditor's report on the annual financial statements and reviewing and forming an opinion on the effectiveness of the external audit process and audit quality. Other duties include reviewing the appropriateness of the Entity's accounting policies and reporting to the Board on how it has discharged its responsibilities.

There are formal terms of reference in place for the Audit Committee. The terms of reference of the Audit Committee are available to shareholders on request.

The Audit Committee has met ten times during the financial year. These meetings were to consider various items including updates in the regulatory environment as they relate to the financial statements of the Entity, updates on the Entity's accounting policies and progress reports on the audit. The significant issues considered by the Audit Committee in relation to the financial statements are discussed below and overleaf.

Financial statements

The Audit Committee reviewed the interim financial statements, annual financial statements and the audit findings presentation from the External Auditors.

Significant issues considered in relation to the financial statements

During the year, the Audit Committee considered a number of significant issues and areas of key audit risk in respect of the Annual Report and Financial Statements. The Committee reviewed the external audit plan at an early stage and concluded that the appropriate areas of audit risk relevant to the Entity had been identified in the audit plan and that suitable audit procedures had been put in place to obtain reasonable assurance that the financial statements as a whole would be free of material misstatements. Below sets out the key areas of risk identified and also explains how these were addressed by the Committee.

1. Valuation

The Board has in place a hierarchical structure for the pricing of every asset class of the Entity which details the primary, secondary and tertiary pricing sources (the "Pricing Hierarchy"). The Administrator has been appointed for the purposes of valuing each asset class of the Entity. The Administrator follows the Pricing Hierarchy in this regard. During the year under review, monthly reporting was provided by the Investment Manager in which any exceptions to this process were identified and investigated and referred to the Board. The Audit Committee considers that the procedures that the Board has in place to monitor the Administrator and Investment Manager are adequate and appropriate. The Audit Committee discussed with the External Auditor the results of the financial year end audit procedures over the valuation of investments. No significant exceptions to valuation of the assets were noted during the financial year under review.

AUDIT COMMITTEE REPORT (continued)

Roles and responsibilities (continued)

Significant issues considered in relation to the financial statements (continued)

2. Existence

In order to gain comfort on the existence of the assets of the Entity, a daily reconciliation of all asset classes is performed by the Administrator between their records and the separate records held by counterparties, the Depositary and the Investment Manager. During the financial year under review, any material exceptions identified by these reconciliations were reported on a monthly basis by the Investment Manager and quarterly by the Administrator and Depositary. The Depositary also provided a report in relation to the oversight of its global sub-custodian and global custody network and any exceptional items regarding existence of assets of the Entity were referred for consideration by the Audit Committee. The Audit Committee considers that the procedures that the Board has in place to monitor the Administrator and Investment Manager are adequate and appropriate. The Audit Committee discussed with the external auditor the results of the financial year end audit procedures over the existence of investments. No material exceptions to the existence of the assets were noted during the year under review.

3. Risk of management override

The Depositary and Administrator provided reports to the Manager on an annual basis on the controls in place to minimise the risk of management override. In addition to this, the Manager has reviewed the Statement on Service Organisational Control (the "SOC1") prepared by the Depositary and Administrator to further ensure that the relevant control procedures were in place to minimise the risk of management override. The SOC1 of the Investment Manager is also presented annually for review. Any exceptions noted were referred to the Audit Committee for further review. No significant exceptions in respect of the risk of management override were noted during the year under review.

Fair, balanced and understandable

The production and audit of the financial statements is a comprehensive process requiring input from a number of different contributors. Following the adoption of the Code by the Entity, the Board requested that the Audit Committee advises on whether it believes the financial statements, taken as a whole, are fair, balanced and understandable and provide the information necessary for shareholders to assess the Entity's position and performance, business model and strategy. In doing so the Audit Committee has given consideration to the following:

- The comprehensive reviews that are undertaken at different levels in the production process of the financial statements, by the Manager and the Administrator;
- The comprehensive review also undertaken during the production process by the Investment Manager;
- The comprehensive review undertaken by the Audit Committee that aimed to ensure consistency, overall balance and appropriate disclosure;
- The controls that are in place at the Investment Manager, the Administrator and Depositary, to ensure the completeness and accuracy of the Entity's financial records and the security of the Entity's assets;
- The existence of satisfactory SOC1 control reports reviewing the effectiveness of the internal controls of the Investment Manager, the Administrator and the Depositary; and
- The timely identification and resolution of any significant audit risks, process errors or control breaches that may have impacted the Entity's Net Assets Value ("NAV") and accounting records and how successfully any issues in respect of areas of accounting judgement were identified and resolved.

As a result of the work performed, the Audit Committee has concluded that the financial statements for the year ended 31 May 2026, taken as a whole, are fair, balanced and understandable and provide the information necessary for shareholders to assess the Entity's position, performance, business model and strategy. The Audit Committee has reported on these findings to the Board and recommended the approval of the financial statements to the Board. The Board's conclusions in this respect are set out in the Statement of Directors' Responsibilities.

External Auditor

To assess the effectiveness of the external audit, members of the Audit Committee work closely with the Investment Manager and the Manager to obtain a good understanding of the progress and efficiency of the audit.

AUDIT COMMITTEE REPORT (continued)

External Auditor (continued)
In relation to the audit process, feedback on the role of the Investment Manager and the Manager, is sought from relevant parties involved, notably the audit partner and audit team. The External Auditor is invited to attend the Audit Committee meetings at which the annual financial statements are considered.

Deloitte Ireland LLP ("Deloitte") were appointed as independent auditors of the Entity on 9 November 2018 and the lead audit partner rotates every five years to assure independence. To form a conclusion with regard to the independence of the External Auditor, the Audit Committee considers whether their skills and experience make them a suitable supplier of non- audit services and whether there are safeguards in place to ensure that there is no threat to their objectivity and independence in the conduct of the audit resulting from the provision of such services. The audit and assurance services fees are disclosed in note 18 of the financial statements of the Entity.

On an annual basis, the External Auditor reviews the independence of its relationship with the Entity and reports this to the Board. The Audit Committee also receives information about policies and processes for maintaining independence and monitoring compliance with relevant requirements from the Entity's External Auditors, including information on the rotation of audit partners and staff, details of any relationships between the audit firm and its staff and the Entity as well as an overall confirmation from the External Auditors of their independence and objectivity.

As a result of its review, the Audit Committee has concluded that Deloitte, as External Auditor, is independent of the Entity. The Audit Committee has conducted a review of independence of the External Auditor and has in place a pre-approval policy on the engagement of the External Auditor to supply non-audit services.

Internal Audit
The Board considers it appropriate for the Entity not to have its own internal audit function as all of the management and administration of the Entity is delegated to the Manager, Investment Manager, Administrator and Depositary.

Audit Committee Effectiveness
The performance of the Audit Committee is reviewed at least annually. The Audit Committee evaluation for 2025 took place in 2026 with no material issues identified.

Deirdre Somers
Chair of the Audit Committee
26 August 2026

iSHARES IV PLC

DIRECTORS' REPORT

The Directors present their report and audited financial statements for the financial year ended 31 May 2026.

Statement of Directors' responsibilities

The Directors are responsible for preparing the annual report and the audited financial statements in accordance with applicable Irish law and FRS 102 "The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland" issued by the Financial Reporting Council, and in compliance with the Irish Companies Act 2014 (as amended) and the UCITS Regulations and the Listing Rules of the London Stock Exchange ("LSE").

Under Irish law, the Directors shall not approve the audited financial statements unless they are satisfied that they give a true and fair view of the Entity's assets, liabilities and financial position as at the end of the financial year and the profit or loss of the Entity for the financial year.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with applicable accounting standards and identify the standards in question, subject to any material departures from those standards being disclosed and explained in the notes to the financial statements; and
- prepare the financial statements on a going concern basis unless it is inappropriate to presume that the Entity will continue in business.

The Directors confirm that they have complied with the above requirements in preparing the audited financial statements.

The Directors are responsible for keeping adequate accounting records that are sufficient to:

- correctly record and explain the transactions of the Entity;
- enable, at any time, the assets, liabilities, financial position and profit or loss of the Entity to be determined with reasonable accuracy; and
- enable the Directors to ensure that the financial statements and Directors' Report comply with the Companies Act 2014 (as amended) and enable those financial statements to be audited.

In order to secure compliance with the Entity's obligation to keep adequate accounting records the Directors have appointed the Manager who in turn has appointed State Street Fund Services (Ireland) Limited for the purpose of maintaining adequate accounting records. Accordingly, the accounting records are kept at the following address on behalf of the Administrator:

State Street Fund Services (Ireland) Limited
78 Sir John Rogerson's Quay
Dublin 2
D02 HD32
Ireland

The Directors are also responsible for safeguarding the assets of the Entity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities. The Directors have entrusted the assets of the Entity to the Depositary for safekeeping in accordance with the Constitution of the Entity. In this regard the Directors have appointed State Street Custodial Services (Ireland) Limited as Depositary pursuant to the terms of the Depositary Agreement. The address at which this business is conducted is as follows:

State Street Custodial Services (Ireland) Limited
78 Sir John Rogerson's Quay
Dublin 2
D02 HD32
Ireland

DIRECTORS' REPORT (continued)

Statement of Directors' responsibilities (continued)

The audited financial statements are published on the https://www.ishares.com website. The Directors, together with the Manager and the Investment Manager are responsible for the maintenance and integrity of the financial information included on this website. Legislation in the Republic of Ireland governing the presentation and dissemination of the financial statements may differ from legislation in other jurisdictions.

The Code also requires Directors to ensure that the annual report and audited financial statements are fair, balanced and understandable and provide the information necessary for shareholder to assess the Entity's position and performance, business model and strategy. In order to reach a conclusion on this matter, the Directors have requested that the Audit Committee advise on whether they consider that the financial statements fulfil these requirements. The process by which the Audit Committee has reached these conclusions is set out in the Audit Committee report. As a result of a comprehensive review, the Directors have concluded that the financial statements for the financial year ended 31 May 2026, taken as a whole, are fair, balanced and understandable and provide the information necessary for shareholder to assess the Entity's position, performance, business model and strategy.

Directors' compliance statement

In accordance with Section 225 of the Companies Act 2014 (as amended), the Directors acknowledge that they are responsible for securing the Entity's compliance with its relevant obligations and confirm that:

1. A compliance policy has been prepared setting out the Entity's procedures (that, in the Directors' opinion, are appropriate to the Entity) for ensuring compliance by the Entity with its relevant obligations;
2. An adequate structure is in place, that in the Directors' opinion, is designed to secure material compliance with the Entity's relevant obligations; and
3. An annual review procedure has been put in place to review the Entity's relevant obligation and ensure a structure is in place to comply with these obligations.

Results and dividends

The results and dividends for the financial year of the Entity are set out in the income statement.

The Manager has made a successful application for "Reporting Fund" status to apply to certain share classes under the Statutory Instrument 2009/3001 (The Offshore Funds (Tax) Regulations 2009) of the UK. A list of the share classes which currently have 'reporting fund' status is available at https://www.gov.uk/government/publications/offshore-funds-list-of-reporting-funds.

