¹The Fund estimates that it has distributed more than its income and net-realized capital gains in the current fiscal year; therefore, a portion of your distribution may be a return of capital. A return of capital may occur, for example, when some or all of the shareholder's investment is paid back to the shareholder. A return of capital distribution does not necessarily reflect the Fund's investment performance and should not be confused with 'yield' or 'income'. When distributions exceed total return performance, the difference will reduce the Fund's net asset value per share.

The amounts and sources of distributions reported are only estimates and are being provided to you pursuant to regulatory requirements and are not being provided for tax reporting purposes. The actual amounts and sources of the amounts for tax reporting purposes will depend upon each Fund's investment experience during the remainder of its fiscal year and may be subject to changes based on tax regulations. The Fund will send you a Form 1099-DIV for the calendar year that will tell you how to report these distributions for federal income tax purposes.

* Portfolio launched within the past 5 years; the performance and distribution rate information presented for this Fund reflects data from inception to 1/31/2021.

Shareholders should not draw any conclusions about a Fund's investment performance from the amount of the Fund's current distributions or from the terms of the Fund's Plan.

BKT has adopted a Plan whereby beginning August 2018 the Fund will make fixed monthly distributions to common stockholders and will distribute all available net income to its stockholders, consistent with its investment objective and as required by the Code. **The fixed amount distributed per share is subject to change at the discretion of BKT's Board.** If sufficient net income is not available on a monthly basis, the Fund will distribute long-term capital gains and/or return capital to its stockholders in order to maintain a level distribution. The Fund is currently not relying on any exemptive relief from Section 19(b) of the Investment Company Act of 1940, as amended (the "1940 Act"). The Fund expects that distributions under the Plan will exceed current income and capital gains and therefore will likely include a return of capital. BKT may make additional distributions from time to time, including additional capital gain distributions at the end of the taxable year, if required to meet requirements imposed by the Code and/or the 1940 Act.

BKT's estimated sources of the distributions paid as of February 26, 2021 and for its current fiscal year are as follows:

Estimated Allocations as of February 26, 2021

Fund	Distribution	Net Income	Net Realized Short-Term Gains	Net Realized Long-Term Gains	Return of Capital
BKT	\$0.034400	\$0.034400 (100%)	\$0 (0%)	\$0 (0%)	\$0 (0%)

Estimated Allocations for the Fiscal Year through February 26, 2021

BKT	\$0.034400	\$0.034400 (100%)	\$0 (0%)	\$0 (0%)	\$0 (0%)

The amounts and sources of distributions reported are only estimates and are being provided to you pursuant to regulatory requirements and are not being provided for tax reporting purposes. The actual amounts and sources of the amounts for tax reporting purposes will depend upon BKT's investment experience during the remainder of its fiscal year and may be subject to changes based on tax regulations. BKT will send its stockholders a Form 1099-DIV for the calendar year that will illustrate how to report these distributions for federal income tax purposes.

Fund Performance and Distribution Rate Information:

Fund	Average annual total return (in relation to NAV) for the 5-year period ending on 1/31/2021	Annualized current distribution rate expressed as a percentage of NAV as of 1/31/2021	Cumulative total return (in relation to NAV) for the fiscal year through 1/31/2021	Cumulative fiscal year distributions as a percentage of NAV as 1/31/2021
BKT	3.52%	6.66%	0.32%	0.55%

No conclusions should be drawn about BKT's investment performance from the amount of the Fund's distributions or from the terms of the Fund's Plan.

The amount distributed per share under a Plan is subject to change at the discretion of the applicable Fund's Board. Each Plan will be subject to ongoing review by the Board to determine whether the Plan should be continued, modified or terminated. The Board may amend the terms of a Plan or suspend or terminate a Plan at any time without prior notice to the Fund's shareholders if it deems such actions to be in the best interest of the Fund or its shareholders. The amendment or termination of a Plan could have an adverse effect on the market price of the Fund's shares.