Review of business and future developments

The specific investment objectives and policies, as set out in the prospectus of the Entity are formulated by Directors at the time of the creation of the Fund. Investors in a Fund are expected to be informed investors who have taken professional advice, are able to bear capital and income risk, and should view investment in a Fund as a medium to long term investment. A description of the Fund, its performance review and a market review can be found in the Background section and the Investment Manager's report. The performance review encompasses tracking error and tracking difference disclosures which are key metrics as to how well the Funds have been managed against their benchmark indices.

Risk management objectives and policies

The risks facing the Entity relate to the financial instruments held by it and are set out in the financial risks section of the financial statements.

Subsequent events after the financial year end

The subsequent events which have occurred since the balance sheet date are set out in the notes to the audited financial statements.

Directors' and Company Secretary's interests

The Directors and Company Secretary had no interests in the shares of the Entity during or at the end of the financial year (2025: Nil).

The Directors and Company Secretary had no interests in the debentures of the Entity during or at the end of the financial year (2025: Nil).

DIRECTORS' REPORT (continued)

Directors' and Company Secretary's interests (continued)
Manuela Sperandeo is a non-executive Director and also employee of the BlackRock Group.

No Director had at any time during the financial year, a material interest in any contract of significance, during or at the end of the financial year in relation to the business of the Entity (2025: Nil).

Going concern
The financial statements of the Entity have been prepared on a going concern basis. The Entity is able to meet all of its liabilities from its assets. The performance, marketability and risks of the Funds are reviewed on a regular basis throughout the financial year. Therefore, the Directors believe that the Entity will continue in operational existence for the foreseeable future and is financially sound. The Directors are satisfied that, at the time of approving the financial statements, it is appropriate to adopt the going concern basis in preparing the financial statements of the Entity.

Viability statement
The Code includes a provision for companies to include a "Viability Statement" addressed to shareholders with the intention of providing an improved and broader assessment of long-term solvency and liquidity. The Code does not define "long term" but expects the period to be longer than 12 months with individual companies choosing a financial period appropriate to the nature of their own business. The Board conducted this review for the financial period up to the AGM in 2029. The reason the Directors consider three years to be an appropriate financial period to review is that they do not expect there to be any significant change in the Entity's current principal risks and adequacy of the mitigating controls during that period. Furthermore, the Directors do not envisage any change in the objective of the Entity, as disclosed in the Background section of the annual report and audited financial statements, or any other events that would prevent the Entity from continuing to operate over that financial period as the Entity's assets are sufficiently liquid and the Entity intends to continue to operate as an investment company. This financial period has been chosen, as a financial period longer than three years creates a level of future uncertainty for which a Viability Statement cannot, in the Directors' view, be made meaningfully. In making this assessment the Directors have considered the following factors:

- the Entity's principal risks as set out in the Financial Risks section of the financial statements;
- the ongoing relevance of the Entity's objective in the current environment; and
- the level of investor demand for the Funds offered by the Entity.

The Directors have also considered a number of financial metrics in its assessment, including:

- the level of ongoing charges, both current and historic;
- the level of capital activity, both current and historic;
- the level of income generated; and
- the liquidity, tracking error and tracking difference of each Fund.

The Directors have concluded that the Entity would be able to meet its ongoing operating costs as they fall due as a consequence of:

- a diverse product offering that meets the needs of investors; and
- overheads which comprise a small percentage of net assets.

Based on the results of their analysis, the Directors have a reasonable expectation that the Entity will be able to continue in operation and meet its liabilities as they fall due over the financial period of their assessment.

Independent auditor
On 28 November 2018, Deloitte, was appointed in accordance with section 380 of the Companies Act 2014 (as amended).

DIRECTORS' REPORT (continued)

Statement of relevant audit information

So far as the Directors are aware, there is no relevant audit information of which the Entity's auditors are unaware. The Directors have taken all the steps that should have been taken as Directors in order to make themselves aware of any relevant audit information and to establish that the Entity's auditors are aware of that information.

On behalf of the Directors

Director

iSHARES IV PLC

DEPOSITARY'S REPORT TO THE SHAREHOLDERS

We have enquired into the conduct of BlackRock Asset Management Ireland Limited as the Manager of iShares IV plc (the "Entity") and into the conduct of the Entity itself for the financial year ended 31 May 2026, in our capacity as Depositary to the Entity.

This report including the opinion has been prepared solely for the shareholders in the Entity, in accordance with Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations, and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown.

Responsibilities of the Depositary
Our duties and responsibilities are outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations. One of those duties is to enquire into the conduct of the Manager and the Entity in each annual accounting year and report thereon to the shareholders.

Our report shall state whether, in our opinion, the Entity has been managed in that financial year in accordance with the provisions of the Entity's Constitution (the "Constitution") and the UCITS Regulations. It is the overall responsibility of the Manager and the Entity to comply with these provisions. If the Manager or the Entity has not so complied, we as Depositary must state why this is the case and outline the steps which we have taken to rectify the situation.

Basis of Depositary opinion
The Depositary conducts such reviews as it, in its reasonable opinion, considers necessary in order to comply with its duties as outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations and to ensure that, in all material respects, the Entity has been managed:

(i) In accordance with the limitations imposed on its investment and borrowing powers by the provisions of the Entity's Constitution and the UCITS Regulations; and

(ii) Otherwise in accordance with the Entity's constitutional documentation and the appropriate regulations.

Opinion
In our opinion, the Entity has been managed during the year, in all material respects:

(i) in accordance with the limitations imposed on the investment and borrowing powers of the Entity by the Constitution, the UCITS Regulations and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2026 ('the Central Bank UCITS Regulations'); and

(ii) otherwise in accordance with the provisions of the Constitution, the UCITS Regulations and the Central Bank UCITS Regulations.

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF ISHARES IV PLC

Report on the audit of the financial statements

Opinion on the financial statements of iShares IV PLC (the 'entity')

In our opinion the financial statements:

- give a true and fair view of the assets, liabilities and financial position of the entity as at financial year ended 31st May 2026 and of the profit for the financial year then ended; and
- have been properly prepared in accordance with the relevant financial reporting framework, the applicable Regulations and, in particular, with the requirements of the Companies Act 2014.

The financial statements we have audited comprise:

- the Income Statement;
- the Statement of Changes in Net Assets Attributable to Redeemable Shareholders;
- the Balance Sheet;
- the related notes 1 to 20, including a summary of significant accounting policies as set out in note 2; and
- the Schedules of Investments.

The relevant financial reporting framework that has been applied in their preparation is the Companies Act 2014 and FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" issued by the Financial Reporting Council ("the relevant financial reporting framework").

The applicable regulations that have been applied in their preparation is the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 and Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations, 2019 ("the applicable Regulations").

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are described below in the "*Auditor's responsibilities for the audit of the financial statements*" section of our report.

We are independent of the entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), as applied to public interest entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Summary of our audit approach

Key audit matters	The key audit matters that we identified in the current year were: • Valuation of financial assets and liabilities at fair value through profit or loss • Existence of financial assets and liabilities at fair value through profit or loss

Deloitte.

Materiality	The materiality that we used in the current year was 0.5% of the average net assets for each Fund.
Scope	The entity is incorporated as an open-ended investment company with variable capital and is organised under the laws of Ireland as a public limited company pursuant to the Companies Act 2014 and engages BlackRock Asset Management Ireland Limited (the "Manager") to manage certain duties and responsibilities with regards to the day-to-day management of the entity. Our audit is a risk based approach taking into account the structure of the entity, types of investments, the involvement of the third parties service providers, the accounting processes and controls in place and the industry in which the entity operates.
Significant changes in our approach	There have been no significant changes in our approach from the prior year.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Our evaluation of the Directors' assessment of the entity's ability to continue to adopt the going concern basis of accounting included:

- As part of our risk assessment procedures, we obtained an understanding of the relevant controls in place regarding going concern.
- Challenged the reasonableness of the key assumptions applied by the Directors in their assessment.
- Held discussions with management on the Directors' going concern assessment, the future plans for the entity and the feasibility of those plans.
- Reviewed all board meeting minutes during the period up to the date of approval of the financial statements, for evidence of any discussions and/or decisions that could impact the entity's ability to continue as a going concern.
- Reviewed the capital activity and Net Asset Value movements subsequent to the financial year end.
- Assessed the adequacy of the relevant going concern disclosures made in the financial statements.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the entity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

In relation to the reporting on how the group has applied the UK Corporate Governance Code, we have nothing material to add or draw attention to in relation to the Directors' statement in the financial statements about whether the Directors considered it appropriate to adopt the going concern basis of accounting.

Our responsibilities and the responsibilities of the Directors with respect to going concern are described in the relevant sections of this report.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current financial year and include the most significant assessed risks of material misstatement (whether or not due to fraud) we identified, including those which had the greatest effect on: the overall audit strategy, the allocation of resources in the audit; and directing the efforts of the engagement team.

These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation of Financial Assets and Liabilities at Fair Value Through Profit or Loss	
Key audit matter description 	For the financial year ended, the financial assets and liabilities at fair value through profit or loss of the entity is £187,507m representing 99.4% of the total net assets of £188,699m. While the nature of the financial assets and liabilities at fair value through profit or loss do not require significant levels of judgment their valuation is considered a key audit matter as it comprises the most significant balance on the balance sheet. There is a risk that financial assets and liabilities at fair value through profit or loss are valued incorrectly, inappropriate valuation methodologies are applied, and the use of inappropriate assumptions could result in the valuation being materially misstated. Refer also to notes 2.2, 3 and 4 in the financial statements.
How the scope of our audit responded to the key audit matter 	We have performed the following procedures to address the key audit matter: • We obtained the State Street Administration Services (Ireland) Limited ("SS") SOC 1 Report in order to gain an understanding and evaluate the design and implementation of key controls over the valuation process for financial assets and liabilities at fair value through profit or loss; • We independently valued financial assets and liabilities at fair value through profit or loss by using independent market feeds. We compared the prices published by independent pricing sources to the investment portfolio; and • We independently valued forward currency contracts by obtaining forward rates from third party pricing vendors and comparing these rates to the forwards rates recorded in the investment portfolio.
Existence of Financial Assets and Liabilities at Fair Value Through Profit or Loss	
Key audit matter description 	For the financial year ended, the financial assets and liabilities at fair value through profit or loss entity is £187,507m representing 99.4% of the total net assets of £188,699m. The existence of financial assets and liabilities at fair value through profit or loss is crucial to ensuring the financial statements are free from material misstatement and involves a significant audit effort in performing audit procedures. There is a risk that the financial assets and financial liabilities may not exist at year end. Refer also to notes 2.2, 3 and 4 in the financial statements.
How the scope of our audit responded to the key audit matter	We have performed the following procedures to address the key audit matter: • We obtained the SS SOC 1 Reports in order to gain an understanding and evaluate the design and implementation of key controls over the reconciliation process for financial assets and liabilities at fair value through profit or loss; and • We obtained independent confirmations from the custodians and counterparties at the financial year end and agreed the amounts held to the investment portfolio.

Our audit procedures relating to these matters were designed in the context of our audit of the financial statements as a whole, and not to express an opinion on individual accounts or disclosures. Our opinion on the financial statements is not modified with respect to any of the risks described above, and we do not express an opinion on these individual matters.

Our application of materiality

We define materiality as the magnitude of misstatement that makes it probable that the economic decisions of a reasonably knowledgeable person, relying on the financial statements, would be changed or influenced. We use materiality both in planning the scope of our audit work and in evaluating the results of our work.

We determined materiality for each Fund to be 0.5% of average net assets. We have considered the average net assets to be the critical component for determining materiality because the main objective of each Fund is to provide investors with a total return. We have considered quantitative and qualitative factors such as understanding the entity and its environment, history of misstatements, complexity of the entity and reliability of control environment.

We set performance materiality at a level lower than materiality to reduce the probability that, in aggregate, uncorrected and undetected misstatements exceed the materiality for the financial statements as a whole. Performance materiality was set at 80% of materiality for the 2026 audit (2025: 80%). In determining performance materiality, we considered the following factors:

- our understanding of the entity and the industry in which it operates;
- the quality of the control environment and whether we were able to rely on controls;
- assessment of risks of material misstatement, including fraud risks; and
- the nature, volume and size of misstatements (if any) identified in the current and previous audit.

We agreed with the Audit Committee that we would report to them any audit differences in excess of 10% of materiality, as well as differences below that threshold that, in our view, warranted reporting on qualitative grounds. We also report to the Audit Committee on disclosure matters that we identified when assessing the overall presentation of the financial statements.

An overview of the scope of our audit

Our audit is a risk based approach taking into account the structure of the entity, types of investments, the involvement of the third parties service providers, the accounting processes and controls in place and the industry in which the entity operates. The entity is incorporated as an open-ended investment company with variable capital and is organised under the laws of Ireland as a public limited company pursuant to the Companies Act 2014. The entity is authorised by the Central Bank of Ireland ("the Central Bank") as a UCITS (Undertakings for Collective Investment in Transferable Securities) pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011. The entity is organised as an umbrella fund with segregated liability between each Fund. We assess the risks of each Fund separately. We have conducted our audit based on the books and records maintained by the administrator State Street Fund Services (Ireland) Limited at 78 Sir Rogerson's Quay, Dublin 2.

Other information

The other information comprises the information included in the Annual report and audited financial statements, other than the financial statements and our auditor's report thereon. The Directors are responsible for the other information contained in the Annual report and audited financial statements.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Deloitte.

Responsibilities of Directors

As explained more fully in the Statement of Directors' Responsibilities, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view and otherwise comply with the Companies Act 2014, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the entity or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on IAASA's website at: https://iaasa.ie/publications/description-of-the-auditors-responsibilities-for-the-audit-of-the-financial-statements/. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

Identifying and assessing potential risks related to irregularities

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, we considered the following:

- the nature of the company's industry, control environment and business performance;
- the company's documentation of their policies and procedures relating to fraud and compliance with laws and regulations;
- results of our enquiries of management about their own identification and assessment of the risks of irregularities;
- any matters we identified having obtained and reviewed the company's documentation of their policies and procedures relating to:
    - identifying, evaluating and complying with laws and regulations and whether they were aware of any instances of non-compliance;
    - detecting and responding to the risks of fraud and whether they have knowledge of any actual, suspected or alleged fraud;
    - the internal controls established to mitigate risks of fraud or non-compliance with laws and regulations; and
- the matters discussed among the audit engagement team and relevant internal specialists, including how and where fraud might occur in the financial statements and any potential indicators of fraud.

As a result of these procedures, we considered the opportunities and incentives that may exist within the organisation for fraud and identified the greatest potential for fraud in revenue recognition with respect to net change in unrealised gains/(losses) on investments in securities. In common with all audits under ISAs (Ireland), we are also required to perform specific procedures to respond to the risk of management override.

We also obtained an understanding of the legal and regulatory framework that the company operates in, focusing on provisions of those laws and regulations that had a direct effect on the determination of material amounts and disclosures in the financial statements. The key laws and regulations we considered in this context included the Companies Act 2014, and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as amended).

In addition, we considered provisions of other laws and regulations that do not have a direct effect on the financial statements but compliance with which may be fundamental to the company's ability to operate or to avoid a material penalty. These included the applicable Listing Rules.

Audit response to risks identified

As a result of performing the above, we did not identify any key audit matters related to the potential risk of fraud or non-compliance with laws and regulations.

Our procedures to respond to risks identified included the following:

- reviewing the financial statement disclosures and testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- enquiring of management and the audit committee concerning actual and potential litigation and claims;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- reading minutes of meetings of those charged with governance;
- in addressing the risk of fraud in revenue recognition, independently valuing all securities using our own market feed and completing an unrealised gain/loss reconciliation; and
- in addressing the risk of fraud through management override of controls, testing the appropriateness of journal entries and other adjustments; assessing whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluating the business rationale of any significant transactions that are unusual or outside the normal course of business.

We also communicated relevant identified laws and regulations and potential fraud risks to all engagement team members including internal specialists and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

Report on other legal and regulatory requirements

Opinion on other matters prescribed by the Companies Act 2014

Based solely on the work undertaken in the course of the audit, we report that:

- We have obtained all the information and explanations which we consider necessary for the purposes of our audit.
- In our opinion the accounting records of the entity were sufficient to permit the financial statements to be readily and properly audited.
- The financial statements are in agreement with the accounting records.
- In our opinion the information given in the Directors' report is consistent with the financial statements and the Directors' report has been prepared in accordance with the Companies Act 2014.

Deloitte.

Corporate Governance Statement required by the Companies Act 2014

We report, in relation to information given in the Corporate Governance Statement on pages 27 to 36 that:

- In our opinion, based on the work undertaken during the course of the audit, the information given in the Corporate Governance Statement pursuant to subsections 2(c) of section 1373 of the Companies Act 2014 is consistent with the entity's statutory financial statements in respect of the financial year concerned and such information has been prepared in accordance with the Companies Act 2014. Based on our knowledge and understanding of the entity and its environment obtained in the course of the audit, we have not identified any material misstatements in this information.

- In our opinion, based on the work undertaken during the course of the audit, the Corporate Governance Statement contains the information required by Regulation 6(2) of the European Union (Disclosure of Non-Financial and Diversity Information by certain large undertakings and groups) Regulations 2017 (as amended); and

- In our opinion, based on the work undertaken during the course of the audit, the information required pursuant to section 1373(2)(a),(b),(e) and (f) of the Companies Act 2014 is contained in the Corporate Governance Statement.

Corporate Governance Statement

The Listing Rules and ISAs (Ireland) require us to review the Directors' statement in relation to going concern, longer-term viability and the part of the Corporate Governance Statement relating to the group's compliance with the provisions of the UK Corporate Governance Code specified for our review.

Based on the work undertaken as part of our audit, we have concluded that each of the following elements of the Corporate Governance Statement is materially consistent with the financial statements and our knowledge obtained during the audit:

- the Directors' statement with regards the appropriateness of adopting the going concern basis of accounting and any material uncertainties identified set out on page 42;
- the Directors' explanation as to its assessment of the entity's prospects, the period this assessment covers and why the period is appropriate set out on page 42;
- the Directors' statement on fair, balanced and understandable set out on page 41;
- the board's confirmation that it has carried out a robust assessment of the emerging and principal risks and the disclosures in the annual report that describe the principal risks and the procedures in place to identify emerging risks and an explanation of how they are being managed or mitigated set out on page 33;
- the section of the annual report that describes the review of effectiveness of risk management and internal control systems set out on page 33-34; and
- the section describing the work of the audit committee set out on page 37 to 39.

Matters on which we are required to report by exception

Based on the knowledge and understanding of the entity and its environment obtained in the course of the audit, we have not identified material misstatements in the Directors' report.

We have nothing to report in respect of the provisions in the Companies Act 2014 which require us to report to you if, in our opinion, the disclosures of Directors' remuneration and transactions specified by law are not made.

Other matters which we are required to address

We were appointed by the directors on 9 November 2018 to audit the financial statements for the financial period end date 31 May 2019 and subsequent financial periods. The period of total uninterrupted engagement including previous renewals and reappointments of the firm is 8 years, covering the years ending 31 May 2019 to 31 May 2026.

Deloitte.

The non-audit services prohibited by IAASA's Ethical Standard were not provided and we remained independent of the entity in conducting the audit.

Our audit opinion is consistent with the additional report to the directors we are required to provide in accordance with ISA (Ireland) 260.

Use of our Report

This report is made solely to the entity's shareholders, as a body, in accordance with Section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the entity's shareholders those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the entity and the entity's shareholders as a body, for our audit work, for this report, or for the opinions we have formed.

[1] The Fund terminated in a prior financial year and continues to hold residual balances and is pending revocation by the CBI.

The accompanying notes form an integral part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

1. General information

The Entity is an open-ended investment company domiciled and incorporated under the laws of Ireland as a public limited company. The Entity is authorised by the CBI and is governed by the provisions of the UCITS Regulations with its registered office at J.P. Morgan, 200 Capital Dock, 79 Sir John Rogerson's Quay, Dublin 2, D02 RK57, Ireland.

2. Material accounting policies

2.1 Basis of preparation

The financial statements are prepared in accordance with FRS 102, "The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland" issued by the Financial Reporting Council.

The financial statements are prepared on a going concern basis under the historical cost convention as modified by the revaluation of financial assets and financial liabilities held at fair value through profit or loss.

The Entity has availed of the exemption available to open-ended investment funds that hold a substantial proportion of highly liquid and fair valued investments under Section 7 of FRS 102 and is not presenting a statement of cash flows.

The Entity has determined that the headings and sub-headings of the financial statements require adaptation from the requirements in the Companies Act 2014 (as amended) to more appropriately reflect the Entity's business as an investment fund.

All amounts have been rounded to the nearest thousand, unless otherwise indicated. Amounts which are less than 500 in each Fund's base currency, have been rounded down to zero.

2.2 Financial instruments

The Entity has chosen to implement the recognition and measurement provisions of IAS 39 and only the disclosure requirements of Sections 11 and 12 FRS 102 as they relate to financial instruments.

2.2.1 Classification

The Entity classifies its investments in debt instruments, equity instruments and derivatives as financial assets or financial liabilities at fair value through profit or loss. These financial assets and financial liabilities are classified as held for trading or designated at fair value through profit or loss at inception. All the derivatives investments are held for trading purposes. All other financial assets and financial liabilities including cash, cash equivalents, receivables and payables are classified at amortised cost using the effective interest method.

2.2.2 Recognition and derecognition

The Entity recognises a financial asset or a financial liability when it becomes a party to the contractual provisions of the instrument. Purchases and sales of investments are recognised on the day the trade takes place.

Realised gains and losses on disposals of financial instruments are calculated using the weighted average cost method. For instruments held long, they represent the difference between the initial carrying amount and disposal amount. For instruments held short, they represent the difference between the proceeds received and the opening value. For derivative contracts, they represent the cash payments or receipts made on derivative contracts (excluding those on collateral or margin accounts for such instruments).

Financial assets are derecognised when the rights to receive cash flows from the asset have expired or the risks and rewards of ownership have all been substantially transferred. Financial liabilities are derecognised when the obligation under the liability is discharged, cancelled or expired.

2. Material accounting policies (continued)

2.2 Financial instruments (continued)

2.2.3 Measurement

All financial instruments are initially recognised at fair value.

Financial assets and financial liabilities at fair value through profit or loss are subsequently measured at fair value. Transaction costs on purchases or sales of investments and gains and losses arising from changes in the fair value of financial assets or financial liabilities at fair value through profit or loss are presented in the income statement within "Net gains/(losses) on financial instruments", in the period in which they arise.

Financial assets and financial liabilities, other than those classified as at fair value through profit or loss, are subsequently measured at amortised cost.

2.2.4 Fair value estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transactions between market participants at the measurement date. The estimation of fair value, after initial recognition, is determined as follows:

- Investments in debt and equity instruments, exchange traded derivatives and To-Be-Announced ("TBA") contracts which are quoted, listed, traded or dealt on a market or exchange are valued based on quoted market prices which, for the purposes of the financial statements is in line with the valuation methodology prescribed in the Entity's prospectus. Depending on the nature of the underlying investment, the value taken could be either at the closing price, closing mid-market price or bid price on the relevant market.
- Investments in ETFs which are quoted, listed, traded or dealt on a market or exchange are valued based on quoted market prices, except where the Fund typically trades the units held at the latest NAV for that ETF. In such cases, the investment in the ETF is valued based on the latest NAV of the respective ETF.
- Investments in centrally cleared and over-the-counter ("OTC") derivatives and investee collective investment schemes ("CIS") are valued using valuation techniques.

In the case of an investment which is not quoted, listed or dealt on a recognised market, or in respect of which a listed, traded or dealt price or quotation is not available at the time of valuation, the fair value of such investment shall be estimated with care and in good faith by a competent professional person, body, firm or corporation (appointed for such purpose by the Directors in consultation with the Investment Manager and approved for the purpose by the Depositary), and such fair value shall be determined using valuation techniques. The Entity uses a variety of methods and makes assumptions that are based on market conditions existing at each reporting date.

Valuation techniques used for non-standardised financial instruments such as OTC derivatives include those detailed in the fair value hierarchy note, and those used by market participants making the maximum use of market inputs and relying as little as possible on entity-specific inputs.

2.2.5 Financial derivative and other specific instruments

2.2.5.1 Futures contracts

A futures contract is a contract, traded on an exchange, to buy or sell a certain underlying instrument at a certain date in the future, at a specified price.

Initial margin deposits are made to relevant brokers upon entering into futures contracts and are included in margin cash.

2.2.5.2 Forward currency contracts

A forward currency contract is an agreement, in the OTC market, between two parties to buy or sell a certain underlying currency at a certain date in the future, at a specified price.

2. Material accounting policies (continued)

2.2 Financial instruments (continued)

2.2.5 Financial derivative and other specific instruments (continued)

2.2.5.3 Swaps

A swap is an individually negotiated agreement, in the OTC market, between two parties to swap one stream of payments for another. They may be entered into as a bilateral contract ("OTC swaps") or centrally cleared ("centrally cleared swaps").

Upon entering into a centrally cleared swap, the Fund is required to deposit initial margin with the broker in the form of cash of an amount that varies depending on the size and risk profile of the underlying swap contract.

2.2.5.4 TBA contracts

TBA securities are purchased and sold on a forward commitment basis with an approximate principal amount and maturity date. With TBA transactions, the specific securities to be delivered are not identified at trade date, however, delivered securities must meet specified terms. The actual principal amount and maturity date will be determined upon settlement when the specific mortgage pools are assigned. During the time a TBA sale commitment is outstanding, the Fund holds equivalent deliverable securities or an offsetting TBA purchase commitment (deliverable on or before the sale commitment date), as cover for the transaction. Realised and unrealised gains or losses are accounted for in the income statement. TBAs are accounted for as mortgage backed securities.

2.2.6 Cash and cash equivalents

Cash in the balance sheet includes cash deposits held on call with banks. Cash equivalents include short-term liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, with original maturities of three months or less.

Bank overdrafts are classified as liabilities in the balance sheet.

2.2.7 Collateral and margin cash

Cash collateral provided by the Fund is identified as an asset on the balance sheet as 'Cash collateral' and is not included as a component of cash and cash equivalents. For collateral other than cash provided by the Fund, if the party to whom the collateral is provided has the right by contract to sell or re-pledge the collateral, the Fund classifies that asset on its balance sheet separately from other assets and identifies the asset as a pledged investment. Where the party to whom the collateral is provided does not have the right to sell or re-pledge, a disclosure of the collateral provided is made in the notes to the financial statements.

Cash balances held as margin with relevant brokers relating to investments in derivatives at the reporting date are identified on the balance sheet as 'Margin cash'.

Cash collateral provided to the Fund by counterparties is identified on the balance sheet as 'Cash collateral payable'. The Fund may reinvest this cash collateral and the assets purchased are included as 'Cash equivalents' on the balance sheet.

2.2.8 Redeemable shares

Each Fund classifies redeemable shares issued as financial liabilities in accordance with the substance of the contractual terms of the instruments. Redeemable shares are measured at the present value of redemption amounts.

The redeemable shares are redeemable at the option of the holders and do not meet the conditions set out in Section 22.4 of FRS 102, to be classified as equity and as a result are classified as financial liabilities.

The redeemable shares are accounted for on the day the trade takes place. Subscriptions and redemptions of redeemable shares are accounted for on the day the trade transaction takes place. Shares are subscribed and redeemed based upon the NAV per share as of the latest valuation point.

2. Material accounting policies (continued)

2.2 Financial instruments (continued)

2.2.8 Redeemable shares (continued)

Where duties and charges are applied in the context of a subscription or redemption, they will have an impact on the value of an investment of a subscribing or redeeming investor and as a result are reflected as part of the issue of redeemable shares or the redemption of redeemable shares in the statement of changes in net assets attributable to redeemable share. Any potential duties and charges are at the discretion of the Directors.

2.3 Foreign currency

2.3.1 Functional and presentation currency

Foreign currency items included in each Fund's financial statements are measured in each Fund's functional currency which is shown for each Fund in the headings of the financial statements.

The Directors consider that these currencies most accurately represent the economic effects of the underlying transactions, events and conditions of each Fund. Each Fund's presentation currency is the same as the functional currency.

The presentation currency of the Entity's financial statements is GBP.

2.3.2 Transactions and balances

Transactions in foreign currencies are translated into the functional currency of each Fund at the foreign currency exchange rate in effect at the date of the transaction.

Foreign currency assets and liabilities, including investments, are translated at the exchange rate prevailing at the reporting date.

The foreign exchange gain or loss based on the translation of the investments, as well as the gain or loss arising on the translation of other assets and liabilities, is included in the income statement.

2.4 Critical accounting estimates and judgements

The preparation of the financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires the Directors to exercise its judgement in the process of applying the Entity's accounting policies. Changes in assumptions may have a significant impact on the financial statements in the period the assumptions changed. The Directors believe that the underlying assumptions are appropriate and that the Entity's financial statements, therefore, present the Entity's financial position and its results fairly. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future years if the revision affects both current and future years. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed below.

2.4.1 Assumptions and estimation uncertainties

2.4.1.1 Fair value of OTC derivative financial instruments

OTC financial derivative instruments are valued using valuation techniques, as detailed in the fair value hierarchy note to the financial statements. Where valuation techniques (for example, models) are used to determine fair values, they are validated and periodically reviewed and compared to the price provided by an independent pricing service provider, where available.

2.4.1.2 Fair value of financial instruments not quoted in an active market

The fair value of such instruments not quoted in an active market may be determined by the Fund using reputable pricing sources or indicative prices from bond/debt market makers. The Fund would exercise judgement and estimates on the quantity and quality of pricing sources used. Broker quotes as obtained from the pricing sources may be indicative and not executable or binding.

2. Material accounting policies (continued)

2.4 Critical accounting estimates and judgements (continued)

2.4.1 Assumptions and estimation uncertainties (continued)

2.4.1.3 Fair value of financial instruments with significant unobservable inputs

The fair value of such instruments is determined using valuation techniques including inputs not based on market data and where significant entity determined adjustments or assumptions are applied, as detailed in the fair value hierarchy note to the financial statements.

Details of the valuation technique and the unobservable inputs used in the valuation of financial instruments are set out in the fair value hierarchy note to the financial statements.

2.4.2 Judgements

2.4.2.1 Assessment as investment entities

The Directors are of the opinion that the Entity meets the definition of an investment company. The following conditions exist:

a) the Entity has obtained funds for the purpose of providing investors with investment management services; and

b) the investments held by the Entity are measured and evaluated on a fair value basis. Information about those investments are provided to shareholders of a fair value basis through the Entity.

2.5 Dividend income

Dividend income is recognised in the income statement when the Fund's right to receive the payment is established. For quoted equity securities, this is usually the ex-dividend date. For unquoted equity securities, this is usually the date on which the shareholders approve the payment of a dividend. Dividend income is shown gross of any non-recoverable withholding taxes, which are presented separately in the income statement. CIS income is recognised when the distributions are declared by the underlying CIS. ETF income is recognised on the ex-dividend date.

In the case of debt securities, any difference between acquisition cost and maturity value is recognised as interest income over the life of the security using the effective yield basis of calculating amortisation.

2.6 Interest income and interest expense

Interest income and expense for all interest-bearing financial instruments are recognised in the income statement using the effective interest method.

2.7 Securities lending income

Securities lending income is earned from lending securities owned by the Fund to third party borrowers. All securities lending income net of the Securities Lending Agent's fee is recognised in the income statement on an accruals method basis.

2.8 Fees and expenses

Expenses are recognised in the income statement on an accruals basis except for transaction costs relating to the acquisition and realisation of investments which are charged for as incurred and presented within "Net gains/(losses) on financial instruments", in the period in which they arise.

Expenses directly attributable to a specific class of shares are borne directly by such class solely.

2.9 Negative yield on financial assets

Negative yield on financial assets relating to interest from a negative effective interest rate on a financial asset is accreted daily and is recognised in the income statement over the life of the underlying instrument.

2. Material accounting policies (continued)

2.10 Distributions

Distributions are recognised in the income statement as finance costs where shares in the Fund do not meet the conditions to be classified as equity and as a result are classified as financial liabilities.

The Directors may declare distributions on the shares of the class in respect of each financial period. Distributions may be paid out of the Fund's net income.

The Directors have implemented income equalisation arrangements to ensure that the level of income derived from investments is not affected by the issue, conversion or redemption of shares during the financial year. As part of the distribution payment, the average amount of this equalisation is adjusted for shareholders who subscribed to or redeemed from the Fund during the financial year. The equalisation element of the distribution is treated as a repayment of capital.

Distributions will not be made to the shareholders of the accumulating unit classes. The income and other profits will be accumulated and reinvested in the Fund on behalf of these shareholders.

2.11 Taxation

2.11.1 Current tax

Current tax is recognised for the amount of income tax payable in respect of the overseas taxable profit for the current or past reporting periods using the tax rates and laws that that have been enacted or substantively enacted by the reporting date.

2.11.2 Deferred tax

A provision for deferred tax payable is recognised in respect of material timing differences that have originated but not reversed at the balance sheet date. A deferred tax asset is not recognised to the extent that the transfer of economic benefits in the future is uncertain. Timing differences are differences between the Fund's overseas taxable profits and its results as stated in the financial statements that arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements.

2.12 Changes in the accounting standard

2.12.1 Amendments to FRS 102 early adopted during the financial year

On 27 March 2024, the Financial Reporting Council issued Amendments to FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland and other FRSs – Periodic Review 2024. The effective date for most amendments is accounting periods beginning on or after 1 January 2026. The most significant amendments are the replacement of Section 23, now renamed Revenue from Contracts with Customers, and Section 20 Leases. These new revenue and leasing requirements seek to provide greater consistency and alignment to IFRS Accounting Standards, i.e., IFRS 15 and IFRS 16. The other less significant changes include a new Section 2A Fair Value Measurement and a revised Section 2 Concepts and Pervasive Principles. These new amendments do not have any significant impact on the Entity's financial statements.

There are no other standards, interpretations or amendments to existing standards that are not yet effective that would be expected to have a significant impact on the Entity.

3. Financial risks

Each Fund's investment activities expose them to the various types of risk which are associated with the financial instruments and markets in which it invests. The following information is not intended to be a comprehensive summary of all risks and investors should refer to the prospectus for a more detailed discussion of the risks inherent in investing in each Fund.

3. Financial risks (continued)

3.1 Risk management framework

The Directors have delegated certain duties to the Manager with regard to the day-to-day management of the Entity. The Manager has in turn delegated the day-to-day administration of the investment programme to the Investment Manager. The Investment Committee of the Manager is responsible for monitoring the investment risk and performance of each Fund by reviewing periodic performance reports. The Investment Manager is also responsible for ensuring that the Entity is managed within the terms of its investment guidelines and limits set out in the prospectus. The Manager is responsible for the investment performance, product risk monitoring and oversight and the responsibility for the monitoring and oversight of regulatory and operational risk for the Entity. The Manager has appointed a risk manager who has responsibility for the daily risk management process with assistance from key risk management personnel of the Investment Manager, including members of the BlackRock Risk and Quantitative Analysis Group ("RQA Group") which is a centralised group which performs an independent risk management function. The RQA Group independently identifies, measures and monitors investment risk, including climate-related risk. The RQA Group tracks the actual risk management practices being deployed across each Fund. By breaking down the components of the process, the RQA Group has the ability to determine if the appropriate risk management processes are in place across each Fund. This captures the risk management tools employed, how the levels of risk are controlled, ensuring risk/return is considered in portfolio construction and reviewing outcomes.

3.2 Market risk

Market risk arises mainly from uncertainty about future values of financial instruments influenced by currency, interest rate and price movements. It represents the potential loss each Fund may suffer through holding market positions in the face of market movements.

The Funds are exposed to market risk by virtue of their investments in debt instruments, equity instruments, CIS, ETF and derivatives.

A key metric used by the RQA Group to measure market risk is Value-at-Risk ("VaR") which encompasses currency, interest rate and price risk. VaR is a statistical risk measure that estimates the potential portfolio loss from adverse market movements in an ordinary market environment. VaR analysis reflects the interdependencies between risk variables, unlike a traditional sensitivity analysis.

The VaR calculations are based on an adjusted historical simulation model with a confidence level of 99%, a holding period of one day and a historical observation period of not less than one year (250 days). A VaR number is defined at a specified probability and a specified time horizon. A 99% one day VaR means that the expectation is that 99% of the time over a one-day period each Fund will lose no more than this number in percentage terms. Therefore, higher VaR numbers indicate higher risk. The one-day VaR has a multi-year year look back period which encompasses market volatility caused by political, social and economic events which feed into the model. Significant market disruptions, such as those caused by pandemics, natural or environmental disasters, war, acts of terrorism, or other events, may adversely affect the Funds' VaR.

It is noted that the use of VaR methodology has limitations, namely that the use of historical market data as a basis for estimating future events does not encompass all possible scenarios, particularly those that are of an extreme nature and that the use of a specified confidence level (e.g. 99%) does not take into account losses that occur beyond this level. There is some probability that the loss could be greater than the VaR amounts. These limitations and the nature of the VaR measure mean that each Fund can neither guarantee that losses will not exceed the VaR amounts indicated, nor that losses in excess of the VaR amounts will not occur more frequently.

The one-day VaRs based on 99% confidence level are outlined in the table below:

Fund name	2026 %	2025 %

[1] The Fund launched during the financial year, hence no comparative data is available.
[2] The Fund ceased operations during the financial year.

3.2.1 Market risk arising from foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

Exposure to foreign currency risk

Each Fund may invest in financial instruments denominated in currencies other than its functional currency. Consequently, each Fund is exposed, directly and/or indirectly, to risks that the exchange rate of its functional currency relative to other currencies may change in a manner which has an adverse effect on the value of the portion of each Fund's assets which are denominated in currencies other than its own currency.

Each Fund's investment in the underlying CISs is denominated in the same currency as the functional currency of each Fund. Therefore, each Fund was not directly exposed to foreign currency risk as at 31 May 2026 and 31 May 2025. Each Fund has indirect exposure to foreign currency risk through its investment into CISs, as the CISs may invest in financial instruments denominated in currencies other than their functional currency.

The details of the open forward currency contracts in place to hedge foreign currency risk at the financial year end date are disclosed in the schedules of investments.

In addition, some of the Funds have issued share classes denominated in currencies other than the functional currency of the Fund.

Management of direct and indirect foreign currency risk

Some of the Funds engage in foreign currency hedging to minimise the effect of currency movements between the currencies of the investments held by the Fund and the Fund's functional currency and the Fund's currency hedged share classes.

The Investment Manager monitors foreign currency risk exposure against pre-determined tolerances and determines when a currency hedge should be reset and the gain or loss arising from such hedge reinvested or settled, while taking into consideration the frequency and associated transaction and reinvestment costs of resetting the currency hedge.

3.2.2 Market risk arising from interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Exposure to interest rate risk

Each Fund is exposed to interest rate risk through its cash and cash equivalent holdings including margin cash held with brokers and through its investments in interest bearing financial instruments which are disclosed in the schedules of investments.

3. Financial risks (continued)

3.2 Market risk (continued)

3.2.2 Market risk arising from interest rate risk (continued)

Exposure to interest rate risk (continued)

Some Funds also have indirect exposure to interest rate risk through its investments into CIS, ETF, and interest rate financial derivative instruments ("FDIs"), whereby the value of an underlying asset may fluctuate as a result of a change in interest rates.

Management of direct and indirect interest rate risk

Interest rate risk exposure is managed at the underlying CIS level, by constantly monitoring the position for deviations outside of a pre-determined tolerance level and, when necessary, rebalancing back to the original desired parameters.

3.2.3 Market risk arising from price risk

Price risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting similar financial instruments traded in the market. Local, regional or global events such as war, acts of terrorism, the spread of infectious illness or other public health issue, recessions, or other events could have a significant impact on each Fund and the market price of its investments.

iShares China CNY Bond UCITS ETF, iShares China CNY Govt Bond UCITS ETF, iShares MSCI China Tech UCITS ETF, iShares MSCI China UCITS ETF and iShares MSCI China A UCITS ETF invest a significant portion of its assets in securities of issuers located in China or with significant exposure to Chinese issuers or countries. Investments in Chinese securities, including certain Hong Kong-listed securities, involves risks specific to China. China may be subject to considerable degrees of economic, political and social instability and demonstrates significantly higher volatility from time to time in comparison to developed markets. Chinese markets generally continue to experience inefficiency, volatility and pricing anomalies resulting from governmental influence, a lack of publicly available information and/or political and social instability. Internal social unrest or confrontations with other neighboring countries may disrupt economic development in China and result in a greater risk of currency fluctuations, currency non-convertibility, interest rate fluctuations and higher rates of inflation. Incidents involving China's or the region's security may cause uncertainty in Chinese markets and may adversely affect the Chinese economy and the Fund's investments. Reduction in spending on Chinese products and services, institution of tariffs or other trade barriers, or a downturn in any of the economies of China's key trading partners may have an adverse impact on the Chinese economy. In addition, measures may be taken to limit the flow of capital and/or sanctions may be imposed, which could prohibit or restrict the ability to own or transfer fund assets and may also include retaliatory actions, such as seizure of fund assets.

Exposure to price risk

Each Fund is exposed to price risk arising from its investments in financial instruments. Each Fund also has indirect exposure to price risk through its investments into CIS and ETFs. The exposure of each Fund to price risk is the fair value of the investments held as shown in the schedules of investments of each Fund.

Each Fund also has indirect exposure to price risk through its investments into CIS and ETFs whereby the value of an underlying asset may fluctuate as a result of a change to the fair value price.

Management of direct and indirect price risk

By diversifying the portfolio, where this is appropriate and consistent with each Fund's objectives, the risk that a price change of a particular investment will have a material impact on the NAV of each Fund is minimised.

3. Financial risks (continued)

3.2 Market risk (continued)

3.2.3 Market risk arising from price risk (continued)

Management of direct and indirect price risk (continued)

There is a risk that the valuation of each Fund may not fairly reflect the value of the investments held at a specific time due to events outside the control of the Directors, which could result in significant losses or inaccurate pricing for each Fund. To mitigate this risk the Directors may temporarily suspend the determination of the NAV of any Fund until a fair or reasonable valuation of the investments held can be determined.

The price risk inherent in the CIS/ETF holdings is monitored by the Investment Manager at the CIS/ETF level, by understanding the investment objectives of the underlying funds as well as their internal control policies and regular risk and performance reporting. The investments into other CIS/ETF are all investments into related party funds. Such CIS/ETF are subject to the same control procedures the Investment Manager employs for each Fund.

3.3 Liquidity risk

Liquidity risk is the risk that each Fund will encounter difficulties in meeting obligations associated with financial liabilities.

Exposure to liquidity risk

Each Fund's principal liquidity risk arises from the ability of investors to effect redemption requests and the liquidity of the underlying investments each Fund has invested in.

Each Fund's shareholders may redeem their shares on the close of any daily dealing deadline for cash equal to a proportionate share of each Funds' NAV, excluding any duties and charges where applicable. Each Fund is therefore potentially exposed to the liquidity risk of meeting the shareholders' redemptions and may need to sell assets at prevailing market prices to meet liquidity demands.

Each Fund may invest in CIS which can impose notice periods or other restrictions on redemptions and this may increase the liquidity risk of each Fund. Each Fund is also exposed to liquidity risk associated with daily margin calls on FDIs.

All of the Fund's financial liabilities, based on contractual maturities, fall due within three months. The expected settlement dates can be more than three months based on the analysis of the remaining period at the reporting date to the maturity date and are outlined in the schedules of investments.

Management of liquidity risk

Liquidity risk is minimised by holding sufficient liquid investments which can be readily realised to meet liquidity demands. Asset disposals may also be required to meet redemption requests. However, timely sale of trading positions can be impaired by many factors including trading volume and increased price volatility. As a result, each Fund may experience difficulties in disposing of assets to satisfy liquidity demands.

Each Fund's liquidity risk is managed by the Investment Manager in accordance with established policies and procedures in place. The portfolio managers review daily forward-looking cash reports which project cash obligations. These reports allow them to manage their cash obligations. If redemption requests from all holders of shares in a Fund exceed more than 10% of the NAV of each Fund on any particular dealing day, the Directors shall be entitled, at their discretion, to refuse to redeem such excess numbers of shares in issue from each Fund. The shares which are not redeemed at any given dealing day shall be redeemed on each subsequent dealing day on a pro-rata basis in priority to any requests received thereafter.

None of the assets of the Funds are subject to special liquidity arrangements.

3.4 Counterparty credit risk

Counterparty credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

3. Financial risks (continued)

3.4 Counterparty credit risk (continued)

Exposure to counterparty credit risk

Each Fund is exposed to counterparty credit risk from the parties with which it trades and will bear the risk of settlement default.

Each Fund has limited direct counterparty credit risk.

Each Fund's exposure is limited to the contracts in which it currently has a financial asset position reduced by any collateral received from the counterparty, or to counterparties who have received collateral from each Fund. The carrying value of financial assets together with cash held with counterparties best represents each Fund's gross maximum exposure to counterparty credit risk at the reporting date, before including the effect of any International Swaps and Derivatives Associations, Inc. Master Agreement ("ISDA Master Agreement") or similar agreement, and netting, which would reduce the overall counterparty credit risk exposure. Each Fund only transacts with counterparties that are regulated entities subject to prudential supervision, or with high credit-ratings assigned by international credit-rating agencies. Cash held as security by the counterparty to FDI contracts is subject to the credit risk of the counterparty.

All transactions in listed securities are settled/paid for upon delivery of securities, using approved brokers. Risk relating to unsettled transactions is considered low due to the short settlement period involved and the high credit quality of the brokers used.

Management of counterparty credit risk

Counterparty credit risk is monitored and managed by BlackRock's RQA Counterparty Risk Team. The team is headed by BlackRock's Chief Counterparty Credit Officer who reports to the Global Head of RQA. Credit authority resides with the Chief Counterparty Credit Officer and selected team members to whom specific credit authority has been delegated. As such, counterparty approvals may be granted by the Chief Counterparty Credit Officer, or by identified RQA Credit Risk Officers who have been formally delegated authority by the Chief Counterparty Credit Officer.

The BlackRock RQA Counterparty Risk Team completes a formal review of each new counterparty, monitors and reviews all approved counterparties on an ongoing basis and maintains an active oversight of counterparty exposures and the collateral management process.

There were no past due or impaired balances in relation to transactions with counterparties as at 31 May 2026 and 31 May 2025.

3.4.1 FDIs

Each Fund's holdings in exchange traded and OTC FDIs expose the Fund to counterparty credit risk.

3.4.1.1 Exchange traded FDIs

The exposure is limited by trading contracts through a clearing house. Each Fund's exposure to credit risk on contracts in which it currently has a gain position is reduced by such gains received in cash from the counterparty under the daily mark-to-market mechanism on exchange traded contracts and centrally cleared swaps (variation margin). Each Fund's exposure to credit risk on contracts in which it currently has a loss position is equal to the amount of margin posted to the counterparty which has not been transferred to the exchange under the daily mark-to-market mechanism.

3.4.1.2 OTC FDIs

The risk in relation to OTC FDIs arises from the failure of the counterparty to perform according to the terms of the contract as these FDI transactions are traded bilaterally except those cleared centrally.

All OTC FDI transactions are entered into by each Fund under an ISDA Master Agreement or similar agreement. An ISDA Master Agreement is a bilateral agreement between each Fund and a counterparty that governs OTC FDI transactions entered into by the parties.

3. Financial risks (continued)

3.4 Counterparty credit risk (continued)
3.4.1 FDIs (continued)
3.4.1.2 OTC FDIs (continued)

The parties' exposures under the ISDA Master Agreement are netted and collateralised together, therefore, any collateral disclosures provided are in respect of all OTC FDI transactions entered into by each Fund under the ISDA Master Agreement. All cash collateral received/posted by each Fund under the ISDA Master Agreement is transferred bilaterally under a title transfer arrangement.

Each Fund is the legal owner of inbound collateral and can sell the assets and withhold the cash in the case of default. If the counterparty fulfils its obligations in relation to the investment, each Fund will return an equal amount of cash to the counterparty on maturity or sale of the investment. When each Fund returns securities collateral to the counterparty, it must be of the same type, nominal value, description and amount as the securities that were transferred to each Fund. Trading in OTC FDIs which have not been collateralised give rise to counterparty exposure.

Each Fund's maximum exposure to counterparty credit risk from holding forward currency contracts will be equal to the notional amount of the currency contract and any net unrealised gains as disclosed in the relevant Fund's schedule of investments.

Forward currency contracts do not require variation margins and the counterparty credit risk is monitored through the BlackRock RQA Counterparty Risk Team who monitor the creditworthiness of the counterparty.

Each Fund has the right to reinvest cash collateral received. Cash collateral pledged by each Fund is separately identified on the balance sheets as cash collateral and is not included as a component of cash and cash equivalents. Inbound cash collateral received by each Fund is reflected on the balance sheets as cash collateral payable. Each Fund is also exposed to counterparty risk of rehypothecation of pledged collateral. The value of inbound cash collateral and cash collateral pledged is reflected on the balance sheets of each Fund.

The following tables detail the total number of OTC FDI counterparties each Fund is exposed to, the lowest long-term credit rating of any one counterparty (or its ultimate parent, if it is unrated), the maximum exposure to any one counterparty (which is calculated on a net basis) and the related total cash collateral received to this individual counterparty exposure, where applicable:

As at 31 May 2026	Currency	Total number of counterparties	Lowest credit rating of any one counterparty	Maximum exposure to any one counterparty '000	Total collateral received in relation to the maximum exposure '000
iShares Ageing Population UCITS ETF	USD	5	A	-	-

As at 31 May 2025	Currency	Total number of counterparties	Lowest credit rating of any one counterparty	Maximum exposure to any one counterparty '000	Total collateral received in relation to the maximum exposure '000
iShares Ageing Population UCITS ETF	USD	3	A+	20	-
iShares MSCI World Quality Factor Advanced UCITS ETF	USD	2	A+	5	-
iShares STOXX USA Equity Multifactor UCITS ETF	USD	4	A+	2	-
iShares STOXX World Equity Multifactor UCITS ETF	USD	3	A+	37	-

3. Financial risks (continued)

3.4 Counterparty credit risk (continued)
3.4.1 FDIs (continued)
3.4.1.2 OTC FDIs (continued)

For total return swaps held by each Fund, the risk is further mitigated as cash movements take place on either a weekly or monthly basis with the gain or loss being realised in the relevant Fund.

3.4.2 Depositary

The majority of the investments are held by Depositary at financial year end. Investments are segregated from the assets of the Depositary, with ownership rights remaining with the Fund. Bankruptcy or insolvency of the Depositary may cause the Funds' rights with respect to its investments held by the Depositary to be delayed or limited. The maximum exposure to this risk is the amount of long investments disclosed in the schedule of investments, plus any unsettled trades.

The Depositary has appointed State Street Bank and Trust Company (the "Sub-Custodian") as its global Sub-Custodian. Substantially all of the cash of the Fund is held with the Sub-Custodian in its account together with its own cash balances and with those cash balances that are held on behalf of other clients. The Fund's cash balances are separately identifiable within the records of the Sub-Custodian.

In respect of the cash held by the Sub-Custodian or other depositaries it appoints, the Funds will be exposed to counterparty credit risk of the Sub-Custodian or those depositaries. In the event of the insolvency or bankruptcy of the Sub-Custodian or other depositaries, the Fund will be treated as a general creditor of the Sub-Custodian or the depositaries.

Any China A Shares acquired by iShares MSCI China UCITS ETF, iShares MSCI China A UCITS ETF and iShares MSCI China Tech UCITS ETF through the RQFII Quota of the Investment Manager will be maintained by the PRC Sub-Custodian through its delegate, the RQFII Custodian. Cash will be held in Renminbi cash account(s) with the RQFII Custodian on deposit, in accordance with the RQFII Custodian Agreement. These securities account(s) and Renminbi cash account(s) for iShares MSCI China UCITS ETF, iShares MSCI China A UCITS ETF and iShares MSCI China Tech UCITS ETF in the PRC will be maintained in accordance with the relevant rules and regulations.

While the non-cash assets held in such securities account(s) are segregated from the assets of the Investment Manager and belong solely to iShares MSCI China UCITS ETF, iShares MSCI China A UCITS ETF and iShares MSCI China Tech UCITS ETF (as beneficial owner), it is possible that this position may be interpreted by the PRC authorities differently in the future. The cash of iShares MSCI China UCITS ETF, iShares MSCI China A UCITS ETF and iShares MSCI China Tech UCITS ETF held by the RQFII Custodian will be held on deposit (as banker) and will, in practice, not be segregated but will be a debt owing from the RQFII Custodian to the Fund as a depositor. Such cash will be co-mingled with cash belonging to other clients of the RQFII Custodian.

In the event of the insolvency of the RQFII Depositary, the Funds will not have any proprietary rights to the cash deposited in the cash account opened with the RQFII Custodian, and the Funds will become an unsecured creditor of the RQFII Custodian, ranking equally with all other unsecured creditors. The iShares MSCI China UCITS ETF, iShares MSCI China A UCITS ETF and iShares MSCI China Tech UCITS ETF cash balances are separately identified within the records of the RQFII Custodian. iShares MSCI China UCITS ETF, iShares MSCI China A UCITS ETF and iShares MSCI China Tech UCITS ETF may face difficulties and/or encounter delays in recovering such debt, or may not be able to recover it in full or at all, in which case the Funds will lose some or all of its cash.

Any China A Shares invested in via Stock Connect will be held by the Depositary / sub-custodian in accounts in the Hong Kong Central Clearing and Settlement System ("CCASS") maintained by the Hong Kong Securities Clearing Company Limited ("HKSCC") as central securities depositary in Hong Kong. HKSCC in turn holds the China A Shares, as the nominee holder, through an omnibus securities account in its name registered with ChinaClear for each of the Funds investing in China A Shares via Stock Connect.

3. Financial risks (continued)

3.4 Counterparty credit risk (continued)

3.4.2 Depositary (continued)

Any China onshore bonds acquired by iShares China CNY Bond UCITS ETF and iShares China CNY Govt Bond UCITS ETF will be maintained by the PRC Sub-custodian through its delegate, the Local PRC Sub-custodian. The securities will be maintained in electronic form via securities accounts with the China Central Depositary and Clearing Company and/or the Shanghai Clearing House Co., Ltd. in respect of bonds traded in the CIBM and securities accounts with the China Securities Depository and Clearing Corporation Limited ("CSDCC") in respect of China onshore bonds traded on the Shanghai and Shenzhen stock exchanges (where relevant). Cash will be held in Renminbi cash account(s) with the Local PRC Sub-custodian on deposit, in accordance with the sub-custody agreement with the Local PRC Sub-custodian.

While the non-cash assets held in such securities account(s) are segregated from the assets of the Investment Manager and belong solely to the relevant Fund (as beneficial owner), it is possible that this position may be interpreted by the PRC authorities differently in the future.

Cash held by the Local PRC Sub-custodian will be held on deposit (as banker) and will, in practice, not be segregated but will be a debt owing from the Local PRC Sub-custodian to the relevant Fund as a depositor. Such cash will be co-mingled with cash belonging to other clients of the Local PRC Sub-custodian. In the event of the insolvency of the Local PRC Sub-custodian, the Funds will not have any proprietary rights to the cash deposited in the cash account opened with the Local PRC Sub-custodian, and the Funds will become unsecured creditors of the Local PRC Sub-custodian, ranking pari passu with all other unsecured creditors. The Funds may face difficulties and/or encounter delays in recovering such debt, or may not be able to recover it in full or at all, in which case the Funds will lose some or all of their cash.

To mitigate each Fund's exposure to the Depositary, the Investment Manager ensures that the Depositary is a reputable institution as each Fund only transacts with Depositary's that are regulated entities subject to prudential supervision.

The long term credit rating of the parent company of the Depositary and Sub-Custodian, State Street Corporation, as at 31 May 2026 is A (31 May 2025: A) (Standard and Poor's rating).

The long term credit rating of PRC Sub-Custodian and RQFII Custodian (HSBC Bank (China) Co Ltd) as at 31 May 2026 is AA- (31 May 2025: AA-) (Standard & Poor's rating).

The Investment Manager selects brokers in the PRC ("PRC Broker(s)") to execute transactions for the Fund in markets in the PRC. There is a possibility that the Investment Manager may only appoint one PRC Broker for each of the Shenzhen Stock Exchange and the Shanghai Stock Exchange, which may be the same broker. While PRC regulation allows for up to three PRC Brokers to be appointed for each of the Shenzhen and Shanghai stock exchanges as a matter of practice, it is likely that that only one PRC Broker will be appointed in respect of each stock exchange in the PRC as a result of the regulatory requirement in the PRC that securities are sold through the same PRC Broker through which they were originally purchased.

If the Investment Manager is unable to use the relevant broker in the PRC, the Investment Manager would be unable to purchase China A Shares and as such, the operation of iShares China CNY Bond UCITS ETF, iShares China CNY Govt Bond UCITS ETF, iShares MSCI China UCITS ETF, iShares MSCI China A UCITS ETF and iShares MSCI China Tech UCITS ETF would be adversely affected and may cause shares in the Funds to trade at a premium or discount to the Fund's NAV or be unable to track the benchmark index. There is also a risk that iShares China CNY Bond UCITS ETF, iShares China CNY Govt Bond UCITS ETF, iShares MSCI China UCITS ETF, iShares MSCI China A UCITS ETF and iShares MSCI China Tech UCITS ETF may suffer losses from the default, insolvency or disqualification of a PRC Broker. In such event, the Funds may be adversely affected in the execution of transactions through such PRC Broker. As a result, the NAV of the Funds may also be adversely affected. To mitigate the Funds' exposure to the PRC Broker(s), the Investment Manager employs specific procedures to ensure that each PRC Broker selected is a reputable institution and that the credit risk is acceptable to the Funds.

In order to further mitigate each Fund's counterparty credit risk exposure to the Sub-Custodian or depositary banks, each Fund may enter into additional arrangements such as the placing of residual cash in a money market fund.

3. Financial risks (continued)

3.4 Counterparty credit risk (continued)

3.4.3 Securities lending

Each Fund's engagement in securities lending activities expose such Funds to counterparty credit risk. The maximum exposure to each Fund is equal to the value of the securities loaned.

All securities lending transactions entered into by each Fund are subject to a written legal agreement between each Fund and the securities lending agent, BlackRock Advisors (UK) Limited, a related party to the Entity, and separately between the securities lending agent and the approved borrowing counterparty. Collateral received in exchange for securities lent is transferred under a title transfer arrangement and is delivered to and held in an account with a tri-party collateral manager in the name of the Depositary on behalf of each Fund. Collateral received is segregated from the assets belonging to each Funds' Depositary or the securities lending agent.

The collateral is registered and held in the name of Depositary on behalf of each Fund in any or all of the following central securities depositories; The Bank of NY Mellon SA/NV, Euroclear and J.P. Morgan Chase Bank N.A., depending on the type of collateral the counterparty has to give in order to cover the required value of exposure. The collateral provided by these counterparties consists of shares admitted to dealing on a regulated market.

The Funds outlined below engaged in securities lending activities during the financial year. The value of securities on loan and collateral held at the financial year end are shown below:

		Value of securities on loan	Value of title transferred collateral received	Value of securities on loan	Value of title transferred collateral received

[1]The Fund launched during the financial year, hence no comparative data is available.

To mitigate this risk, each Fund receives either cash or securities as collateral equal to a certain percentage in excess of the fair value of the securities loaned. The Investment Manager monitors the fair value of the securities loaned and additional collateral is obtained, if necessary.

As at the 31 May 2026 and 31 May 2025, all collateral received consists of securities admitted to or dealt on a regulated market.

3. Financial risks (continued)

3.4 Counterparty credit risk (continued)

3.4.3 Securities lending (continued)

Each Fund also benefits from a borrower default indemnity provided by BlackRock, Inc. The indemnity allows for full replacement of securities lent. BlackRock, Inc. bears the cost of indemnification against borrower default.

3.4.4 Issuer credit risk relating to debt instruments

Issuer credit risk is the default risk of one of the issuers of any debt instruments held by each Fund. Debt instruments involve credit risk to the issuer which may be evidenced by the issuer's credit rating. Securities which are subordinated and/or have a lower credit rating are generally considered to have a higher credit risk and a greater possibility of default than more highly rated. A number of the Funds invest into sovereign debt/corporate debt which expose them to the default risk of the issuer with regards to interest or principal payments.

The following tables detail the credit rating profile of the debt instruments held by each Fund:

As at 31 May 2026	Currency	Investment grade % of debt instruments	Non-investment grade % of debt instruments	Not rated % of debt instruments	Total % of debt instruments
iShares $ Short Duration Corp Bond UCITS ETF	USD	99.56	0.44	-	100.00

To manage this risk, the Investment Manager, where appropriate and consistent with each Fund's objectives, invests in a wide range of debt instruments. The ratings of debt instruments are continually monitored by the BlackRock Portfolio Management Group ("PMG") and for non-rated or securities with subordinated or lower credit ratings, additional specific procedures are employed to ensure the associated credit risk is acceptable to each Fund.

4. Fair value hierarchy

Each Fund classifies financial instruments measured at fair value using a fair value hierarchy. The fair value hierarchy has the following categories:

Level 1: The unadjusted quoted price in an active market for identical assets or liabilities that the Entity can access at the measurement date.

Level 2: Inputs other than quoted prices included within level 1 that are observable (i.e. developed using market data) for the asset or liability, either directly or indirectly. This category includes instruments valued using: quoted market prices in active markets for similar instruments; quoted prices for identical or similar instruments in markets that are considered less than active; or other valuation techniques where all significant inputs are directly or indirectly observable from market data.

4. Fair value hierarchy (continued)

Level 3: Inputs are unobservable (i.e. for which market data is unavailable) for the asset or liability. This category includes all instruments where the valuation techniques used include inputs not based on market data and these inputs could have a significant impact on the instrument's valuation. This category also includes instruments that are valued based on quoted prices for similar instruments where significant Entity determined adjustments or assumptions are required to reflect differences between the instruments and instruments for which there is no active market.

Specific valuation techniques used to value financial instruments classified as level 2 and/or level 3 include:

(i) for debt and equity instruments, the use of quoted market prices or dealer quotes for similar instruments;

(ii) for investments which are a share of participation in an investee CIS and investments in ETFs where the Fund typically trades the units held at the latest NAV for that ETF, and where available the independently audited NAV, on the valuation date of such unit of participation as calculated by the administrator of the investee CIS and ETF and in accordance with the requirements of the scheme of which the relevant investment is a share of participation. The unaudited NAV of the underlying investee CIS and ETF is reflected gross of any redemption costs which may potentially arise upon redemption from the underlying CIS and ETF. The unaudited NAV of the underlying investee CIS and ETF may be subject to adjustments upon issuance of their respective independently audited financial statements and such adjustments may be material to the Fund's financial statements;

(iii) for foreign equities, using independent fair value adjustment factors to reflect the difference between the last market close and the valuation point of each Fund;

(iv) for defaulted debt instruments, the use of recent transactions and defaulted equity instruments for which market data is unavailable;

(v) for total return swaps, the value of the estimated cash flows based on the market value of the underlying reference assets or index at the balance sheet date; and

(vi) for foreign currency forwards, present value of future cash flows based on the forward exchange rates at the balance sheet date.

All of the resulting fair value estimates are included in level 2 except for unlisted equity securities and certain derivative contracts, where the fair values have been determined based on present values and the discount rates used were either not market observable or adjusted for counterparty or own credit risk, or certain CISs which have gates or redemption restrictions imposed or that can't be redeemed within 90 days, are included in level 3.

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' inputs requires significant judgement. The Directors consider observable inputs to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The following tables provide an analysis of each Fund's financial assets and financial liabilities measured at fair value as at 31 May 2026 and 31 May 2025:

6. Operating expenses

The Entity employs an "all in one" fee structure for its Funds, with each Fund paying all of its fees, operating costs and expenses (and its due proportion of any costs and expenses allocated to it) as a single flat fee (the TER). Where a Fund has multiple share classes, any fees, operating costs and expenses which are attributable to a particular share class (rather than the entire Fund) will be deducted from the assets notionally allocated by each Fund to that share class. The TER is calculated in accordance with the CESR/10-674 Committee of European Securities Regulators ("CESR") (European Securities and Markets Authority's ("ESMA") precursor) guidelines on the methodology for calculation of the ongoing charges figure in the KIID or the product page of the website at https://www.ishares.com.

The Manager is responsible for discharging all operational expenses, including but not limited to fees and expenses of the Directors, Investment Manager, Depositary, Administrator, Transfer Agent and Registrar from the amounts received by the Manager from the TER. Such operational expenses include regulatory and audit fees but exclude transaction costs and extraordinary legal costs. In the event a Fund's costs and expenses in connection with the operation of the Fund exceed the stated TER, the Manager will discharge an excess amount out of its own assets.

Management fees (inclusive of investment management fees):

The Manager is entitled to an annual fee at rates not exceeding those set out on the following table. These rates are the maximum fee rates as at 31 May 2026:

Fund name[1]	Share class	TER (%) Currency hedged share classes	TER (%) Unhedged share classes

[1] Where a Fund has multiple share classes, any fees, operating costs and expenses which are attributable to a particular share class (rather than the entire Fund) will be deducted from the assets notionally allocated by the Fund to that share class.
[2] This charge can be up to 1.00%. Any increase in this charge will be subject to prior shareholder approval.
[3] As this Fund/share class launched during the financial year, the fees, operating costs and expenses used to calculate the TER have been annualised.

Whilst it is anticipated that the TER borne by a Fund or share class shall not exceed the amounts set out above during the life of each Fund or share class (respectively) such amounts may need to be increased. Any such increase will be subject to the prior shareholder approval of the relevant Fund or share class evidenced either by a majority vote at a meeting of shareholders or by a written resolution of all of the shareholders.

As disclosed, no commissions, discounts, brokerages or other special terms have been granted or are payable by the Entity in connection with the issue or sale of any capital of the Entity.

9. Distributions to redeemable shareholders

The Entity may declare and pay dividends on any distributing class of shares in the Entity. In accordance with the prospectus, any dividend which has remained unclaimed for twelve years from the date of its declaration shall be forfeited and cease to remain owing by the Entity to investors and become the property of the relevant Fund.

Distributions declared during the financial year were as follows:

10. Taxation (continued)

Irish tax

Under current law and practice, the Entity qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended. On that basis it is not chargeable to Irish tax on its income or gains. However, Irish tax may arise on the occurrence of a "chargeable event". A chargeable event includes any distribution payments to shareholders or any encashment, redemption, cancellation or transfer of shares and the holding of shares at the end of each eight year period beginning with the acquisition of such shares.

No Irish tax will arise on the Entity in respect of chargeable events in respect of:

a) A shareholder who is neither Irish resident nor ordinarily resident in Ireland for tax purposes, at the time of the chargeable event, provided appropriate valid declarations in accordance with the provisions of the Taxes Consolidation Act, 1997, as amended, are held by the Entity; or the Entity has been authorised by the Irish Revenue to make gross payments in the absence of appropriate declarations; and

b) Certain exempted Irish tax resident shareholders who have provided the Entity with the necessary signed annual declarations; and

c) Any transaction (which might otherwise be a chargeable event) in relation to shares held in a recognised clearing system as designated by order of the Irish Revenue Commissioners (such as CREST) will not constitute a chargeable event. It is the current intention of the Directors that all the shares in the Entity will be held in CREST or another recognised clearing system.

Overseas tax

Dividends, interest and capital gains (if any) received on investments made by the Entity may be subject to withholding taxes imposed by the country from which the investment income/gains are received and such taxes may not be recoverable by the Entity or its shareholders.

For financial reporting purposes, and in accordance with FRS 102, the Entity must recognise a provision for deferred tax payable arising from material timing differences between the taxation of unrealised gains in the financial statements and actual realisable taxable profits.

The Organisation for Economic Co-operation and Development (“OECD”) released Pillar Two Model Rules, which contemplate a global 15% minimum tax rate. The OECD continues to release additional guidance, including administrative guidance on interpretation and application of Pillar Two, and many countries are passing and updating legislation as well as local guidance to comply with Pillar Two.

Based on the available legislation and information, the Entity does not expect Pillar Two to have a material impact to its provision for income taxes for the financial year ended 31 May 2026. However, the rules are subject to negotiation and change. The Entity will continue to evaluate the potential future impacts of Pillar Two and will continue to review and monitor the issuance of additional guidance.

13. Share capital

Authorised

The authorised share capital of the Entity is 2 subscriber shares of a par value of GBP1.00 each and 500,000,000,000 participating shares of no par value.

Subscriber shares

2 subscriber shares are currently in issue and are held by the Manager or by nominees of the Manager at 31 May 2026 and 31 May 2025. They do not form part of the NAV of the Entity. They are thus disclosed in the financial statements by way of this note only. In the opinion of the Directors this disclosure reflects the nature of the Entity's investment business.

Voting rights

The holders of the subscriber shares and redeemable shares shall, on a poll, be entitled to one vote per share.

14. Net asset value attributable to redeemable shareholders

The below NAV per shares as at 31 May 2026 have been prepared for financial statements purposes in accordance with FRS 102.

16. Related party transactions (continued)

Fund name	Sub-Investment Manager
iShares US Mortgage Backed Securities UCITS ETF	BlackRock Financial Management, Inc. and BlackRock (Singapore) Limited

The Investment Manager will arrange for the fees and expenses of the Sub-Investment Managers to be paid out of the Investment Manager's own fees.

Fees paid to the Manager and Investment Manager during the financial year, the nature of these transactions and balances outstanding at the financial year end are disclosed in note 6 and note 12 respectively.

The Directors as at 31 May 2026 are presented in the table below:

Director	Employee of the BlackRock Group	Director of BlackRock affiliates and/or other funds managed by BlackRock
William McKechnie	*No*	*Yes*
Padraig Kenny	*No*	*Yes*
Ros O'Shea	*No*	*Yes*
Deirdre Somers	*No*	*Yes*
Manuela Sperandeo	*Yes*	*Yes*

Directors' fees are disclosed in the statutory information note to the financial statements. The aggregate emolument of the Directors relates to services provided as directors. The Directors who are also employees of the BlackRock Group are not entitled to receive Directors' fees.

Holdings in other funds managed by BlackRock/BlackRock affiliates

Investments in funds managed by BlackRock, Inc. and investments that are BlackRock affiliates are listed below and marked on the relevant Funds' schedules of investments. For underlying funds which are subject to investment management fees, these have been rebated back to the Fund.

The Entity invested in the following funds which are also managed by the Manager. For income earned on these related party funds please refer to the operating income on the income statement. Further information on the fees charged from investing in these underlying funds is presented in the table below. These disclosed fees are the maximum charges capped as per the prospectus of the underlying funds and actual fees charged may be lower:

Investments	Fee paid by Fund
Investment Company – UCITS authorised in Ireland by CBI	
BlackRock ICS Euro Liquid Environmentally Aware Fund	*Annual expense capped at 0.03% of NAV[1]*
BlackRock ICS Euro Liquidity Fund	*Annual expense capped at 0.03% of NAV[1]*
BlackRock ICS Sterling Liquid Environmentally Aware Fund	*Annual expense capped at 0.03% of NAV[1]*
BlackRock ICS Sterling Liquidity Fund	*Annual expense capped at 0.03% of NAV[1]*
BlackRock ICS US Dollar Liquid Environmentally Aware Fund	*Annual expense capped at 0.03% of NAV[1]*
BlackRock ICS US Dollar Liquidity Fund	*Annual expense capped at 0.03% of NAV[1]*
Investment Company – UCITS authorised in Germany by Federal Agency for Financial Services Supervision (BaFin)	
iShares MSCI Brazil UCITS ETF (DE)	*Annual expense capped at 0.27% of NAV[1]*

× Values which are less than 500 in each Fund's base currency, have been rounded down to zero.

Significant investors

As at 31 May 2026 and 31 May 2025, each Fund has a single shareholder which is a nominee of the common depository for the International Central Securities Depositaries ("ICSDs") in which the shares of the Funds are cleared and settled. However, the beneficial ownership of such shares, and the voting rights in relation to such shares, are passed from the common depositary to the ICSDs and onwards to the participants of the ICSDs.

Securities lending

All revenue generated from securities lending activities during the financial year net of the Securities Lending Agent's fee will be returned to the relevant Fund (see further the operating income note). If there is securities lending revenue generated, the Securities Lending Agent will receive a fee of 37.5% of such securities lending revenue and will pay any third party operational and administrative costs associated with, and incurred in respect of, such activity, out of its fee. To the extent that the securities lending costs payable to third parties exceed the fee received by the Securities Lending Agent, the Securities Lending Agent will discharge any excess amounts out of its own assets.

Other reimbursements

During the financial year, no Funds within the Entity received reimbursements from a BlackRock Group affiliated entity for penalties charged to the Funds by Central Securities Depositories for delays in security settlements (31 May 2025: Nil).

No provisions have been recognised by the Funds against amounts due from related parties at the financial year end date (31 May 2025: Nil).

No amounts have been written off in the financial year in respect of amounts due to or from related parties (31 May 2025: Nil).

No commitments secured or unsecured or guarantees have been entered into with related parties during the financial year (31 May 2025: Nil).

17. Commitments and contingent liabilities

There were no significant commitments or contingent liabilities at the financial years ended 31 May 2026 and 31 May 2025.

18. Statutory information

The following fees were included in management fees for the financial year:

	2026 EUR'000	2025 EUR'000
Directors' fees	(89)	(89)
Audit fees (including expenses) relating to the audit of the annual financial statements	(534)	(523)
Audit fees relating to other assurance services	(3)	-

Directors' fees will not exceed the sum of EUR40,000 per annum per Director without the approval of the Board of Directors. There were no other assurance, tax, advisory or non-audit fees other than the audit fees disclosed above paid to Deloitte Ireland LLP in Dublin, Ireland as the Statutory Auditor of the Entity as no other services were provided.

19. Subsequent events

On 2 June 2026, an updated prospectus was issued by the Entity to include iShares Space Technologies UCITS ETF.

On 5 June 2026, iShares Space Technologies UCITS ETF was launched.

On 22 June 2026, an updated prospectus was issued by the Entity to update benchmark index description for iShares Quantum Computing UCITS ETF and to update the primary market initial dealing timetable.

On 29 June 2026, an updated prospectus was issued by the Entity to update investment policy from non-replicating to replicating strategy for following funds: iShares Edge MSCI Europe Quality Factor UCITS ETF, iShares Edge MSCI World Value Factor UCITS ETF, iShares MSCI EMU CTB Enhanced ESG UCITS ETF and iShares MSCI EMU Screened UCITS ETF.

On 27 July 2026, an updated prospectus was issued by the Entity to update the primary market initial dealing timetable for iShares MSCI USA Quality Factor Advanced UCITS ETF.

On 31 July 2026, an updated prospectus was issued by the Entity to re-update the primary market initial dealing timetable for iShares MSCI USA Quality Factor Advanced UCITS ETF and to update the minimum % of net asset value invested in equities for iShares MSCI China Tech UCITS ETF.

Other than the above, there have been no events subsequent to the financial year end, which, in the opinion of the Directors, may have had an impact on the financial statements for the financial year ended 31 May 2026.

20. Approval date

The financial statements were approved by the Directors on 26 August 2026.

~ Investment in related party.

^ These securities are partially or fully transferred as securities lent.

× Investments which are less than USD 500 have been rounded down to zero.

Ø Forward currency contracts held with one counterparty that have the same buy currency, sell currency and maturity date are presented on an aggregate basis where applicable. There is no netting of asset and liability positions.

Analysis of total assets	% of total asset value
Transferable securities admitted to an official stock exchange listing or dealt in on a regulated market	96.78
Over-the-counter financial derivative instruments	0.02
Other assets	3.20
Total assets	**100.00**

Underlying exposure

The following table details the value on a gross absolute basis of the underlying exposure obtained through financial derivative instruments as at 31 May 2026.

Financial derivative instruments	Underlying exposure USD'000
Over-the-counter forward currency contracts	2,371,799
